## Independent Accountants' Review Report

To Management and the Board of Directors of  
Family Foundation Fund, Inc.

We have reviewed the accompanying financial statements of Family Foundation Fund, Inc. (a not-for-profit organization), which comprise the statement of financial position as of December 31, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### **Accountants' Responsibility**

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Family Foundation Fund, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

### **Accountants' Conclusion**

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE A – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

Nature of Activities

Family Foundation Fund, Inc., (the “Organization”) is a nonprofit organization located in Nashville, Tennessee. The Organization is dedicated to mentoring fatherless and disadvantaged boys, ages ten years and older in the Nashville and Middle Tennessee area. They provide father figures to the young boys to help nurture them into mature, Christ-centered adults who will impact their families and communities for generations. The Organization also provides tuition assistance for private Christian education and offers summer mentoring programs.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis.

Basis of Presentation

The Organization presents its financial statements in accordance with *Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 958, Financial Statements for Not-for-Profit Entities*. Accordingly, the Organization reports information regarding its financial position and activities according to the two classes of net assets: net assets with donor restrictions and net assets without donor restrictions. All contributions are considered to be without donor restrictions unless specifically restricted by the donor. Amounts received that are restricted for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions.

Net Assets Without Donor Restrictions

Net assets without donor restrictions include unrestricted resources which represent the portion of funds that are available for the operating objectives of the Organization. Net assets without donor restrictions may be designated for specific purposes such as endowment by the Organization’s board of directors.

Net Assets With Donor Restrictions

Net assets with donor restrictions consist of donor restricted contributions and grants. Amounts restricted by donors for a specific purpose are deemed to be earned and reported as restricted revenue when received, and such unexpended amounts are reported as net assets with donor restrictions at year-end. When the donor restriction expires, that is, when a stipulated time or purpose restriction is accomplished, these net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as “net assets released from restrictions.” Donor restricted contributions whose restrictions are met in the same reporting period are reported as contributions without donor restrictions. The Organization had no net assets with donor restrictions as of December 31, 2021.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and other support and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

Cash and Equivalents

Cash and equivalents include cash and short-term investments with an initial maturity date of three months or less.

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

NOTE A – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments, Net

The Organization follows the Not-For-Profit Entities subtopic and Revenue Recognition subtopic of the FASB ASC with respect to investments. Under this subtopic, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position.

The Fair Value Measurements and Disclosures topic of the *Financial Accounting Standards Board Accounting Standards Codification* ("ASC") 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to the valuation technique used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Organization uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would be used only when Level 1 or Level 2 inputs were not available.

Unrealized gains and losses are included in the change in net assets without donor restrictions.

Property and Equipment, Net

Property and equipment are stated at cost or, for donated items, at fair value as of the date received. The Organization capitalizes the costs of additions and major improvements. Maintenance and repairs are charged to expense as incurred. When assets are retired, or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is reflected on the statement of activities. For financial statement purposes, depreciation is computed using the straight-line method over estimated useful lives ranging from 5 to 15 years.

Contributions of long-lived assets or contributions restricted for acquisition of long-lived assets are reported as increases in net assets with donor restrictions. When restrictions are considered met, an appropriate amount is reclassified to net assets without donor restrictions. The useful lives of the long-lived assets are calculated based on the organization's depreciation policy.

Contributions

ASU No. 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* requires three classifications of contributions received in the current year: conditional, unconditional with donor restrictions, and unconditional without donor restrictions. Conditional contributions including conditional promises to give, are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Unconditional contributions, including unconditional promises to give, are recognized as revenue in the period incurred. Contributions of assets and specialized services are recorded at their fair value.

Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE A – NATURE OF ACTIVITIES OF AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Revenue Recognition

In the current year, the Organization collected payments for produce that is grown by the Organization in their garden. This revenue stream is considered an exchange transaction under *Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers* ("ASU 2014-09") as those making the payments are receiving products with commensurate value to the payment they are making. The Organization recognizes revenue when the recipient takes possession of the produce, which is the point in time that the Organization is considered to meet its performance obligations under the contract with its customers. Payment is due from the customers at the time they receive the produce.

The contracts with their customers do not have a significant financing component, and there were no uncompleted contracts with customers as of December 31, 2021 and 2020 resulting in a contract asset or liability. There were also no receivables from contracts with customers as of December 31, 2021 and 2020.

Donated Materials and Services

Donated materials, property or equipment are reflected as contributions in the accompanying statements at their estimated fair values at the date of receipt. No amounts have been reflected in the financial statements for donated services of volunteers in as much as no objective basis is available to measure the value of such services; however, a number of volunteers have donated their time to the Organization's program services and fundraising campaigns. Contributed services include agricultural work performed on the Son Farm and time given to the Mentor and Surrogate Father programs.

Functional Expenses

The cost of providing the various programs and other activities has been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program services, management and general and fundraising expense categories. Certain expenses, including wages and related payroll expenses, are allocated based on the efforts expended by employees. Other expenses are allocated based on an estimate of the benefits to programs and supporting services.

Income Taxes

The Organization is a not-for-profit organization that is exempt from federal income tax under Internal Revenue Code Section 501(c)(3) whereby only unrelated business income, as defined in Section 512(a)(1) of the Code, is subject to federal income tax. With few exceptions, the Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2018, and to state tax authorities for years before 2016.

The Organization has evaluated its tax positions for all open tax years. Based on this evaluation, management believes all tax positions taken would be upheld under an examination; therefore, no provision for the effects of uncertain positions has been recorded for the year ended December 31, 2021.

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE B – INVESTMENTS, NET**

Investments are stated at fair value in the statement of financial position. As of December 31, 2021, investments consist of the following:

	<u>Debt Security</u>	<u>Artwork</u>	<u>Total</u>
Cost	\$ 500	\$ 21,000	\$ 21,500
Less impairment	-	(19,800)	(19,800)
Total investments, net	<u>\$ 500</u>	<u>\$ 1,200</u>	<u>\$ 1,700</u>

For donated investments, cost is determined to be the fair value at the date of gift. During the year ended December 31, 2017, the Organization received a donation of a piece of artwork with an appraised value of \$21,000. As of December 31, 2018, an impairment loss of \$19,800 was recorded based on the fair values observed on recent sales of identical pieces of artwork. For the year ended December 31, 2021, no additional impairment loss was recorded on the artwork.

Fair value is based upon quoted market prices, where available. If listed prices or quotes are not available, fair value is based upon internally developed models or processes that use primarily market-based or independently-sourced market data, including interest rate yield curves, option volatilities and third-party information. Valuation adjustments may be made to ensure that assets and liabilities are recorded at fair value.

While the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies, or assumptions to determine the fair value of certain assets and liabilities could result in a different estimate of fair value at the reporting date.

Fair value measurements as of December 31, 2021 are determined as follows in accordance with the *FASB ASC 820-10, Fair Value Measurement*:

Fair Value Measurements at December 31, 2021			
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
			Totals
Debt security	\$ -	\$ -	\$ 500
Artwork	-	1,200	-
	<u>\$ -</u>	<u>\$ 1,200</u>	<u>\$ 500</u>
			<u>\$ 1,700</u>

The fair value of the Organization's investment in a debt security, which is made up of a bond, is estimated based on discounted cash flows. The valuation methodologies used for this investment are based on inputs that are unobservable and significant to the fair value measurement, thus the instrument is classified with Level 3 of the valuation hierarchy. The sensitivity to fair value changes is deemed low for the bond due to the limited trade transaction for such assets.

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE B – INVESTMENTS, NET (CONTINUED)**

When a determination is made to classify a financial instrument as Level 3 of the valuation hierarchy, the determination is based upon the significance of the unobservable factors to the overall fair value measurement. However, since Level 3 financial instruments typically include, in addition to the unobservable or Level 3 components, observable components (that is, components that are actively quoted and can be validated to external sources), the gains and losses include changes in fair value due in part to observable factors that are part of the valuation methodology. The Level 3 investments are reported at fair value on a recurring basis determined by quoted market prices for similar assets. The following table sets forth a summary of changes in the fair value of the Organization's Level 3 investments for the year ended December 31, 2021:

Balance, beginning of year	\$ 500
Contributions	-
Investment income	-
Investment fees	-
Realized gains (losses)	-
Unrealized gains (losses)	-
Balance, end of year	<u>\$ 500</u>

**NOTE C – PROPERTY AND EQUIPMENT, NET**

Property and equipment, net is composed of the following as of December 31, 2021:

Vehicles	\$ 44,800
Buildings	49,302
Furniture and equipment	<u>34,944</u>
Total	129,046
Less: accumulated depreciation	<u>(78,241)</u>
Total property and equipment, net	<u>\$ 50,805</u>

For the year ended December 31, 2021, depreciation expense totaled \$10,532.

**NOTE D – ACCRUED EXPENSES**

As of December 31, 2021, accrued expenses are composed of payroll tax liabilities of \$2,233 and other accrued expenses of \$2,653, which totaled \$4,886.

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE E – LEASE OBLIGATIONS**

On February 1, 2021, the Foundation signed a lease agreement for the use of Son Farm from the founders. This lease commenced on February 1, 2021, with \$700 being paid upon execution and an annual rent of \$700 paid on February 1 until expiration in December 2023. The lease also requires the Foundation to pay additional rent based on 15% of the annual yield from the sale of produce and other farm products generated by the Son Farm. Future maturities of this lease are as follows as of:

<u>February 1,</u>	
2022	\$ 700
2023	<u>700</u>
Total	<u>\$ 1,400</u>

Total rent expense in 2021 was \$3,007 which includes accrued rent related to the yield from the Son Farm of \$1,592.

**NOTE F – NOTE RECEIVABLE**

During the year ended December 31, 2020 the Organization took a note for \$105,000 for the sale of Son Farm and certain equipment to the founders. This sale serves as settlement for debt that the Organization owed the founders. The terms of the note call for a down payment of \$31,593, and annual payments beginning in May, 2020. The note has an annual interest rate of 5%, and matures in May, 2025. The balance due on the note as of December 31, 2021 is \$47,557. The Organization has accrued interest income of \$1,387 on this note as of December 31, 2021.

A schedule of the future note payments to be received are as follows for the years ending:

<u>December 31,</u>	
2022	12,925
2023	12,925
2024	12,925
2025	<u>8,782</u>
	<u>\$ 47,557</u>

**NOTE G – EMPLOYEE BENEFITS**

The Organization adopted a Simple IRA plan in which employees receiving at least \$5,000 in compensation are eligible to participate. The Organization has the option to either contribute 2% of each employees wages regardless of their participation in the plan or to match the contributions made by employees up to 3% of their wages. The Organization chose to make matching contributions to the plan of up to 3% of a participant's salary. During the year ended December 31, 2021, the employer's matching contribution totaled \$2,007.

In January 2015, the Board of Directors voted to designate \$25,000 of bonuses to be paid for the purpose of retirement funding for the Executive Director and Administrative Assistant. These designated funds were to be paid in the form of employer contributions and bonuses to employees to fund employee contributions. As of December 31, 2021, \$17,000 was still to be contributed to the retirement accounts for these employees

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE H – PAYCHECK PROTECTION PROGRAM**

In 2020, the Fund was granted a loan from First Horizon in the amount of \$27,375 pursuant to the Paycheck Protection Program (the “PPP”) under Division A, Title I of the Coronavirus Aid, Relief and Economic Security Act (the “CARES Act”), which was enacted March 27, 2020. The PPP provides loans to qualifying businesses for amounts up to 2.5 times the average monthly payroll expenses of the qualifying business.

On July 2, 2021, the SBA issued a full forgiveness of the PPP loan granted through the CARES Act in the amount of \$27,375. This forgiveness was based on the Organization’s use of the funds for qualifying expenses as described in the CARES Act, which include payroll costs, rent, and utilities.

In March of 2021, the Trust was granted a second loan from First Horizon in the amount of \$34,240 pursuant to the Paycheck Protection Program (the “PPP”) under the Consolidated Appropriations Act which was enacted December 27, 2020.

On December 16, 2021, the SBA issued a full forgiveness of the PPP loan granted through the Consolidated Appropriations Act in the amount of \$34,240. This forgiveness was based on the Organization’s use of the funds for qualifying expenses as described in the Consolidated Appropriations Act, which include payroll costs, rent, and utilities.

**NOTE I – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS**

The Organization is supported in part by restricted contributions. Because a donor’s restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, some financial assets may not be available for general expenditure within one year.

The following reflects the Organization’s financial assets as of December 31, 2021. As of December 31, 2021, there were no contractual or donor-imposed restrictions on financial assets making them unavailable for general expenditure within one year of the date of the statement of financial position.

Financial assets as of year-end:	
Cash and equivalents	\$ 112,618
Current portion of note receivable, related party	12,925
Accrued interest income	1,387
Investments	<u>500</u>
Total financial assets as of year-end	127,430
Less those unavailable for general expenditure within one year:	<u>-</u>
Total financial assets available for general expenditures within one year	<u>\$ 127,430</u>

**FAMILY FOUNDATION FUND, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2021**

**NOTE J - RELATED PARTY TRANSACTIONS**

The founders of the Organization from time to time have loaned the Organization funds to help meet cash flow requirements in the form of cash loans or postponement of salaries. The loan carries no interest and is not collateralized. The loans are shown in current liabilities on the statement of financial position. During the year ended December 31, 2021, the founders did not make any loans to the Organization. The Organization is working to pay this debt down through the sale of Son Farm. The founders of the Organization are leasing the Son Farm back to the Foundation for \$700 per year for use in the programs and operations of the Foundation.

The outstanding balance on the loans as of December 31, 2021 consisted of the following:

<u>Year</u>	<u>Type</u>	<u>Amount</u>
2016	Cash loan	\$ 12,000
2018	Cash loan	23,750
2018	Postponement of salaries	37,229
2019	Cash loan	4,624
2019	Postponement of salaries	<u>18,396</u>
	Total amount loaned	95,999
	Less: repayments in 2019	(8,780)
	Less: repayments in 2020	(50,285)
	Less: repayments in 2021	<u>(23,065)</u>
	Balance as of December 31, 2021	<u>\$ 13,869</u>

**NOTE K - CONCENTRATION OF RISK**

At times throughout the year, the Organization may maintain cash balances in certain accounts in excess of the Federal Deposit Insurance Corporation ("FDIC") limit, which is \$250,000 for substantially all depository accounts. As of December 31, 2021, the Organization had no funds in excess of the FDIC limits.

**NOTE L - CASH FLOW INFORMATION**

During the year ended December 31, 2021, net cash provided by operating activities included cash payments of interest totaling \$174. There were no cash payments for income taxes during the year ended December 31, 2021.

**NOTE M - SUBSEQUENT EVENTS**

Subsequent events have been evaluated through August 4, 2022 which is the date the financial statements were available to be issued.

Management is currently evaluating the impact of the COVID-19 pandemic and has concluded that while it is reasonably possible that the virus could have a negative effect on the Organization's financial position, changes in net assets and cash flows, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

There have been no other adjustments to the financial statements to include any subsequent transactions or events.
