INDEPENDENT AUDITORS' REPORT

To the Board of Trustees United Way of Middle Tennessee, Inc.

We have audited the accompanying statements of financial position of United Way of Middle Tennessee, Inc. (the "Organization") as of December 31, 2010 and 2009, and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures under the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Middle Tennessee, Inc. as of December 31, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated August 2, 2011, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements of United Way of Middle Tennessee, Inc. taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

General

United Way of Middle Tennessee, Inc. (d/b/a United Way of Metropolitan Nashville in Davidson County and United Way of Cheatham County in Cheatham County) (collectively the "Organization" or "United Way") are tax exempt publicly supported organizations that bring people and organizations together to create solutions for the community's most complex issues in the areas of education, financial stability and health. The Organization is governed by a volunteer Board of Trustees composed of a cross section of community and business leaders.

The Organization, whose antecedents date back to the Community Chest of Nashville formed in 1922, was incorporated as The United Givers Fund of Nashville and Davidson County on May 21, 1954.

Basis of Presentation

The accompanying financial statements present the financial position and changes in net assets of the Organization on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Resources are classified as unrestricted, temporarily restricted or permanently restricted net assets, based on the existence or absence of donor-imposed restrictions, as follows:

- Unrestricted net assets are free of donor-imposed restrictions. All revenues, gains and losses that are not temporarily or permanently restricted by donors are included in this classification. All expenditures are reported in the unrestricted class of net assets, since the use of restricted contributions in accordance with the donors' stipulations results in the release of the restriction.
- Temporarily restricted net assets are limited as to use by donor-imposed restrictions that expire with the passage of time or that can be satisfied by use for the specific purpose.
- Permanently restricted net assets are amounts required by donors to be held in perpetuity, including gifts requiring that the principal be invested and the income or specific portions thereof be used for operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions, Pledges Receivable, Campaign Expenses, and Program Investments

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Campaigns are conducted beginning in the third quarter of each year to raise support for program investments in participating agencies in the subsequent year. Pledges receivable are recognized in the period received, with an allowance provided for estimated uncollectible accounts. The allowance for uncollectible accounts is computed based on a three-year historical average write-off percentage, adjusted by management estimates of current economic factors, applied to gross campaign including donor designations.

Campaign support pledged is recognized as an increase in temporarily restricted net assets until the year of investment. All contributions are considered available for use as approved by the Board of Trustees unless specifically restricted or designated by the donor. Campaign pledges designated by donors to specific agencies or other United Way organizations are considered to be agency-type transactions and are not included in net revenues or expenses of the Organization. Campaign expenses for annual campaigns are recognized in the period incurred. The Organization honors designations made by donors to each member organization by distributing a proportionate share of receipts based on donor designations to each organization.

Program investments in partner agencies are recognized as program service expenses in the period approved by the Board of Trustees, and corresponding to the period of the release of time restrictions for related campaign pledges.

Grant revenue from federal and state government agencies is recognized in the period a liability is incurred for eligible expenditures under the terms of the grant. Grant funds received prior to expenditure are recorded initially as an advance from the grantor under liabilities. Federal and state grant funds paid to subrecipient agencies are recognized as grant expenses in the period a liability is incurred for eligible expenditures by the subrecipient. Grant program funds paid to subrecipient agencies prior to expenditure by the agency are reported under assets as refundable advances to the subrecipients.

Expenditures related to federal and state contracts are subject to adjustment upon review by the granting agencies. It is management's assessment that the amounts, if any, of expenditures which may be disallowed would not have a material effect on the Organization's financial position.

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits with banks and money market funds with original maturities when purchased of 90 days or less.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Investments</u>

Investments consist of money market, mutual funds, equity securities, fixed income securities and a commodity fund and are carried at the quoted fair market value of the securities on the last business day of the reporting period. Net realized and unrealized gains and losses are reported in the statement of activities. Investments received by gift are recorded as support at the market or appraised value at the date of receipt.

Property and Equipment

Property and equipment are reported at cost at the date of purchase or at estimated fair value at date of gift to the Organization. The United Way's policy is to capitalize purchases with a cost of \$500 or more and an estimated useful life greater than one year. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets, which range thirty years for buildings and three to five years for the majority of building improvements and equipment.

Program and Supporting Services

The following program and supporting services are included in the accompanying financial statements:

Program Services:

<u>Program Investments and Designations to Direct Service Providers</u> - includes activities funded by the annual campaign for outcome-based investments in agency programs, coordination and administration of Family Resource Centers, support of the 2-1-1 community information line, program investments in the Read to Succeed initiative, and other program investments.

<u>Less Donor Designations</u> - represents the gross amount of campaign funding designated by the donor and held in an agency capacity by the Organization.

<u>Net Program Investments</u> - includes the net amounts provided to agencies and program investments from unrestricted campaign funds.

<u>Community Building</u> - includes activities funded by the annual campaign related to planning, oversight, administration of outcome-based investments, and support for the Family Resource Center system.

<u>Grants and Initiatives</u> - includes activities that deliver services funded by sources other than the annual campaign, such as the Ryan White/Community AIDS Partnership, Early Reading First and Read to Succeed, 2-1-1, the Nashville Alliance for Financial Independence, Teacher Effectiveness, Restore the Dream and Disaster Relief.

Program and Supporting Services (Continued)

Supporting Services:

Management and General - relates to the overall direction of the Organization. These expenses are not identifiable with a particular program or event or with fundraising, but are indispensable to the conduct of those activities and are essential to the Organization. Specific activities include organization oversight, business management, human resources, finance, budgeting, information technology, and other administrative activities.

<u>Fundraising and Marketing</u> - includes costs of activities directed toward appeals for financial support. Other activities include the cost of solicitations and creation and distribution of fundraising materials.

Allocation of Functional Expenses

Expenses that can be directly attributed to a particular function are charged to that function. Certain costs have been allocated among more than one program or activity based on objectively evaluated financial and nonfinancial data or reasonable subjective methods determined by management.

Fair Value Measurements

The Organization classifies its investments based on a hierarchy consisting of: Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market but for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs).

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Investments - Fair values for investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Fair values for investments in U.S. Treasury securities, debt obligations and mortgage-backed securities are based primarily on other observable values, such as interest rates and yield curves.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Cash Surrender Value of Donated Life Insurance - Cash surrender value of life insurance is reported at fair value using Level 2 inputs. The Organization obtains valuations from the insurance broker based on the value of the policy if it were converted to cash as of the valuation date.

No changes in the valuation methodologies have been made since the prior year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methodologies are appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Service Fees

Service fees are amounts charged by the Organization for raising, processing and transferring donor-designated gifts to agencies and other United Way organizations. Donor-designated pledges are assessed both a fundraising and a management and general fee based on actual historical costs in accordance with United Way of America's Membership Requirements as outlined in its publication titled *Cost Deduction Requirements for Membership Requirement M*. The Organization is committed to complying with that requirement in assessing these service fees. Amounts designated by donors are presented at the gross amount in the statement of activities prior to such charges.

Printing and Promotional

Advertising costs are expensed as incurred. Advertising expense in the amount of \$465,706 was incurred for the year ended December 31, 2010 (\$496,182 for the year ended December 31, 2009).

Donated Services and In-Kind Contributions

A large number of volunteers donate substantial amounts of time toward the annual campaign and the various community activities; however, no values for in-kind amounts have been included in the financial statements since there is no objective basis by which to measure such values. Donated property and other in-kind contributions are recognized in the financial statements at fair value when received.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Endowment Income Distribution Policy

The Organization's policy is to distribute a portion of the endowment income to support current operational needs. This policy is designed to insulate operational programs from capital market fluctuations. Under this policy, endowment income distributions are based on an amount approved in advance by the Board. Actual endowment return earned in excess of or less than the spending rate is reported separately in the statement of activities.

Income Taxes

The Organization qualifies as a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, income taxes are not provided.

The Organization files a U.S. federal Form 990 for organizations exempt from income tax. The Organization's returns for years prior to fiscal year 2007 are closed.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made in the 2009 financial statements to conform to the 2010 presentation. These reclassifications had no effect on the results of operations previously reported.

Events Occurring After Reporting Date

The Organization has evaluated events and transactions that occurred between December 31, 2010 and August 2, 2011, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 2 - CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Organization to concentrations of credit risk consist of cash and cash equivalents, various grants, pledges receivable and investments. The Organization's cash deposits are with financial institutions, investment companies and trusts and may at times exceed federal insured amounts. Pledges receivable consist of corporate and individual pledges for the annual campaign, which are widely dispersed to mitigate credit risk. Grant receivables represent concentrations of credit risk to the extent they are receivable from concentrated sources.

The Organization maintains cash accounts at financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation up to federally insured limits. As of December 31, 2010, all depositor accounts were fully insured.

Securities held in a broker/dealer account are insured by the Securities Investor Protection Corporation (SIPC), up to \$500,000 per broker/dealer, in certain circumstances such as fraud or failure of the institution. Accounts held by one broker/dealer, which exceed SIPC limits, are covered by an additional \$124.5 million of insurance through Lloyd's of London. Accounts held by a trust are covered by error and omissions insurance up to the full amount invested. The SIPC and additional insurance protection do not insure against market risk.

NOTE 7 - EMPLOYEE RETIREMENT PLANS

The Organization contributes to a defined benefit pension plan covering substantially all of its salaried employees who have completed one year of service and are at least 21 years of age. There are no contributions required to be paid to the plan by the Organization during the next fiscal year. The Organization expects to make a discretionary contribution equal to 2% of eligible salaries in 2011, or approximately \$55,000.

The following tables present the plan's funded status and the components of net periodic pension cost as of and for the years ended December 31:

Obligations and Funded Status	2010	2009
Benefit obligation Fair value of plan assets	\$ (3,420,838) 4,519,726	\$ (3,188,973) 4,154,156

NOTE 7 - EMPLOYEE RETIREMENT PLANS (CONTINUED)

The expected long-term rate of return on plan assets assumption of 8.5% was selected using the "building block" approach described by the Actuarial Standards Board in Actuarial Standards of Practice No. 27 - Selection of Economic Assumptions for Measuring Pension Obligations. Based on the Organization's investment policy for the pension plan in effect as of the beginning of each year, a best-estimate range was determined for both the real rate of return (net of inflation) and for inflation using 30-year period rolling averages. An average inflation rate within the range equal to 3.75% was selected and added to the real rate of return range to arrive at a best-estimate range of 6.86% - 9.41% for 2010 (7.05% - 9.21% for 2009). A rate near the midpoint of the best estimate range of 8.5% was selected each year.

At December 31, 2010 and 2009 (the measurement dates), plan assets are invested in separate pooled funds at a life insurance company, with asset class balances summarized as follows:

	2010			
Investment Type	Amount	Percentage of Plan Assets		
Equity securities	\$ 2,748,164	60.80 %		
Fixed income securities	1,683,716	37.26 %

NOTE 7 - EMPLOYEE RETIREMENT PLANS (CONTINUED)

The Organization's defined benefit pension plan investment policy has a target allocation percentage of 60% equity and 40% fixed income. The actual ratio at any particular time is expected to vary somewhat from the guideline ratio. The investment objective for the plan is to achieve an average annual rate of return (net of investment management expense) over a three-to-five year period which exceeds a composite market index comprised of the Standard & Poor's 500 Composite Index, the Lehman Government/Credit Bond Index, and 90-day U.S. Treasury bills. The overall philosophy of the plan is to manage plan assets in a prudent, conservative, yet productive manner, with emphasis on preservation of capital and avoidance of excessive volatility in plan values.

No plan assets are expected to be returned to the Organization in 2011.

The following benefits are expected to be paid by the plan in the indicated years:

Year Ending December 31,

2011	\$ 317,000	
2012	-	
2013	171,000	
2014	249,000	
2015	22,000	
2016-2020	2,259,000	

The Organization also sponsors a Section 403(b) retirement plan. The plan requires the Organization to match an employee's deferral amount up to a maximum of 3% of each eligible employee's annual compensation. Employees are eligible to participate in the plan starting the first day of the month following employment. Participants' employer match accounts become vested incrementally over three years of service. Total employer contributions to this plan were \$33,329 in 2010 (\$43,039 in 2009).

NOTE 8 - ENDOWMENT FUNDS

Financial accounting standards provide guidance on the net asset classification of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). Financial accounting standards also requires additional disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2010 AND 2009

NOTE 8 - ENDOWMENT FUNDS (CONTINUED)

Interpretation of applicable law - The Board of Trustees has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. The Organization's endowment consists of two individual funds established for a variety of purposes. endowment consists of donor-restricted endowment funds only. The Organization's permanently restricted endowment funds are based on signed donor agreements which outline the spending policies described below. In the absence of such donor restrictions, the Organization would follow UPMIFA and the State of Tennessee's State Uniform Prudent Management of Institutional Funds Act (SUPMIFA). In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the Organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of the investments
- The investment policies of the Organization

<u>Spending policy</u> - The Organization has a policy of appropriating for distribution each year up to 5% of the three-year moving average of the endowment. The quarterly moving average method is used in order to smooth distributions from the endowment. The endowment value used in calculating the spending rate is determined based on a three-year moving average of quarterly endowment market values, with a budgeting lead of one year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2010 AND 2009

NOTE 8 - ENDOWMENT FUNDS (CONTINUED)

<u>Investment return objective, risk parameters and strategies</u> - The Organization has adopted investment and spending policies, approved by the Board of Trustees, to establish asset allocation targets, investment objectives and guidelines and the degree of investment risk the Trustees deems acceptable. The goal of the endowment is to exist in perpetuity, and therefore, provide for fund making in perpetuity. To attain this goal, the overriding objective of the endowment is to maintain purchasing power and, net of spending, to grow the aggregate portfolio value at the rate of inflation or greater over the endowments investment horizon. Specific performance standards have been formulated for the endowment. Underlying these standards is the belief that the management of the endowment should be directed toward achieving the following investment objectives:

- The endowment taken as a whole should achieve a minimum five-year return (income, realized capital gains and losses and unrealized capital gains and losses) equal to or higher than the five-year average of the three-month Treasury bill rate plus 300 basis points.
- The total endowment should outperform a weighted index (70/30 percent) of the Standard & Poor's 500 and Barclays Index over a five-year average.
- The return of the endowment manager(s) should fall at least in the top half of the second quartile of a universe of similarly weighted indices for one, three, and five-year returns. The universes are selected jointly by the Investment Managers and the Finance Committee.

Asset allocations are targeted at 72.5% equities, 25% fixed income and 2.5% alternative investments. Limits are in place as to the amount of stock that is invested in a single company to reduce the potential impact of losses on individual investments. Investment allocations are spread between cash equivalents, fixed income portfolios, equities, and commodities.

A schedule of endowment net asset composition by type of fund as of December 31 follows:

NOTE 13 - SUPPORTING SERVICES

Supporting services costs include management and general, fundraising and marketing, and dues to United Way of America. Those costs are presented in detail in the statement of functional expenses.

During 2003, United Way of America adopted a standard methodology for preparing the IRS Form 990 and utilizing it as the basis for calculating the "overhead rate." The overhead rate is calculated as the percentage of total supporting services costs to unrestricted revenues. The principal difference between total revenues reported per the financial statements and the Form 990 is the inclusion of donor designations. Form 990 provides for reporting the total campaign results as revenue. The table below details the overhead rate calculation in comparison with unrestricted revenue in the financial statements:

2010	Statement of Activities	Per Form 990		
Total unrestricted support and revenue	\$ 18,403,047			
Plus: Donor designations	4,309,182			
Adjusted total revenue	<u>\$ 22,712,229</u>	\$ 21,988,434		
Total supporting services costs	\$ 3,421,106	\$ 3,421,106		
Percent of adjusted total revenue	15.1%	15.6%		
	Statement of			
2009	Activities	Per Form 990		
Total unrestricted support and revenue	\$ 18,650,681			
Plus: Donor designations	4,681,608			
Adjusted total revenue	\$ 23,332,289	\$ 22,495,211		
Total supporting services costs	\$ 3,485,963	\$ 3,485,963		
Percent of adjusted total revenue	14.9%	15.5%		

Other differences in adjusted total revenue between the financial statements and the Form 990 result from: (1) the endowment gains (losses) exclusive of the spending rate, and the amount of unrealized gains (losses) therein; (2) the service fee income earned on donor designations; and (3) the bad debt allowance on donor designations. Changes in temporarily and permanently restricted net assets per the financial statements are reported on the Form 990 as other changes in net assets and not as revenues in the current year.

NOTE 14 - DISASTER RELIEF CONTRIBUTIONS

In May 2010, in response to the historic flooding that occurred in the Middle Tennessee area and throughout the state, United Way began receiving contributions for flood relief. The funds were received in the form of contributions made during the 2010 annual campaign, individual and corporate contributions, and a grant received from funds of the Metro Nashville Disaster Response Fund. The contributions received were distributed for use in two primary areas.

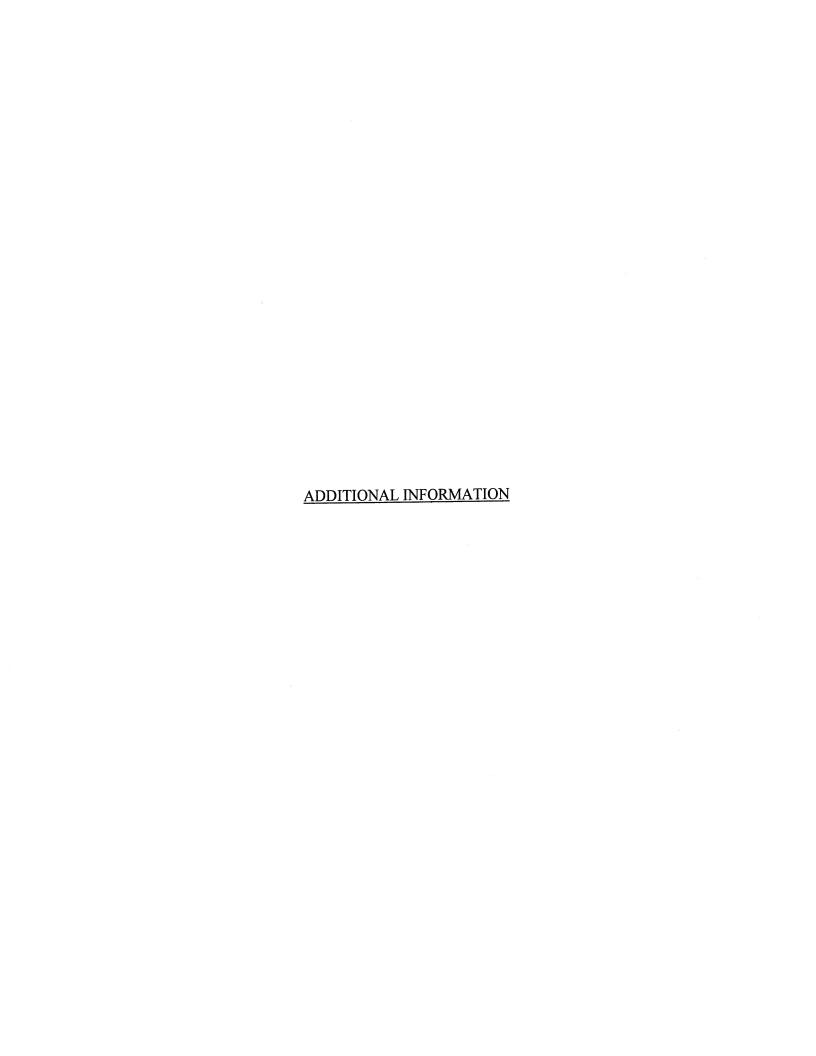

The first area was funded by contributions designated for the Restore the Dream Fund, which provided grants to non-profit organizations directly impacted by natural or man-made disasters or indirectly through increased operating expenses in their efforts to provide services to individuals affected by the disaster.

The second area of funding consisted of grants provided to five non-profit partner agencies to fund long-term case management at six Restore the Dream flood relief centers designed to service individuals and families recovering from the impact of the flood. These partner agencies are Catholic Charities, Conexion Americas, Mathew Walker Comprehensive Healthcare, Salvation Army and St. Luke's Community House. A summary of direct disaster relief activity for the year ended December 31, 2010 are as follows:

Disaster relief contributions

Grant from the Metro Nashville Disaster Response Fund Individual and corporate gifts	\$	315,000 700,305
Campaign contributions	_	1,015,305 126,171
	<u>\$</u>	1,141,476

NOTE 1 - BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards presents the grant activity of the United Way of Middle Tennessee, Inc. in accordance with accounting principles generally accepted in the United States of America, which is the same basis of accounting as the basic financial statements. This schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees United Way of Middle Tennessee, Inc.

We have audited the financial statements of United Way of Middle Tennessee, Inc. (the "Organization") as of and for the year ended December 31, 2010, and have issued our report thereon dated August 2, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Trustees, Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Trustees United Way of Middle Tennessee, Inc.

Compliance

We have audited the compliance of United Way of Middle Tennessee, Inc. (the "Organization") with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010. The Organization's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Organization's management. Our responsibility is to express an opinion on the Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with those requirements.

In our opinion, the Organization complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of United Way of Middle Tennessee, Inc. is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Organization's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Trustees, Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
