**INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Street Works, Inc.  
Nashville, Tennessee

**Report on the Financial Statements**

I have audited the accompanying financial statements of Street Works, Inc. (a Tennessee corporation – Not-for-Profit) which comprise the statement of financial position as of December 31, 2012, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Street Works, Inc. as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated September 27, 2013, on my consideration of Street Works, Inc.'s internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with *Government Auditing Standards* in considering Street Works, Inc.'s internal control over financial reporting and compliance.

A handwritten signature in black ink, appearing to read "D. R. Smith", is written over the printed name.

**STREET WORKS, INC.**  
**(A TENNESSEE CORPORATION - NOT-FOR-PROFIT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2012**

**(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

**Organizational Status**

Street Works, Inc., (the organization) was incorporated in the State of Tennessee in April, 2000 as a not-for-profit corporation. The organization's mission is to address health disparities and substance use to hard to reach populations in communities of color, specially those infected or affected by HIV/AIDS through education, prevention, care and advocacy.

**Financial Statement Presentations**

The financial statement presentation follows the recommendation of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statement of Not-for-Profit Organizations." Under SFAS No. 117 Street Works, Inc. is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, which represents the expendable resources that are available for operations at management's discretion; temporarily restricted net assets, which represents resources restricted by donors as to purpose or by the passage of time; and permanently restricted net assets, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the organization, Street Works, Inc. presently has no temporarily or permanently restricted net assets.

**Basis of Accounting**

The financial statements have been prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

**Revenue Recognition**

Street Works, Inc. recognizes contributions as revenue when the contributions are received. Grant funds are recognized as revenues when such funds are expended for their intended purpose.

**Cash and Cash Equivalents**

For the purposes of the statement of cash flows, Street Works, Inc. considers all investments with an original maturity of three months or less when purchased to be cash equivalents.

**Property and Equipment**

Property and equipment are recorded at cost. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets of five years. Donated fixed assets are valued at the fair market value of the assets at the date of donation.

**Statement of Functional Expenses**

The cost of providing various program and supporting services have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**Use of Estimates**

Preparation of Street Works, Inc. financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

**Tax Status**

Street Works, Inc. is a Tennessee not-for-profit corporation which is not classified as a private foundation by the Internal Revenue Service and is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. In addition, Street Works, Inc. qualifies for the charitable contribution deduction. The organization's tax returns for 2010, 2011 and 2012 are subject to routine audit by the Internal Revenue Service.

**(2) SIGNIFICANT FUNDING SOURCES:**

The organization's programs are supported almost entirely by grants from various governmental entities. A major reduction of funding from any of these sources, should this occur and not be replaced by other sources, may have a significant effect on future operations.

**(3) DONATED GOODS AND SERVICES:**

The organization occupies office space in a facility provided at a substantially reduced charge by the Metropolitan Development and Housing Authority (MDHA) under an annually renewable lease. MDHA also provides all applicable utilities, except telephone, for the office space.

The value of the donated space has been calculated by management based upon the approximate fair rental values of similar office space in the area (\$1,600 per month). This lease expires on September 30, 2013.

**(4) LINE OF CREDIT:**

The organization maintains a \$5,000 and a \$30,000 unsecured line of credit with SunTrust Bank, Nashville, Tennessee. The interest rates on these credit lines were 6.25% and 8.25%, respectively at December 31, 2012. Maximum borrowing for the year under these credit lines amounted to \$22,181, of which \$16,913 was outstanding at December 31, 2012.

**(5) RETIREMENT PLAN:**

The organization adopted a Simple IRA plan for all employees during the year. The organization will match 60% of all employee contributions up to a maximum of 5% of compensation. Total expense to the organization for the year was \$839.

**(6) SUBSEQUENT EVENTS:**

The organization has evaluated subsequent events through September 27, 2013, the date which the financial statements were available to be issued. No events have occurred which would have a material effect on the financial statements of the organization as of that date.

**DAVID P. GUENTHER**  
CERTIFIED PUBLIC ACCOUNTANT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Street Works, Inc.  
Nashville, Tennessee

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Street Works, Inc. (a Tennessee corporation – Not-for-Profit) which comprise the statement of financial position as of December 31, 2012, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended and the related notes to the financial statements and have issued my report thereon dated September 27, 2013.

**Internal Control Over Financial Reporting**

In planning and performing my audit of the financial statements, I considered Operation Street Works, Inc.'s internal control over financial reporting (internal control) to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Street Works, Inc.'s internal control. Accordingly, I do not express an opinion on the effectiveness of the Company's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. I did not identify any deficiencies in internal control that I consider to be material weaknesses or significant deficiencies, as defined above.

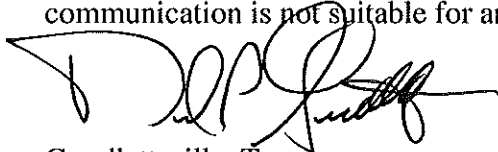

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Street Works, Inc.'s financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to be 'D. P. Smith', is written over the text 'Goodlettsville, Tennessee'.

Goodlettsville, Tennessee

September 27, 2013

**DAVID P. GUENTHER**  
CERTIFIED PUBLIC ACCOUNTANT

(615) 859-1932 FAX

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors  
Street Works, Inc.  
Nashville, Tennessee

**Report on Compliance for Each Major Federal Program**

I have audited Street Works, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Street Works' major federal programs for the year ended December 31, 2012. Street Works, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

**Auditor's Responsibility**

My responsibility is to express an opinion on compliance of each of Street Works' major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Street Works, Inc.'s compliance with those requirements and performing such other procedures, as I considered necessary in the circumstances.

## **Page 2**

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of Street Works, Inc.'s compliance.

### **Opinion on Each Major Federal Program.**

In my opinion, Street Works, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2012.

### **Other Matters**

The results of my auditing procedures disclosed no instance of noncompliance which are required to be reported in accordance with OMB Circular A-133.

### **Report on Internal Control Over Compliance**

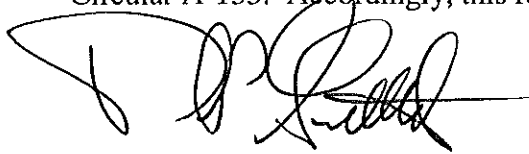

Management of Street Works, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered Street Works, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of Street Works' internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

**Page 3**

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink, appearing to be "J. M. R. Smith", written over a horizontal line.

**INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Street Works, Inc.  
Nashville, Tennessee

**Report on the Financial Statements**

I have audited the accompanying financial statements of Street Works, Inc. (a Tennessee corporation – Not-for-Profit) which comprise the statements of financial position as of December 31, 2012, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Street Works, Inc. as of December 31, 2012, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

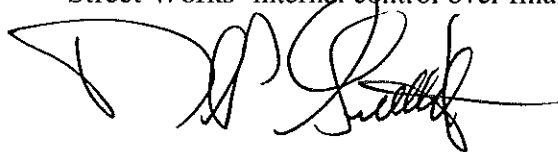

### **Other Matters**

#### *Other Information*

My audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued my report dated September 27, 2013, on my consideration of Street Works, Inc.'s internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with *Government Auditing Standards* in considering Street Works' internal control over financial reporting and compliance.
