INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Valor Collegiate Academies
Nashville, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of charter schools comprised of Valor Collegiate Flagship and Valor Collegiate Voyager, collectively Valor Collegiate Academies as of June 30, 2016, and the related notes to the financial statements, which collectively comprise the Valor Collegiate Academies' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Valor Collegiate Academies as of June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 – 10 and the schedules of proportionate share of the net pension liability (asset) and the schedules of employer contributions on pages 41 – 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Valor Collegiate Academies' basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the State of Tennessee Comptroller of the Treasury, *Audit Manual for Local Governmental Units and Recipients of Grant Funds* and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards and state financial assistance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 18, 2017, on our consideration of Valor Collegiate Academies' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Valor Collegiate Academies' internal control over financial reporting and compliance.

VALOR COLLEGIATE ACADEMIES
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2016

Our discussion and analysis of Valor Collegiate Academies' (herein referred to as the "Organization") annual financial performance provides an overview of the Organization's financial activities for the year ended June 30, 2016. This section should be read in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the Organization exceeded its liabilities and deferred inflows of resources by \$2,410,236
- Net position increased \$1,065,531 during the year
- Outlays for new capital assets totaled \$10,107,216
- Total revenues of \$6,681,605 were comprised of District Funds – 70%, Federal and State Grants – 6%, and Private Contributions/Other Income – 24% for the year ended June 30, 2016

OVERVIEW OF THE FINANCIAL STATEMENTS

This financial report consists of a series of financial statements, notes to those statements, required supplementary information, and other information. The statements are organized so that the reader can understand the Organization as a whole and then proceed to a detailed look at specific financial activities of the Organization.

Reporting the Organization as a Whole

The statement of net position and statement of activities:

In general, users of these financial statements want to know if the Organization is better off or worse off as a result of the period's activities. The statement of net position and statement of activities report information about the Organization as a whole and about the Organization's activities in a manner that helps to answer that question. These statements include all assets and liabilities using the accrual basis of accounting. Under the accrual basis, all of the current period's revenue and expenses are taken into consideration regardless of when cash is received or paid. The statements start on page 11.

VALOR COLLEGIATE ACADEMIES
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
Year Ended June 30, 2016

The statement of net position reports the Organization's net position (total assets and deferred outflows of resources less total liabilities and deferred inflows of resources). Private sector entities would report retained earnings. The Organization's net position balance at year end represents available resources for future growth. The statement of activities reports the change in net position as a result of activity during the year. Private sector entities have a similar report titled statement of operations, which reports net income. The statement of activities provides the user a tool to assist in determining the direction of the Organization's financial health during the year. Users will want to consider non-financial factors as well as the financial data in arriving at a conclusion regarding the overall health of the Organization.

Reporting the Organization's Funds

Fund Financial Statements:

The Organization's fund financial statements, the balance sheet and the statement of revenues, expenditures and changes in fund balances of governmental funds, begin on page 13. They provide detailed information about the Organization's most significant funds, not the Organization as a whole. Funds are established by the Organization to help manage money for particular purposes and compliance with various grant provisions.

The Organization's funds are categorized as "governmental funds." Governmental funds focus on how money flows into and out of the funds and the balances left at period-end that are available for spending in future periods. Fund financial statements are reported using an accounting method called "modified accrual" accounting, which measures cash and other financial assets that can readily be converted to cash. This basis of accounting is different from the accrual basis used in the government-wide financial statements to report on the Organization as a whole. The relationship between governmental activities, as reported in the statement of net position and the statement of activities, and governmental funds, as reported in the balance sheet and the statement of revenues, expenditures and changes in fund balances is reconciled in the basic financial statements on pages 14 and 16.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

The Organization's assets and deferred outflows of resources exceeded the Organization's liabilities and deferred inflows of resources at the close of the year, resulting in net position of \$2,410,236.

VALOR COLLEGIATE ACADEMIES
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
Year Ended June 30, 2016

As of June 30, 2016, the Organization had invested \$13,617,759 in capital assets. This investment includes buildings and improvements, instructional and support furniture, instructional computers for teachers, student computer labs, and maintenance equipment for instructional purposes. The Organization expects additional capital asset investments in the 2016-2017 school year as student enrollment increases at each grade level. With the additional students there will be continued requirements for furniture, computers and equipment.

The Organization has purchased its facilities through the issuance of long-term debt. The Organization had \$16,157,418 of outstanding debt at June 30, 2016.

Additional information on capital assets is located in the notes to the financial statements.

A summary of the Organization's net position is as follows as of June 30:

	<u>2016</u>	<u>2015</u>
Current assets	\$ 1,463,037	\$ 1,536,202

VALOR COLLEGIATE ACADEMIES
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
Year Ended June 30, 2016

Changes in Net Position

The Organization's total net position increased \$1,065,531 during the year ended June 30, 2016. The increase in the Organization's net position indicates that the Organization had more incoming revenues than outgoing expenses during the period. The Organization budgeted an increase of approximately \$400,000 for the period. Total revenues generated from government grants, governmental funds, foundation grants and other sources were \$6,681,605 during the year ended June 30, 2016.

A schedule of the Organization's revenue and expenses is as follows for the years ended June 30:

	<u>2016</u>	<u>2015</u>
Revenues:		
District funding	\$ 4,700,005	\$ 1,336,342
Contributions	1,554,846	2,366,851
Federal and state funding	352,819	428,984
Other	<u>73,935</u>	<u>25,567</u>
	<u>6,681,605</u>	<u>4,157,744</u>
Expenses:		
Salaries, wages and benefits	3,399,393	1,621,622
Contracted services	1,207,596	770,677
Supplies and materials	336,100	204,383
Depreciation	315,198	92,579
Debt service	287,033	69,359
Insurance	51,288	33,647
Other	17,871	-
Equipment and maintenance	<u>1,595</u>	<u>20,772</u>
	<u>5,616,074</u>	<u>2,813,039</u>
Change in net position	<u>\$ 1,065,531</u>	<u>\$ 1,344,705</u>

FINANCIAL ANALYSIS OF THE ORGANIZATION'S FUNDS

The Organization's funds, as presented on the balance sheet on page 13 reported a fund balance of \$5,136,813. All of the Organization's funds are in the general fund. Due to the different basis of accounting, there is a difference between the amounts reported under the Organization's funds and the amounts reported as school wide. For the June 30, 2016 year end, the difference consists of capital assets, net pension liability, long-term debt, deferred inflows of resources, and deferred outflows of resources which are not reported in the Organization's funds.

VALOR COLLEGIATE ACADEMIES
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
Year Ended June 30, 2016

ORGANIZATION ACTIVITIES

The Organization exists to prepare a diverse student population for success in college and to empower each other to live inspired, purposeful lives. It offers a rigorous, college preparatory program in which students of all previous preparation levels will find success. Significant time and resources are invested into programs that develop scholars' social-emotional skills, character strengths, and physical health.

The Organization believes that its diversity makes it strong; that it enrolls families, not just scholars; that everyone deserves the opportunity to fulfill their potential and captain their destinies; that our humanity is found through relationships with others; that greatness comes from having a growth mindset and that effort, more than talent, matters in the end; that social justice is everyone's responsibility; that excellence is a habit developed through perfect practice; that great schools are fueled by joy; that everything can be done with kindness; and that it takes valor to be the best you can be.

The Tennessee state assessment, TN Ready, was cancelled for fiscal year 2016. However, Valor scholars at both the Flagship and Voyager schools did take the NWEA Measures of Academic Progress (MAP) assessment, which is often compared to peer schools' scores with the Charter School Growth Fund (CSGF) portfolio of schools. CSGF is a portfolio of the nation's sixty leading charter school networks which we belong to. In comparing achievement versus the cohort, Valor students ranked third in "% Above State Proficiency" for combined Math/ELA MAP scores, with scores 51% above state proficiency in the 2015-16 academic year. Valor scholars also grew more than 63% of students with similar scores in Math/ELA in fall 2015. Finally, Valor was the only charter management organization in the cohort in the top 5 in both achievement and growth. In the absence of a formal state assessment, the Valor leadership believes these results demonstrate that Valor students are doing quite well compared to some of the top charter schools in the nation. Furthermore, these results support that Valor should continue to see its trajectory of results on par with the founding year (2014-2015) results when TN Ready was still in effect.

As a recap, Valor's founding class of scholars achieved significant academic results in fiscal year 2015 on the TN Ready assessment. Valor Flagship Academy had the highest overall 5th grade achievement scores of all middle schools in Nashville. Furthermore, Valor Flagship Academy was the only middle school in Tennessee to be ranked in the top 1% of schools for both achievement and growth. Out of the 49 middle schools in Davidson County, Valor Flagship Academy was the only school to achieve 5 out of 5 in achievement and growth for all tested subjects.

VALOR COLLEGIATE ACADEMIES
MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
Year Ended June 30, 2016

STUDENT ENROLLMENT FACTORS AND NEXT YEAR'S BUDGET

Fiscal year 2017 enrollment is projected to be 370 at each school for a total of 740 students across the network and will include grades 5 – 7 at each school. The Organization anticipates an increase in total Basic Education Program ("BEP") funding as a result of increased enrollment. As the Organization continues to grow, it is expected that added administrative staff, teachers, and other key personnel within the Organization will continue to provide the support necessary to accomplish our mission.

CONTACTING THE ORGANIZATION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our students' parents, Davidson County taxpayers, donors, creditors, authorities over grant funding, and agencies tasked with oversight of Metropolitan Nashville Public Schools with a general overview of the Organization's finances and to demonstrate the Organization's accountability of the money it receives. If you have questions about this report or need additional financial information, contact the Organization's Chief Operating Officer, Thomas Branch, at Valor Collegiate Academies, 4527 Nolensville Pike, Nashville, TN 37211, by telephone at (615) 823-7982 or email at tbranch@valorcollegiate.org.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1 – REPORTING ENTITY

These financial statements present the charter schools managed by Valor Collegiate Academies, a Charter Management Organization. For Tennessee reporting purposes, a Charter School Management Organization (“CMO”) is defined as a nonprofit entity that operates multiple charter schools at least one of which is in Tennessee. The charter schools included in the accompanying financial statements are Valor Collegiate Flagship (“Flagship”) and Valor Collegiate Voyager (“Voyager”).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and procedures followed by Valor Collegiate Academies (the “Organization”) are as follows:

Organization

The Organization currently operates two charter schools within Davidson County, Tennessee, Flagship and Voyager. Pursuant to Section 6(1)(a) of the Tennessee Public Charter School Act of 2002 (the “Act”), each school has been approved as a public charter school. Pursuant to the Act, public charter schools are part of the state’s public education program offering an alternative means within the public school system for accomplishing necessary outcomes of education.

The Organization entered into a Charter School Agreement with the Metropolitan Nashville Board of Education effective July 1, 2014, to operate Flagship as a charter school in Nashville, Tennessee. The school began classes in August 2014 and currently enrolls students in grades five through seven. Per Flagship’s charter agreement, enrollment in the school is open to any student within the Metropolitan Nashville Public Schools (“MNPS”) System who resides in Davidson County.

The Organization entered into a Charter School Agreement with the Metropolitan Nashville Board of Education effective January 16, 2015, to operate Voyager as a charter school in Nashville, Tennessee. The school began classes in August 2015 and currently enrolls students in grades five through seven. Per Voyager’s charter agreement, enrollment in the school is open to any student within the MNPS System who resides in Davidson County.

Basis of Accounting

The Organization’s financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

The Organization, in accordance with governmental accounting standards, is considered a special purpose governmental entity that is engaged in both governmental and business type activities and is not a component unit of another governmental entity. Therefore, the financial statements are prepared in the same manner as general purpose governments.

Basic Financial Statements

The Organization's basic financial statements include both government-wide (reporting the Organization as a whole) and fund financial statements (reporting the Organization's major funds). The Organization's primary activities are all considered to be governmental activities and are classified as such in the government-wide and fund financial statements.

The government-wide financial statements of the Organization have been prepared on the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recognized when incurred.

The governmental funds financial statements are presented on the modified accrual basis of accounting. Revenues under the modified accrual basis are recognized when measurable and available and expenses are recognized when the related liability is incurred.

Government-wide Financial Statements

The government-wide financial statements focus on the sustainability of the Organization as an entity and the change in the Organization's net position resulting from the current year's activities.

In the government-wide statement of net position, activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The statement of net position presents the financial condition of the Organization at period-end.

Governmental accounting standards require the classification of net position into three components: net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide Financial Statements (Continued)

Net investment in capital assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances (if any) of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvements of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investments in capital assets. Rather, that portion of the debt is included in the same net asset component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), contributors or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – this component of net position consists of net position that does not meet the definition of restricted or net investment in capital assets. When both restricted and unrestricted assets are available for use, it is the Organization's policy to utilize restricted assets first, then unrestricted assets as needed.

The government-wide statement of activities reports both the gross and net cost of the Organization's functions. The functions are also supported by general government revenues (general revenues are primarily made up of district Basic Education Program funding and donations to the general fund). The statement of activities reduces gross expenses by related function revenues, operating and capital grants. Program revenues must be directly associated with the function. The net costs by function are normally covered by general revenue. The Organization allocated indirect cost between functions.

Fund Financial Statements

The financial transactions of the Organization are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balances, revenues and expenses.

The emphasis on fund financial statements is on the major funds. Nonmajor funds by category are summarized in a single column. Governmental accounting standards set forth minimum criteria for the determination of major funds. The Organization's only major fund is the general fund, which is also the Organization's primary operating fund. It accounts for all financial resources of the Organization, except those required to be accounted for in another fund. All of the Organization's financial resources were accounted for in the general fund as of June 30, 2016.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements (Continued)

The governmental funds' focus is upon the determination of financial resources, their balance, sources and use, rather than upon net income. The Organization follows governmental accounting standards that classify governmental fund balances as: nonspendable, restricted, committed, assigned or unassigned based on the level of constraints on the fund balances. When an expenditure is incurred in which both restricted and unrestricted funds are available for use, it is the Organization's policy to spend restricted funds first, then unrestricted funds. When an expenditure has been incurred for purposes in which multiple categories of unrestricted funds are available, it is the Organization's policy to spend funds in the following order, committed, then assigned, and lastly unassigned funds. The classifications of fund balances are defined as follows:

Nonspendable – This classification consists of fund balances that cannot be spent because they are either not in spendable form, for example, noncash amounts that are not expected to be converted to cash, or the funds are legally or contractually required to be maintained intact.

Restricted – This classification consists of fund balances with external constraints on use imposed by creditors (such as through debt covenants), contributors or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Committed – This classification consists of fund balances that can only be used for specific purposes established by formal action of the Organization's Board of Directors, its highest level of decision making authority. Such commitments should include contractual obligations of fund assets. Fund balance commitments can only be removed by the same process of the same body employed to previously commit those amounts.

Assigned – This classification consists of all fund balances that are not in the general fund or classified as nonspendable, restricted or committed. In addition, general fund balances that the Organization intends to use for specific purposes are also classified as assigned. The Organization gives the authority to assign amounts to specific purposes to the Organization's Founder and CEO and personnel under the supervision of the Founder and CEO tasked with financial recording responsibilities.

Unassigned – This classification consists of all fund balances in the general fund that are not reported as nonspendable, restricted, committed or assigned.

Functional Allocation of Expenses

The costs of providing various programs and other services have been reported on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs, general and administrative, and fundraising, based on estimates made by management.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

The Organization considers deposits that can be redeemed on demand and investments that have original maturities of less than three months, when purchased, to be cash equivalents. As of June 30, 2016, the Organization's cash and cash equivalents were deposited in one financial institution. The Organization routinely maintains deposit balances in excess of federally insured limits with certain financial institutions.

Receivables

Receivables represent amounts due from grants or funding which have been approved but not received. All receivables are reported at estimated collectible amounts.

Capital Assets

Property and equipment are recorded at acquisition cost, if purchased, or the fair value on the date received, if donated. The cost of routine maintenance and repairs is expensed as incurred. Expenditures which materially extend the economic lives, change capacities, or improve the efficiency of the related assets are capitalized. Upon sale or retirement, the cost and related accumulated depreciation are removed from the respective accounts, and the resulting gain or loss, if any, is included in the statement of activities. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, ranging from three to seven years, or over the term of the lease for leasehold improvements, if less. The Organization follows the practice of capitalizing all expenditures for property and equipment items over \$5,000.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Organization reports the following deferred outflow of resources related to the pensions: Contributions made subsequent to the pension measurement date, difference between expected and actual experience, difference between projected and actual investment earnings, and changes in proportionate share of the net pension liability.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Organization also reports the following deferred inflow of resources related to pensions: differences between expected and actual experience and differences between projected and actual investment earnings.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Grants

The Organization received Federal financial assistance through state agencies. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies.

Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Organization as of June 30, 2016.

Income Taxes

The Organization is a not-for-profit school that is exempt from federal income taxes under the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation and is similarly exempt from state income taxes.

Pensions

The Academy participates in the following three defined benefit pension plans:

Certified Employees – Tennessee Consolidated Retirement System (“TCRS”) Collectively the “TCRS Plans”

- Teacher Legacy Pension Plan
- Teacher Retirement Plan

Non-Certified Employees – Metropolitan Government of Nashville and Davidson County, Tennessee (“Metropolitan Government”)

- Metro Pension Plan of the Metropolitan Employees Benefit Trust (the “Metro Plan”)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from the plan’s fiduciary net position have been determined on the same basis as they are reported by the TCRS and the Metropolitan Government. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan and the Teacher Retirement Plan. Investments are reported at fair value.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Budgetary Comparison Statement

The Organization is not required to adopt a legally binding budget; therefore no budgetary comparison statement of the General Fund has been presented.

Fair Value of Financial Instruments

The carrying value of cash and cash equivalents, receivables, accounts payable and accrued liabilities approximate fair value because of the short maturity of these instruments.

Subsequent Events

The Organization has evaluated subsequent events for potential recognition and disclosure through January 18, 2017, the date the financial statements were available to be issued.

NOTE 3 – CAPITAL ASSETS

Capital assets consist of the following:

	<u>June 30, 2015</u>	<u>Additions</u>	<u>Deletions</u>	<u>June 30, 2016</u>
Buildings and improvements	\$ 1,027,810	\$ 5,295,292	\$ -	\$ 6,323,102
Furniture and fixtures	104,931	163,786	-	268,717
Computer equipment	55,755	241,622	-	297,377
Land	651,700	2,629,300	-	3,281,000
Construction in progress	<u>1,670,347</u>	<u>1,777,216</u>	<u>-</u>	<u>3,447,563</u>
	3,510,543	10,107,216	-	13,617,759
Accumulated depreciation	<u>(92,579)</u>	<u>(315,198)</u>	<u>-</u>	<u>(407,777)</u>
Capital assets, net	<u><u>\$ 3,417,964</u></u>	<u><u>\$ 9,792,018</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 13,209,982</u></u>

NOTE 3 – CAPITAL ASSETS (Continued)

Depreciation expense was charged to functions as follows:

Governmental activities:

Student instruction and services \$ 315,198

NOTE 4 – NOTES PAYABLE

In November 2014, the Organization entered into a loan agreement with Charter School Growth Fund. Under terms of the loan, the Organization received \$100,000 to be used for general support and management of the Organization. The note bears interest at 1.00%. The entire principal amount plus any accrued and unpaid interest is due on June 30, 2020; however, under terms of the loan, the note may be forgiven provided the Organization meets certain milestones.

In June 2015, the Organization entered into a loan agreement with Charter School Growth Fund. Under terms of the loan, the Organization received \$100,000 to be used for general support and management of the Organization. The note bears interest at 1.00%. The entire principal amount plus any accrued and unpaid interest is due on June 17, 2021; however, under terms of the loan, the note may be forgiven provided the Organization meets certain milestones.

In February 2015, the Organization entered into a loan agreement with Self-Help New Markets XIV, LLC for the purchase of certain real estate. The agreement is secured by a first priority lien on the Organization's real estate and other personal property. Additionally, the agreement contains restrictive covenants. At June 30, 2016, the Organization was in compliance with these covenants. The note required monthly interest payments at 4.43% through August 2015. Commencing on September 1, 2015, the note requires monthly principal and interest payments with any remaining principal and accrued and unpaid interest due on December 1, 2022. Amounts outstanding under this note totaled \$3,977,418 at June 30, 2016.

In February 2016, the Organization entered into a loan agreement with Charter School Growth Fund Revolving Facilities Loan Fund, LLC for the purchase of certain real estate. The agreement is secured by a first priority lien on the Organization's real estate and other personal property. Additionally, the agreement contains restrictive covenants. At June 30, 2016, the Organization was in compliance with these covenants. The note required a principal payment of \$1,600,000 plus all unpaid accrued interest at 2.75% upon the initial disbursement of construction funding from the senior lender. The note requires 50% of the remaining balance plus all unpaid accrued interest to be paid February 5, 2019, with the remaining 50% balance and all unpaid accrued interest due on February 5, 2021. Amounts outstanding under this note totaled \$1,900,000 at June 30, 2016.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 4 – NOTES PAYABLE (Continued)

In February 2016, the Organization entered into a loan agreement with Self-Help Ventures Fund for the purchase of certain real estate and construction of property. The agreement is secured by a first priority lien on the Organization's real estate and other personal property. Additionally, the agreement contains restrictive covenants. At June 30, 2016, the Organization was in compliance with these covenants. The funds were placed in a disbursement account by the lender and released as requested for payment of construction progress. The loan is composed of two tranches, Tranche A and Tranche B. Tranche A represents the portion of the loan equal to \$6,300,000 and Tranche B represents the remainder of the loan, up to the maximum loan amount of \$10,080,000. The note requires monthly interest payments at 4.00% and 6.26% for Tranche A and Tranche B, respectively, through February 2017. Commencing March 1, 2017, the note will require monthly principal and interest payments with any remaining principal and accrued and unpaid interest due on January 1, 2023. Amounts outstanding under this note totaled \$10,080,000 at June 30, 2016.

Future principal payments on the notes are as follows at June 30, 2015:

Years Ending <u>June 30,</u>	
2017	\$ 163,676
2018	314,113
2019	1,279,260
2020	445,139
2021	1,411,786
Thereafter	<u>12,543,444</u>
	<u>\$ 16,157,418</u>

NOTE 5 – CONCENTRATIONS

The Organization received 70% of its funding for operations from MNPS based on the State of Tennessee's Basic Education Program ("BEP"). BEP funding is designated to schools based on student attendance. Gross BEP funding for the period ended June 30, 2016 was \$4,700,005.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS

Teacher Legacy Pension Plan of TCRS

General Information about the Pension Plan

Plan description. Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of the Organization are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Education Agencies (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 and vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Legacy Pension Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Legacy Pension Plan of TCRS (Continued)

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Organization for the period ended June 30, 2016 to the Teacher Legacy Pension Plan were \$47,836 which is 9.04 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension liabilities (assets). At June 30, 2016, the Organization reported a liability of \$2,433 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial value as of that date. The Organization's proportion of the net pension liability was based on the Organization's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, the Organization's proportion was 0.005938 percent. The proportion measured as of June 30, 2014 was 0.000000 percent.

Pension expense. For the year ended June 30, 2016, the Organization recognized pension expense of \$10,646.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the period ended June 30, 2016, the Organization reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,952	\$ 37,864
Net difference between projected and actual earnings on pension plan investments	43,925	59,630

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Legacy Pension Plan of TCRS (Continued)

Changes in proportion of Net Pension Liability (Asset)	\$ 63,500	\$ -
LEA's contributions subsequent to the measurement date of June 30, 2015	47,836	(not applicable)
Total	\$ 157,213	\$ 97,494

The Organization's employer contributions of \$47,836, reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:

2017	\$ (3,378)
2018	(3,378)
2019	(3,378)
2020	16,499
2021	5,518
Thereafter	-

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost of Living Adjustment	2.5 percent

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Legacy Pension Plan of TCRS (Continued)

Mortality rates are customized based on the June 30, 2012 actuarial experience study and included an adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%
		<u>100%</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Legacy Pension Plan of TCRS (Continued)

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share of net pension liability (asset) to changes in the discount rate. The following presents the Organization's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what the Organization's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease	Current	1% Increase
	(6.5%)	Discount Rate	(8.5%)
	(7.5%)	(7.5%)	(8.5%)
Proportionate share of the net pension liability (asset)	\$ 165,846	\$ 2,433	\$ (132,854)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2016, the Organization reported a payable of \$3,711 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2016.

Teacher Retirement Plan

General Information about the Pension Plan

Plan description. Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of State Department of Education are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014 are provided with pensions through a legally separate plan referred

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Retirement Plan of TCRS (Continued)

to as the Teacher Retirement Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits provided. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Members are entitled to receive unreduced service retirement benefits, which are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLA, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5 percent of salary. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4 percent, except for in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2016 to the Teacher Retirement Plan were \$39,351, which is 4 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Retirement Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension liabilities (assets). At June 30, 2016, the Organization reported an asset of \$3,525 for its proportionate share of the net pension asset. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial value as of that date. The Organization's proportion of the net pension liability was based on the Organization's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, the Organization's proportion was 0.087615 percent.

Pension Expense. Since the measurement date is June 30, 2016, the Organization recognized pension expense of \$4,619.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the period ended June 30, 2016, the Organization reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 1,147
Net difference between projected and actual earnings on pension plan investments	<u>285</u>	<u>-</u>
LEA's contributions subsequent to the measurement date of June 30, 2015	<u>39,351</u>	<u>(not applicable)</u>
Total	<u>\$ 39,636</u>	<u>\$ 1,147</u>

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Retirement Plan (Continued)

The Organization's employer contributions of \$39,351, reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:		
2017	\$	(24)
2018		(24)
2019		(24)
2020		(24)
2021		(96)
Thereafter		(669)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial assumptions. The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Graded salary ranges from 8.97 to 3.71 percent based on age, including inflation, averaging 4.25 percent
Investment rate of return	7.5 percent, net of pension plan investment expenses, including inflation
Cost of Living Adjustment	2.5 percent

Mortality rates are customized based on the June 30, 2012 actuarial experience study and included an adjustment for expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Retirement Plan (Continued)

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3 percent. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.46%	33%
Developed market international equity	6.26%	17%
Emerging market international equity	6.40%	5%
Private equity and strategic lending	4.61%	8%
U.S. fixed income	0.98%	29%
Real estate	4.73%	7%
Short-term securities	0.00%	1%
		<u>100%</u>

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5 percent based on a blending of the three factors described above.

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 6 – RETIREMENT PLANS (Continued)

Teacher Retirement Plan (Continued)

Sensitivity of the proportionate share of net pension liability (asset) to changes in the discount rate. The following presents the Organization's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what the Organization's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease	Current	1% Increase
	(6.5%)	Discount Rate	(8.5%)
	(6.5%)	(7.5%)	(8.5%)
Proportionate share of the net pension liability (asset)	\$ 625	\$ (3,525)	\$ (6,568)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2016, the Organization reported a payable of \$5,384 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2016.

Metro Plan

General Information about the Pension Plan

Plan description. The Metro Plan is established under the authority of the Metropolitan Charter, Article XIII. Approval of the Metropolitan Council is required to establish and amend benefit provisions. Article XIII also required that the pension plan be actuarially sound. Administrative costs of the plan are financed through plan assets. The plan is managed by the Metropolitan Employee Benefit Board, an independent board, created by the Metropolitan Charter. The Board is composed of ten members as follows: Finance Director, Human Resources Director, three members appointed by the Mayor, and five members selected by the employees and retirees of the Metropolitan Government. Additional information about the Metro Plan can be found in the publically available comprehensive annual financial report of the Metropolitan Government. That report may be obtained at www.nashville.gov.

Benefits provided. As of July 1, 1995, Division B of the Metro Plan was established for all non-certified employees of the Metropolitan Nashville Public Schools, including charter schools, and all other Metro Government employees. Employees with an effective hire date of July 1, 1995, or later are only eligible to participate in Division B of the Metro Plan.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Metro Plan (Continued)

Normal retirement for employees participating in the Metro Plan occurs at the unreduced retirement age with is the earlier of (a) the date when the employee's age plus the completed years of credited service equals 85, but not before age 60; or (b) the date when the employee reaches age 65 and completes 5 years of credited employee service. The lifetime monthly benefit is calculated as 1/12 of the sum of 1.75 percent of average earnings based upon the previous 60 consecutive months of credit service for employees employed on or between October 1, 2001, and December 31, 2012, who vest before leaving employment. Benefits fully vest on completing 10 years of service for employees and non-vested employees hired or rehired on or after January 1, 2013. An early retirement option, with reduced benefits, is available for retired employees if the termination occurs prior to the eligibility under normal retirement but after age 50 and after the completion of 10 years of credited employee service.

All assets of the Metropolitan Employees' Benefit Trust Fund may legally be used to pay benefits to any plan members or beneficiaries.

Contributions. The funding policy is to provide for periodic contributions at actuarially determined rates that are designed to accumulate sufficient assets to pay benefits when due. All funding is provided under an actuarially recommended employee contribution rate of 17.987 percent for the non-certificate employees of the Metropolitan Nashville Public Schools, including charter schools, and all other Metropolitan Government employees. Employer contributions for the period ended June 30, 2016 to the Metro Plan were \$137,824, which is 17.987 percent of covered payroll.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension liabilities (assets). At June 30, 2016, the Organization reported a liability of \$93,043 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial value as of that date. The Organization's proportion of the net pension liability was based on the Organization's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, the Organization's proportion was 0.354898 percent.

Pension Expense. For the year ended June 30, 2016, the Organization recognized pension expense of \$69,797.

NOTE 6 – RETIREMENT PLANS (Continued)

Metro Plan (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2016, the Organization reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ -	\$ 8,981
Net difference between projected and actual earnings on pension plan investments	79,588	-
Changes in proportion of Net Pension Liability (Asset)	<u>6,171</u>	<u>-</u>
LEA's contributions subsequent to the measurement date of June 30, 2015	<u>137,824</u>	<u>(not applicable)</u>
Total	<u>\$ 223,583</u>	<u>\$ 8,981</u>

The Organization's employer contributions of \$137,824, reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2017	\$ 25,803
2018	25,803
2019	25,803
2020	16,876
2021	(7,689)
Thereafter	(9,818)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

VALOR COLLEGIATE ACADEMIES
NOTES TO FINANCIAL STATEMENTS (Continued)
June 30, 2016

NOTE 6 – RETIREMENT PLANS (Continued)

Metro Plan (Continued)

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of July 1, 2015. Actuarial assumptions are summarized below:

Inflation	2.60 percent
Salary increases	4.00 percent
Investment rate of return	7.50 percent, net of pension plan investment expenses, including inflation
Cost of Living Adjustment	1.50 percent

Mortality rates are customized based on the 110% RP-2000 Healthy Annuitant Mortality Table for Males and Females, as determined by the period actuarial experience study. The actuarial assumptions used in the July 1, 2015 valuation were based on the results of an actuarial experience study for the period 2007 to 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class from historical returns and consensus expectations of future returns. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Metro Plan's target asset allocation are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>
U.S. equity	6.60%	20%
International equity	10.10%	13%
Private equity	7.60%	12%
Equity hedge	5.80%	7%
Real estate	6.10%	12%
Core plus fixed income	1.80%	21%
Fixed income alternatives	5.60%	15%
		100%

NOTE 6 – RETIREMENT PLANS (Continued)

Metro Plan (Continued)

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. Based on the Metro Plan assumptions and funding policy, the fiduciary net position for the plan was projected to be available to make all projected future benefit payments to current members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the proportionate share of net pension liability (asset) to changes in the discount rate. The following presents the Organization's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5 percent, as well as what the Organization's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Proportionate share of the net pension liability (asset)	\$ 242,703	\$ 93,043	\$ (41,645)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in a separately issued Metropolitan Government financial report.

Payable to the Pension Plan

At June 30, 2016, the Organization reported a payable of \$43,494 for the outstanding amount of contributions to the pension plan required at the year ended June 30, 2016.

NOTE 7 – LETTER OF CREDIT AND RESTRICTED CASH

In February 2016, the Organization secured a standby letter of credit with a financial institution for the benefit of the Organization's creditors. The letter of credit is in the amount of \$300,000 and expired on December 31, 2016. The letter of credit was collateralized by \$300,000 of cash at June 30, 2016, which was reported as restricted on the statement of net position.

Restricted cash totaling \$3,905,073 at June 30, 2016, related to proceeds received under the Organization's notes payable to be used exclusively for ongoing construction and renovations of the Organization's schools.

NOTE 8 – RISK OF LOSS

Cash and Cash Equivalents

Custodial credit risk is the risk, that in the event of bank failure, the Organization's deposits may not be returned to it. The Organization does not have a policy for custodial risk. As of June 30, 2016, the Organization has not experienced any losses in such accounts and considers this to be a normal business risk. Uninsured balances total \$1,419,942 at June 30, 2016.

Category 1 includes cash and cash equivalent balances that are uncollateralized. Category 2 includes bank balances that are collateralized with securities held by the pledging financial institution. Category 3 includes bank balances that are collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor's (Organization's) name.

	June 30, 2016		
	<u>Custodial Credit Risk Category</u>		
	<u>1</u>	<u>2</u>	<u>3</u>
Uninsured cash and cash equivalents	<u>\$ 1,419,942</u>	<u>\$ -</u>	<u>\$ -</u>

Insurance

The Organization is exposed to various risks of loss similar to a commercial business, such as general liability, errors and omissions, and other situations. The Organization purchases commercial insurance for the significant risks of loss. Settled claims have not exceeded the insurance coverage limits during the Organization's operation.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Valor Collegiate Academies as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Valor Collegiate Academies' basic financial statements, and have issued our report thereon dated January 18, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Valor Collegiate Academies' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Valor Collegiate Academies' internal control. Accordingly, we do not express an opinion on the effectiveness of Valor Collegiate Academies' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Valor Collegiate Academies' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
