The minimum threshold is defined as a tax position that is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. The Organization has no tax penalties or interest reported in the accompanying consolidated financial statements. Tax years that remain open for examination include years ended June 30, 2011 through June 30, 2014.
