Meals/Catering	58,000

(355,465) See explanation below for budget deficit

Explanation for Budget Deficit:

- 1. Due to accounting principles, money must be booked in the year it was received.
- ~ SOTN received a three year gift of \$210,000 to support Health programming (\$70,000 per year). This money was received in 2019 to activate in 2020-2022.
- ~ Due to COVID constraints, SOTN was unable to use \$68,000 of the \$70,000 allocated for Health screenings in 2021.

 ~ We are budgeting a deficit of \$138,000 (\$68,000 + \$70,000) for health support in 2022 which will be shown in this budget as a deficit.
- 2. Due to COVID-19 restrictions, we were unable to use certain restricted grant funds to support in-person events in 2021. ~ These grants total \$17,500.

- 3. We are proposing an investment of \$200,000 per year for the next three years (2022-2024) to support and activate our 2022-2024 Strategic Plan.

 ~ These funds will allow Special Olympics to build capacity by hiring additional staff and contract services support.

 ~ The goal of this investment is to utilize the surplus dollars generated in 2021 (approximately \$600,000) to enable the organization to achieve specific objectives outlined in the Strategic Plan to propel the mission, generate new revenue, and raise awareness and opportunities for existing and future Special Olympics athletes.
