## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Project Return, Inc.

We have audited the accompanying financial statements of Project Return, Inc. (the "Agency"), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Project Return, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## INDEPENDENT AUDITORS' REPORT (CONTINUED)

### Other Matters

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated September 22, 2014, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency's internal control over financial reporting and compliance.

**PROJECT RETURN, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

**NOTE 1 - AGENCY AND NATURE OF ACTIVITIES**

Project Return, Inc. (the "Agency") is a Tennessee not-for-profit corporation which provides counseling and the teaching of job skills to prisoners in conjunction with their release from institutional custody and return to society. The Agency is supported primarily through federal and state government financial assistance awards and contractual agreements, an appropriation from the State of Tennessee, corporate and foundation grants, and private contributions.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosures of commitments and contingencies. Actual results could differ from those estimates.

Cash

Cash includes checking and money market deposits held by financial institutions.

Property and Equipment and Depreciation

It is the Agency's policy to capitalize all property and equipment over \$1,000. Furniture and equipment acquisitions are recorded at cost. Donations of property and equipment are recorded as revenues at their estimated fair value. Such donations are reported as unrestricted revenues unless the donor has restricted the donated asset to a specific purpose. When depreciable assets are disposed of, the cost and related accumulated depreciation are removed from the accounts, and any gain (except on trade-in) or loss is included in the statements of activities and changes in net assets and the statements of functional expenses for the period. A gain on trade-in is applied to reduce the cost of the new acquisition. Depreciation is provided over the estimated useful lives of the assets ranging from five to ten years and computed on the straight-line method.

**PROJECT RETURN, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Contributions and Support and Receivables

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a restriction is fulfilled (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Financial assistance awards revenue is recognized in the period a liability is incurred for eligible expenditures under the terms of the grant agreements. Financial assistance awards received prior to expenditure are recorded initially as grantor advances.

Contractual agreements revenue is recognized in the period the services are performed.

The Agency uses the allowance method to determine uncollectible receivables related to contributions and support receivables. The allowance is based on prior years' experience and management's analysis of specific promises made. No allowance was deemed necessary as of June 30, 2014 and 2013. All receivables are classified as current as they are expected to be collected within one year.

Donated Goods and Services

Donated goods are recorded at fair value in the period the gift is received. Donated services are recognized if they create or enhance non-financial assets or the donated service requires specialized skills, was performed by the donor who possesses such skills, and would have been purchased by the Agency if not provided by the donor. Such services are recognized at fair value as support and expense in the period the services are performed.

**PROJECT RETURN, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Income Taxes

The Agency is exempt from federal and state income taxes under Internal Revenue Code Section 501 (c)(3) and the tax laws of the state of Tennessee.

Accounting principles generally accepted in the United States of America require the Agency to evaluate tax positions taken by the Agency and recognize a tax liability (or asset) if the Agency has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The management has analyzed the tax positions taken by the Agency and has concluded that as of June 30, 2014 no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Agency is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Agency is no longer subject to U.S. federal income tax examinations by tax authorities for years ended June 30, 2011.

Functional Allocation of Expenses

The following program and supporting services classifications are included in the accompanying financial statements.

Program services consist of an adult program, which provides direct referrals to employment services, educates the public regarding criminal justice issues, and supports successful transitions back into the community through life skills training.

Management and general includes the functions necessary to ensure an adequate working environment. These costs are not identifiable with a particular program or with fundraising but are indispensable to the conduct of those activities and are essential to the Agency. Specific activities include oversight, business management, budgeting, recordkeeping, financing, and other administrative activities.

Fundraising includes costs of activities directed toward appeals for financial support including special events. Other activities include the cost of solicitation and creation and distribution of fundraising materials.

Expenses that can be directly attributed to a particular function are charged to that function. Certain costs have been allocated among more than one program or activity based on objectively evaluated financial and nonfinancial data or subjective methods determined by management.

**PROJECT RETURN, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

**NOTE 3 - PROPERTY AND EQUIPMENT**

Property and equipment consist of the following:

	2014	2013
Furniture and equipment	\$ 44,327	\$ 44,327
Vehicles	79,650	-
	<u>123,977</u>	<u>44,327</u>
Less accumulated depreciation	<u>(43,632)</u>	<u>(36,473)</u>
	<u><u>\$ 80,345</u></u>	<u><u>\$ 7,854</u></u>

Depreciation expense was \$7,159 and \$7,453 for 2014 and 2013 respectively

**NOTE 4 - REVOLVING LINE OF CREDIT**

The Agency has a \$65,000 open end revolving line of credit with a bank that is payable on demand. Interest is payable monthly on the outstanding principal balance at the bank's index rate plus 1%. The credit line is secured by substantially all assets of the Agency, and the Agency has granted a security interest in all deposits maintained by the Agency with the bank. There were no outstanding balances as of June 30, 2014 and 2013.

**NOTE 5 - RESTRICTED NET ASSETS**

The temporary restrictions on net assets at June 30, 2014 are attributable to a capital asset acquisition and maintenance grant.

The temporary restrictions on net assets at June 30, 2013 are attributable to a technology grant. All of the money associated with this grant has been expended.

There were no permanently restricted net assets as of June 30, 2014 and 2013.

**PROJECT RETURN, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

**NOTE 6 - DONATED GOODS AND SERVICES**

In-kind contributions of food and supplies totaling \$16,068 and \$14,785 have been included in unrestricted support and revenues and unrestricted functional expenses in the financial statements for the years ended June 30, 2014 and 2013 respectively.

**NOTE 7 - CONCENTRATIONS AND CREDIT RISK**

Financial assistance awards, contractual agreements and appropriations comprised 75% and 82% of the Agency's total support and revenues for the year ended June 30, 2014 and 2013 respectively. Three grants comprise 60% of total support and revenues for 2014 and 2013. In 2014, the Agency started offering contract services which now account for 10% of total revenue.

Financial instruments that potentially subject the Agency to concentrations of credit risk include receivables from financial assistance awards and contractual agreements and support received from these agencies, corporate and foundation grants and contributions. Substantially all receivables for the years ended June 30, 2014 and 2013 were from these sources.

**NOTE 8 - LEASING ARRANGEMENTS**

The Agency entered in a 60 month operating lease for office space on January 1, 2014.

During the year ended June 30, 2013, the Agency disposed of office equipment accounted for as a capital lease recognizing a loss on disposal of \$2,423.

The Agency has an operating lease for the office building and certain office equipment. A schedule of future minimum lease payments under these operating leases are as follows for the years ending June 30:

2015	\$ 42,576
2016	43,620
2017	43,986
2018	39,396
2019	17,628
	<u>\$ 187,206</u>

Rental expense for office equipment and office space was \$61,736 and \$59,495 for the years ended June 30, 2014 and 2013 respectively.

**PROJECT RETURN, INC.**  
**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**YEARS ENDED JUNE 30, 2014 AND 2013**

**NOTE 9 - COMMITMENTS AND CONTINGENCIES**

The Agency has received various government grants for specific purposes that are subject to review and audit by grantor agencies. Although such audits could result in disallowance of expenditures, management believes that any required reimbursements would not be significant. Accordingly, no provision has been made for any potential reimbursements to grantors.

**NOTE 10 - EVALUATION OF SUBSEQUENT EVENTS**

The Agency has evaluated subsequent events through September 22, 2014 which is the date the financial statements were available to be issued.

To the Board of Directors  
Project Return, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Agency (a non-for-profit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 22, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT  
AUDITING STANDARDS (CONTINUED)**

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT  
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
OMB CIRCULAR A-133**

To the Board of Directors  
Project Return, Inc.

**Report on Compliance for Each Major Federal Program**

We have audited the Agency's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the Agency's major federal programs for the year ended June 30, 2014. The Agency's major federal programs are identified in the summary of Auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

**Opinion on Each Major Federal Program**

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT  
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
OMB CIRCULAR A-133 (CONTINUED)**

**Report on Internal Control Over Compliance**

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
