INDEPENDENT AUDITORS' REPORT

To the Board of Directors Tennessee Disability Coalition Nashville, Tennessee

We have audited the accompanying statements of financial position of Tennessee Disability Coalition as of June 30, 2010 and 2009, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Coalition's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Tennessee Disability Coalition as of June 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2011 on our consideration of Tennessee Disability Coalition's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements of Tennessee Disability Coalition taken as a whole. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Tennessee Disability Coalition (the Coalition) is a Tennessee nonprofit corporation. The Coalition is an alliance of organizations and individuals who have joined to promote the full and equal participation of men, women and children with disabilities in all aspects of life. The Coalition works to advocate for public policy that ensures self-determination, independence, empowerment, and inclusion for people with disabilities in areas such as accessibility, education, healthcare, housing, and voting rights. The Coalition is supported primarily with federal and State of Tennessee grants.

Basis of Presentation

The Coalition reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted net assets.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United State of America. This method of accounting recognizes revenue when earned and expenses when incurred.

Cash and Cash Equivalents

For the statement of cash flows, the Coalition considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

Property and Equipment

The Coalition capitalizes all expenditures for property and equipment in excess of \$5,000. Purchased property and equipment are carried at cost. Donated equipment and leasehold improvements are carried at their approximate fair value at the date of donation. Depreciation is computed on the straight-line method over the estimated useful lives of the assets. Certain equipment has been purchased, in part, with grant funds and is subject to return to the grantor either upon its ultimate disposition or for failure to comply with the terms and conditions of the grant contract for the useful life of the equipment.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions.

<u>Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and certain reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Coalition is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision has been made for federal income taxes in the accompanying financial statements.

Evaluation of Events Occurring After The Financial Statement Date

Management has evaluated subsequent events through February 8, 2011, the date the financial statements were available to be issued.

Reclassifications

The 2009 financial statements have been reclassified to comply with the presentation of the 2010 financial statements. Net assets and changes in net assets are unchanged due to the reclassifications.

NOTE 2 – GRANTS RECEIVABLE - GOVERNMENT

		\$ 8,172	\$ 26,517

NOTE 5 – MORTGAGES RECEIVABLE

The Coalition sold homes to qualified buyers in the HOPE for Homeownership of Single Family Homes program (HOPE III). The Coalition holds the second mortgages without interest to buyers. Payments received toward these mortgages are temporarily restricted for other HUD projects, and it is the intent of the Coalition to remit these monies to HUD as they are collected.

NOTE 6 – MORTGAGE PAYABLE

The Coalition has a mortgage payable with Regions Bank, outstanding principal balances of \$583,825 and \$613,017 as of June 30, 2010 and 2009, respectively, payable in monthly installments of \$6,381, accruing interest at 7.70%. The final payment is due November 2021. The office building at 955 Woodland Street, Nashville, Tennessee collateralizes the mortgage.

Aggregate mortgage payable maturities are as follows for the next five years ended June 30:

2011	\$ 33,030
2012	35,665
2013	38,510
2014	41,582
2015	44,900

NOTE 7 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets at June 30, 2010 and 2009 consist of mortgages held with qualified buyers under the HOPE III home ownership program with the Department of Housing and Urban Development (HUD). Principal payments received from these mortgages are restricted for other HUD projects.

NOTE 8 – CONCENTRATIONS

Financial instruments that potentially subject the Coalition to concentrations of credit risk consist of their grants receivable. The grant receivable represents concentration of credit risk to the extent that they are received from concentrated sources. The Coalition receives a substantial amount of its support from governmental grants. A significant reduction in the levels of this support, if this was to occur, could have an effect on the Coalition's programs and activities. Based on the upcoming fiscal year's budget, the funding is expected to continue for the upcoming year to meet budgeted expenditures.

The Coalition receives a portion of marriage license fees collected by the State of Tennessee. Amounts received for the allocation of marriage license fees consisted of 32% and 26% of total support for the years ended June 30, 2010 and 2009, respectively.

The Coalition received grants directly from federal granting agencies totaling \$341,932 and \$367,592 for the years ended June 30, 2010 and 2009, respectively. These amounts consisted of 18% and 15% of total support, respectively.

The Coalition also received grants from the State of Tennessee, including federal pass-through grants, totaling \$814,001 and \$1,300,271 for the years ended June 30, 2010 and 2009, respectively. These amounts consisted of 42% and 53% of total support, respectively.

All of the Coalition's cash is held in two financial institutions. The Federal Deposit Insurance Corporation (FDIC) insures aggregate deposits up to \$250,000 per bank. At June 30, 2010 and 2009, deposits exceeded insured amounts by approximately \$558,434 and \$309,000 respectively.

NOTE 9 – QUESTIONED COSTS AND CONTINGENCIES

Questioned costs are those amounts charged to a funded program that may not be in compliance with requirements set forth in contracts, statutes, and regulations governing allowability or eligibility. A questioned cost may not be reimbursed by the State of Tennessee (the "State"), and may require that the funds already expended be refunded. These amounts can be "questioned" by the State for the specific grant to which they apply. The determination as to whether such costs will be allowed or disallowed under the grants will be made by the individual grantor agencies at a later time. No liability is needed as of June 30, 2010 for these costs as no determination has been made by the grantor agencies as to any amount for any grant. The Board deems the contingency remote, as the Coalition has accommodated the objective of the programs to the provisions of the grants.

NOTE 10 – RETIREMENT PLAN

The Coalition maintains a 403(b) retirement plan for its employees who have completed one year of employment. Contributions to the plan are based on the employees' gross salaries, and employees can make elective contributions to the plan. The costs of this employee benefit plan are charged to expense and totaled \$17,959 and \$25,603 for the years ended June 30, 2010 and 2009, respectively.

NOTE 11 – LEASES

The Coalition leases property and equipment under operating leases. Rental expense was \$14,793 and \$62,940 for the years ended June 30, 2010 and 2009, respectively.

The Coalition shares office services and leases office space to organizations that are members of the Coalition, and share common disability-related causes with the Coalition.

NOTE 12 – SUBSEQUENT EVENTS

Effective July 1, 2010, The Tennessee Department of Mental Health And Developmental Disabilities (TDMHDD) terminated its grant agreement with the Coalition. The Coalition had previously outsourced administration of this grant in its entirety to another organization.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Tennessee Disability Coalition Nashville, Tennessee

We have audited the financial statements of Tennessee Disability Coalition (a nonprofit organization) as of and for the year ended June 30, 2010, and have issued our report thereon dated February 8, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Tennessee Disability Coalition's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tennessee Disability Coalition's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Coalition's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tennessee Disability Coalition's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under

Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as item 2010-1.

We noted certain matters that we reported to management of Tennessee Disability Coalition in a separate letter dated February 8, 2011.

Tennessee Disability Coalition's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit Tennessee Disability Coalition's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the board of directors, others within the entity, and federal awarding agencies and State of Tennessee pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors Tennessee Disability Coalition Nashville, Tennessee

Compliance

We have audited Tennessee Disability Coalition's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Tennessee Disability Coalition's major federal programs for the year ended June 30, 2010. Tennessee Disability Coalition's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Tennessee Disability Coalition's management. Our responsibility is to express an opinion on Tennessee Disability Coalition's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Tennessee Disability Coalition's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Tennessee Disability Coalition's compliance with those requirements.

In our opinion, Tennessee Disability Coalition complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 2010-1.

Internal Control Over Compliance

Management of Tennessee Disability Coalition is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Tennessee Disability Coalition's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and

report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Tennessee Disability Coalition's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Tennessee Disability Coalition's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Tennessee Disability Coalition's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the board of directors, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TENNESSEE DISABILITY COALITION SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS Year Ended June 30, 2010

DEPARTMENT OF HEALTH AND HUMAN SERVICES AND STATE OF TENNESSEE DEPARTMENT OF MENTAL HEALTH DEVELOPMENTAL DISABILITIES

FINDING 2009-1: Block Grants for Community Mental Health Services

Condition: Approval of seven grant expenditures selected for testing was not documented on the supporting documentation.

Recommendation: Approval for all grant expenses should be documented in accordance with the Coalition's internal control procedures.

Current Status: The Coalition implemented procedures to document approval of grant expenditures during the year ended June 30, 2010. A similar finding was noted in the 2010 audit.

FINDING 2009-2: Block Grants for Community Mental Health Services

Condition: The Coalition's workers' compensation/employers' liability insurance policy was less than required amounts as stated in the grant contract. Coalition's insurance limits were \$100,000 for bodily injury by accident/each accident, \$500,000 bodily injury by disease/policy limit, and \$100,000 bodily injury by disease/each employee.

Recommendation: Increase the workers' compensation/employers' liability insurance policy limits that meet or exceed the relevant statutory amount or \$1,000,000, whichever is greater.

Response: This finding was corrected during the year ended June 30, 2010.

TENNESSEE DISABILITY COALITION SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year Ended June 30, 2010

FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

DEPARTMENT OF HEALTH AND HUMAN SERVICES AND STATE OF TENNESSEE DEPARTMENT OF MENTAL HEALTH DEVELOPMENTAL DISABILITIES

2010-1 Block Grants for Community Mental Health Services CFDA No. 93.958, Grant No.'s 10249-GR1028829/GR1028877 Grant Period - June 30, 2010

Condition: The Coalition uses a distinct internal numbering code for each grant. This code is written on each invoice when it is processed for payment. Grant codes on eleven invoices totaling \$7,536 selected for testing did not agree with the grant codes assigned to the respective expenditures in the accounting software.

Criteria: Grant codes on invoices for all grant expenditures should agree with codes assigned to expenditures in the accounting software.

Cause: Possible entry errors when entering expenditures into the accounting software; possible failure to agree grant codes between invoices and the accounting software; possible lack of procedures in place to agree grant codes on invoices to coding in the accounting software; possible corrections made in the accounting software that were not subsequently documented on the invoice.

Effect: Costs charged to the grants may be posted in error, and become a disallowed cost.

Population and Sample Size: A sample of sixty grant transactions totaling approximately \$186,271 was selected for audit from a population of 255 grant transactions totaling approximately \$458,081.

Recommendation: Perform or implement procedures to agree grant codes on approved invoices to codes assigned to the respective expenditures in the accounting software.

Response: Internal numbering codes are placed on invoices by staff when the invoice is submitted for payment. Staff persons who work on multiple projects may fail to correctly assign codes. There is a review process in place to make sure that the codes are assigned correctly and entered correctly in the accounting software. Senior management makes the final review. There is not, however, a record kept of how the codes were reviewed and changed, creating a discrepancy between the original invoices and accounting software. A new policy has been implemented to create a record of the change made within software notes and/or the original invoice to clarify the change and eliminate discrepancy.
