Notes to Financial Statements June 30, 2017

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Sumner County CASA, Inc. (the "Organization") trains and supervises volunteers who act as advocates for children involved in court proceedings primarily as a result of abuse and/or neglect. Services are provided to children in the Sumner County, Tennessee area.

Support for the Organization comes from grants from the cities of Hendersonville and Portland, fundraising, special events and individual contributions. The Organization also receives restricted grants from the Tennessee Commission on Children and Youth and the United Way of Sumner County for the payment of salaries.

The Board of Directors and management employees of the Organization acknowledge that, to the best of their ability, all assets received have been used for the purpose for which they were contributed, or have been accumulated to allow management to conduct the operations of the Organization as effectively and efficiently as possible.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Income Taxes

The organization is a not-for-profit organization that is exempt from income taxes under section 501(c) (3) of the Internal Revenue Code.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalent.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards FASB ASC 958-210, Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958-210, the Organization is required to report information regarding its financial position and activities according to three classes of net assets. In addition, the Organization is required to present a statement of cash flows. As permitted by the statement, the Organization has discontinued its use of fund accounting.

Property and Equipment

Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Notes to Financial Statements (continued) June 30, 2017

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT)

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction, unless the restriction is met in the same reporting period as the contribution. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions. When restrictions are met in the same reporting period as the contribution, the contribution is classified as unrestricted support.

Advertising Costs

All advertising costs are expensed as incurred.

Donated Materials

The basis of valuation of donated materials received is fair value, which is determined by communication with the organization that donated the materials.

Donated Services

During the year ended June 30, 2017, the value of contributed services meeting the requirement for recognition in the financial statements was not material, and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization with their assistance programs.

NOTE B - FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting services benefited.

NOTE C - RENTAL AGREEMENT

The Organization leases office space for \$900 per month on a month to month basis. There is no formal lease agreement in place for the lease of the space.

NOTE D - SUBSEQUENT EVENTS

The Organization has evaluated events through August 24, 2017, the date which the financial statements were available to be issued, and has determined no events have occurred which require disclosure in the financial statements.
