Independent Auditor's Report

To the Board of Directors The Musicians Hall of Fame and Museum 401 Gay Street Nashville, Tennessee 37219

We have audited the accompanying financial statements of The Musicians Hall of Fame and Museum (a nonprofit organization) which comprise the statement of financial position as of December 31, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

(Continued)

Independent Auditor's Report, continued

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Musicians Hall of Fame and Museum as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Who We Are and What We Do – The Musicians Hall of Fame and Museum was founded in July, 2003, and operates as a nonprofit organization under the laws of the State of Tennessee. We are a premier Nashville attraction and the only museum in the world that honors the talented musicians who played on the greatest recordings of all time. We are constantly adding new exhibits from all genres of music that capture the true essence of the history of music. We hosted over 74,000 visitors in 2019 and have experienced an average growth rate in attendance of over 35% since 2014. The Musicians Hall of Fame and Museum was selected to host a major international touring exhibit for five months during 2018, comprising one of the largest and most iconic collections of musical instruments, stage clothing, and other music memorabilia in the world.

The Grammy Museum Gallery at the Musicians Hall of Fame and Museum is an interactive facility for our visitors. It allows guests to explore the history of the Grammy Awards and gives all ages the opportunity to be onstage and interact with every aspect of the recording process. (See additionally, Note 9.)

The Musicians Hall of Fame and Museum is a true Nashville experience, steeped in music history both past and present. There is something of interest for everyone. We educate and inspire. We cultivate creativity. "Come See What You've Heard."

Basis of Accounting and Presentation – The financial statements of the Musicians Hall of Fame and Museum have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. Financial statement presentation follows the recommendations and requirements of the *Not-for-Profit Entities* Topic of the FASB Accounting Standards Codification. Pursuant to the Topic, the Musicians Hall of Fame and Museum is required to report information regarding its financial position and activities according to two classes of net assets: with restrictions and without restrictions.

Recognition of Donor Contributions and Support – Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Support that is free from donor-imposed restrictions is recognized as revenues and an increase in net assets without donor restrictions in the period it is earned. Donor-restricted support is recognized as an increase in net assets with donor restrictions. When a restriction expires, either with the passage of time or fulfillment of the specific purpose of the restricted donation, net assets with donor restrictions are reclassified to net assets without donor restrictions.

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents – For purposes of the statement of cash flows, the Musicians Hall of Fame and Museum considers money market funds and all highly liquid investments purchased and available for current use with an initial maturity of three months or less to be cash equivalents.

Accounts Receivable, trade – Trade accounts receivable are recorded when invoices are issued and are presented in the balance sheet net of any allowance for doubtful accounts. Management estimates accounts receivable that will not be collected based on the financial condition of its customers, prior experience, and existing economic conditions. Accounts receivable are written off when they are determined to be uncollectible. No allowance for doubtful accounts has been recorded at December 31, 2019 or 2018, because conditions for accrual of a loss contingency pursuant to the *Recognition* subtopic of ASC 450, *Contingencies*, have not been met. The Musicians Hall of Fame and Museum does not currently charge interest on any past due accounts.

Inventories – Inventories, principally consisting of gift shop merchandise available for sale, are stated at cost.

Property, Equipment and Artifacts Not Part of a Collection – The organization capitalizes acquisitions of property and equipment of at least \$1,000. Lesser amounts are expensed. Property, equipment and artifacts not part of a collection are reported at cost or, if donated, at the approximate fair value at the time of donation, and include improvements that significantly add to utility or extend useful lives, and the cost of major preservation and restoration of exhibits and artifacts not part of a collection. Costs of maintenance and repairs are charged to expense as incurred.

Donations of property and equipment are reported as contributions without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property, Equipment and Artifacts Not Part of a Collection (continued)

Office and other equipment, and furniture and fixtures are depreciated using accelerated methods over estimated useful lives of 5 to 7 years. Buildout costs and leasehold improvements are depreciated using the straight-line method over 31.5 or 39 years.

No depreciation is recognized for the cost or other acquisition value of exhibits and artifacts not part of a collection, in accordance with the *Not-for-Profit Entities* Topic of the FASB Accounting Standards Codification. However, in accordance with the Topic, depreciation is recognized on major preservation or restoration of artifacts and exhibits, incurred from time-to-time, using the straight-line method over 10 years (See additionally, Note 6.)

Income Taxes – The Musicians Hall of Fame and Museum is a not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code and files Form 990, Return of Organization Exempt from Income Tax. Additionally, the Musicians Hall of Fame and Museum files Form 990-T, Exempt Organization Business Income Tax Return, and Franchise and Excise Tax Returns with the State of Tennessee based on unrelated business income. Unrelated business income is generated mostly from advertising sales, operations of a gift shop and equipment rentals in connection with private events. The Musicians Hall of Fame and Museum incurred income taxes from continuing operations of \$3,500 and \$2,705, respectively, for the years ended December 31, 2019 and 2018.

The Musicians Hall of Fame and Museum's Forms 990 and 990-T, for the years ending December 31, 2016, 2017 and 2018 are subject to examination by the IRS, generally for three years after they were filed.

Any penalties and interest incurred on underpayment of income tax are classified as income tax in the financial statements.

Advertising Expenses -- Costs incurred for advertising and marketing are expensed when incurred. Advertising and marketing expenses are allocated to the Musicians Hall of Fame and Museum's program services if primarily benefited or, if primarily benefiting the Hall of Fame and Museum in nature, to management and general expenses.

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising Expenses (continued) -- The Musicians Hall of Fame and Museum entered into advertising barter transactions with media advertising suppliers during the years ended December 31, 2019 and 2018, whereby the Musicians Hall of Fame and Museum received print and radio advertising in exchange for private event services. The amounts recognized in the financial statements as advertising expense and private events revenue are \$12,800 and \$12,500, respectively, for the years ended December 31, 2019 and 2018.

Shipping and Handling Costs – Shipping and handling costs are included in cost of sales and are not separately stated or included elsewhere in the financial statements.

Reclassifications -- Certain reclassifications have been made to the December 31, 2018 financial statements to conform to the current year's presentation. Net assets and change in nets assets are unaffected due to these reclassifications.

NOTE 2 – REVENUE RECOGNITION AND CONTRACTS WITH CUSTOMERS

The Musicians Hall of Fame and Museum recognizes revenue when goods and services are transferred to and controlled by its customers, and for which the Museum expects to be entitled to consideration, i.e., at the point in time when its performance obligations are satisfied. This usually occurs upon completion of the services, or as goods are sold and transferred to customers. Payment of consideration is usually due upon customers' receipt of invoices. The Musicians Hall of Fame and Museum does not ordinarily enter into contracts with customers that include components of significant financing or provide for variable consideration.

Contracts with customers considered to be satisfied at a point in time include admission fees, private and special events revenue, and gift shop sales. Total revenue from these contracts were \$1,653,834 and \$1,584,849, respectively, for the years ended December 31, 2019 and 2018. The Musicians Hall of Fame and Museum does not ordinarily enter into contracts with customers that generate revenue from goods or services transferred to customers over time.

Customer deposits received for private events are recognized and presented in the statement of financial position as contract liabilities until the Musicians Hall of Fame and Museum has satisfied its performance obligations. The deposits are then recognized as revenue.

NOTE 3 – DONATED SERVICES, MATERIALS AND FACILITIES

The Musicians Hall of Fame and Museum receives donated services from unpaid volunteers assisting in the administration of its program services. No amounts for donated services have been recognized in the financial statements because the criteria for recognition of such volunteer effort under the *Not-for-Profit Entities* Topic of the FASB Accounting Standards Codification have not been satisfied.
