#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Stop Hunger Now, Inc. (a nonprofit organization) which comprise the statement of financial position as of December 31, 2013, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stop Hunger Now, Inc. as of December 31, 2013, and the changes in its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

# Stop Hunger Now, Inc. Notes to Financial Statements December 31, 2013 and 2012

#### Note 1. Nature of Activities and Significant Policies

#### **Nature of activities:**

Stop Hunger Now, Inc. (the Organization) is a non-profit international hunger relief organization incorporated under the laws of Delaware. The Organization is driven by a vision of a world without hunger and a mission to end hunger in our lifetime by providing food and life-saving aid to the world's most vulnerable and by creating a global commitment to mobilize the necessary resources.

The Organization furthers its mission by involving volunteers in the fight against hunger and educating them about hunger through its meal packaging program, procuring and donating in-kind aid that is distributed to those in need, supporting the formation of independent and non-governmental ("NGO") affiliates in key geographies worldwide, and making cash grants to recipient organizations.

Stop Hunger Now's meal packaging program provides volunteers the opportunity to package dehydrated, high protein, and highly nutritious meals that are used in crisis situations and in school feeding programs for schools and orphanages in developing countries around the world. In 2013, approximately 145,000 volunteers packaged 41.95 million meals, which were shipped to recipients in 30 countries. In 2012, approximately 87,000 volunteers packaged more than 26 million meals, which were shipped to recipients in thirty-nine countries. During 2013, the Organization opened new packaging locations near Dallas, Texas, and Salt Lake City, Utah and closed packaging locations near Phoenix, Arizona and Minneapolis, Minnesota.

Stop Hunger Now is committed to sending essential aid appropriate for hospitals and clinics in impoverished communities, school and orphanage feeding programs, and disaster relief to supplement the meal donations to our partners in developing countries. Donated products include items such as medicine, medical supplies, equipment, soap, and vitamins that can prevent the spread of disease and greatly improve the lives of those receiving them. Stop Hunger Now receives these essential supplies through bulk donations of new goods from corporations, USAID, charitable partners and private donors. In 2013, Stop Hunger Now sent more than \$9 million worth of donated goods to people in need around the world via 48 shipments to 16 different countries. In 2012, Stop Hunger Now sent more than \$7 million worth of donated goods to people in need around the world via 40 shipments to 13 different countries.

Since 2009, Stop Hunger Now has helped to found and support independent non-governmental affiliates in key geographies worldwide. Currently, Stop Hunger Now has affiliate relationships with Stop Hunger Now Southern Africa, Stop Hunger Now Italia, and Stop Hunger Now Philippines. Stop Hunger Now typically provides these NGOs, subject to a license agreement, access to Stop Hunger Now know-how, branding, and operational support. In return, these organizations typically pay an affiliate support or licensing fee. Additionally, Stop Hunger Now is currently negotiating an affiliate agreement with Stop Hunger Now Malaysia.

Stop Hunger Now understands that by providing people with the resources they need, they have an increased likelihood of becoming healthy, educated and self-sufficient. With a secure supply chain that includes 17 staffed warehouses in the United States and trusted, fully-vetted aid distribution partners, Stop Hunger Now is in a unique position to receive, track and send aid that can transform lives.

Notes to Financial Statements

#### Note 1. Nature of Activities and Significant Policies, Continued

#### **Basis of accounting:**

The financial statements of Stop Hunger Now, Inc. have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

#### **Net assets:**

Net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization and/or the passage of time.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. The Organization currently has no permanently restricted net assets.

#### Cash and cash equivalents:

The Organization considers all interest bearing investments due on demand and all debt instruments purchased with a maturity of three months or less to be cash equivalents.

#### Concentration of credit risks

Cash and cash equivalents are maintained at financial institutions and, at times, balances may exceed federally insured limits. The Organization has never experienced any losses related to these balances. All non-interest bearing cash balances were fully insured at December 31, 2012 due to a temporary federal program in effect from December 31, 2010 through December 31, 2012. Beginning in 2013, insurance coverage reverted to \$250,000 per depositor at each financial institution. Interest-bearing amounts on deposit in excess of federally insured limits as of December 31, 2013 and 2012 approximated \$1,133,149 and \$20,322, respectively.

The Organization's meal packaging program produces individual meals consisting of rice, soy, dried vegetables, flavoring, and 21 essential vitamins and minerals. These raw materials are subject to global commodity price fluctuations. The Organization's ability to maintain or expand its meal packaging program is dependent upon the Organization's ability to provide these raw materials at economically favorable prices.

Financial instruments which potentially subject the Organization to concentrations of credit risk consist primarily of trade receivables. The Organization's trade receivables consist of amounts due from business entities as well as religious and civic organizations. As of December 31, 2013, 27% of trade receivables pertained to business entities and 59% related to religious and civic organizations. As of December 31, 2012, 36% of trade receivables pertained to business entities and 52% related to religious and civic organizations. At December 31, 2013, one religious and civic organization comprised 11% of total receivables. There was no single entity that comprised greater than 10% of total receivables at December 31, 2012.

#### Note 1. Nature of Activities and Significant Policies, Continued

#### Support and revenues:

#### Contributions:

The Organization follows Accounting Standards Codification 605-10-15 *Revenue Recognition*. In accordance with ASC 605-10-15, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Revenue is recognized when earned and support when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of donated assets is transferred to the Organization. Gifts-in-kind (including inventory, property, and equipment) are recorded at fair value at the date of the gift.

Unearned revenue represents revenues received in advance of meal packaging events. These revenues are recognized once the meal packaging event has occurred.

Contributions other than gifts-in-kind are primarily cash contributions that are derived from ongoing fundraising. All contributions are considered to be available for unrestricted use unless specifically designated by the donor.

Donated inventory (consisting of medicines, medical supplies, and other supplies) is recorded as inventory and contribution revenue at its estimated fair value at the date received, taking into consideration inventory condition and utility for use. All donated inventory is received from private organizations and is considered to be unrestricted support unless the inventory explicitly contains donor restrictions. The Organization only records the value of donated inventory in which they were either the original recipient of the gift, were involved in partnership with another organization for distribution internationally, or used in the Organization's programs.

The Organization determines estimated fair value in accordance with fair value measurement accounting standards.

In general, the Organization values donated medicine and supplies at its estimated fair value based on third party published data including the Wholesale Acquisition Cost (WAC), which is representative of fair market value and recognized as industry standard.

#### **Donated Services:**

Donated services are recognized as contributions in accordance with ASC 605-10-15, if the services (a) create or enhance non-financial assets, or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization.

A substantial number of unpaid volunteers have made significant contributions of their time to the Organization's program services. The financial statements do not recognize the value of these donated services as such services do not meet the recognition requirements under the Contributed Services topic of the Financial Accounting Standards Board Accounting Codification (ASC).

#### Donated Assets:

Donated marketable securities and other non-cash donations, including property and equipment, are recorded as contributions at their estimated fair values at the date of donation.
