#### NOTES TO FINANCIAL STATEMENTS

#### 1. ORGANIZATION AND NATURE OF BUSINESS

Williamson County Youth, Inc., a Tennessee not-for-profit corporation (the "Organization"), was organized to assist the youth of Williamson County, Tennessee by providing emergency shelter, food, clothing, counseling and other necessities. The Organization's primary source of revenue is a level two residential services contract; during the fiscal year ended June 30, 2008 there were three child care provider agencies referring children. Under the terms of the contract, the amount of funding received by the Organization is determined based on a daily cost rate per client served. Other sources of revenue include United Way allocations and donor contributions.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The financial statements of Williamson County Youth, Inc. have been prepared on the accrual basis of accounting. The financial statements reflect unrestricted, temporarily restricted, and permanently restricted net assets and activities. Net assets of the two restricted classes are created only by donor-imposed restrictions on their use. All other net assets, including board-designated amounts for improvement of property at 630 Eastview Dr. of \$87,000 as of June 30, 2008 and 2007, are reported as part of the unrestricted class. The Organization had no permanently restricted net assets at June 30, 2008 and 2007.

#### Concentration of Credit Risk

All of the Organization's cash is held in one financial institution. The Federal Deposit Insurance Corporation (FDIC) insures aggregate deposits up to \$100,000 per bank per depositor. At June 30, 2008 and 2007 deposits exceeded this limit by approximately \$79,000 and \$27,000 respectively. Typically, approximately forty to fifty percent of the Organization's revenue, (100% of its service fee revenue), is attributable to one source.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Promises to Give**

Unconditional promises to give are recognized as revenues in the period in which the promises are made. Conditional promises to give are recognized when the conditions on which they depend are substantially met. The Organization recognized unconditional promises to give of approximately \$60,000 in 2008 and \$62,000 in 2007. Promises to give are recorded at their net realizable value and are expected to be collected in less than one year.

#### NOTES TO FINANCIAL STATEMENTS

## SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Contracts Receivable

The Organization's management considers the contract receivable from the Middle Tennessee Collaborative to be fully collectible. Accordingly, no allowance for doubtful accounts is considered necessary. The Organization's policy regarding delinquent receivables is based on the age of the receivable and is charged off when management determines it to be uncollectible.

#### **Property and Equipment**

Property and equipment are reported at cost. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Property and equipment are depreciated principally using the straight-line method over their estimated useful lives ranging from five years for furniture and equipment and thirty-one to thirty-nine years for building property and additions.

#### **Long-lived Assets**

The Organization periodically reviews the values assigned to long-lived assets to determine if any impairments are other than temporary. Management believes that the long-lived assets in the accompanying statements of financial position are appropriately valued.

#### **Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and nature of any donor stipulations that limit the use of the donated assets either on a temporary or permanent basis. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. If a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

#### Functional Expense Allocation

The costs of providing various program and supporting services have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### **Income Taxes**

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.
