INDEPENDENT AUDITORS' REPORT

BOARD OF TRUSTEES SOUTHERN ENVIRONMENTAL LAW CENTER CHARLOTTESVILLE, VIRGINIA

We have audited the accompanying statement of financial position of Southern Environmental Law Center (a nonprofit organization) as of March 31, 2010, and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the organization's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year comparative information has been derived from the Center's 2009 financial statements, and in our report dated September 2, 2009, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southern Environmental Law Center as of March 31, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements As of March 31, 2010

NOTE 1 - DESCRIPTION OF ORGANIZATION:

The Southern Environmental Law Center ("SELC"), a not-for-profit organization, was incorporated in the State of North Carolina in November, 1985. SELC's mission is to protect the natural resources of the Southeast through legal advocacy, assistance to state and local environmental groups, and regional leadership on key Southeastern environmental issues.

The Organization is classified as a public interest law firm and is exempt from Federal income taxes under Section 501 (c)(3) of the Internal Revenue Code, and comparable state law. Contributions to the Organization are tax deductible within the limitation prescribed by the code. The Organization has been classified as a publicly supported organization that is not a private foundation under Section 509 (a) of the code.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Contributions:

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Receivables are all deemed to be collectible and no allowance for uncollectible accounts is deemed necessary.

The Organization reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long these long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Cash and Cash Equivalents:

The Organization considers all cash in banks, certificates of deposits, and highly liquid temporary cash investments with maturities generally of three months or less to be cash equivalents.

Property and Equipment:

The Organization follows the practice of capitalizing all expenditures for property and equipment in excess of \$5,000. The fair value of donated fixed assets is similarly capitalized. Depreciation of property and equipment is provided using the straight line method of accounting based on estimated useful lives of the assets which range from 5 to 7 years. Total accumulated depreciation contains fully depreciated assets that were previously expensed using both the straight line and the double-declining balance methods.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES: (continued)

Split Interest Agreements:

SELC serves as trustee of a charitable remainder unitrust. The donor retains the right to amend the remainder beneficiary of the trust. Accordingly, a liability is recorded in an amount equal to the fair value of the assets. The fair value of the assets held under split interest agreements at March 31, 2010 and 2009 consists of the following:

	March 31,				
	2010		2009		
Cash and cash equivalents	\$ 2,159	\$	2,129		
Fixed income	15,286		15,696		
Equities and equity funds	56,713		49,427		
Other	24,422		24,146		
Total	\$ 98,580	\$	91,398		

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Donated Materials and Services:

Donated materials and equipment are reflected as contributions in the accompanying statements at their estimated values at date of receipt. No amounts, other than those described in Note 7, have been reflected in the statements for donated services because they were not material to the financial statements. Nevertheless, a substantial number of volunteers have donated significant amounts of their time in the Organization's program services and fundraising activities.

Reclassifications:

Certain amounts from the prior year have been reclassified to conform with the current year classifications.

NOTE 3 - CASH, CASH EQUIVALENTS AND INVESTMENTS:

At March 31, 2010 SELC had cash in the bank that exceeded federally insured amounts. The amount of this excess totaled \$4,044.

NOTE 4 - GRANTS RECEIVABLE:

In accordance with non-profit accounting principles, SELC is obligated to determine which awarded grants that were not paid as of the end of the fiscal year were unconditional or conditional promises to give. If a grant is determined to be an unconditional promise to give, it is recorded as a grant receivable. If determined to be a conditional promise to give, the award is disclosed, but not recognized as income.

Notes to Financial Statements As of March 31, 2010 (continued)

NOTE 4 - GRANTS RECEIVABLE: (continued)

However, the employer contribution does not begin until two years of service has been reached. Notes to Financial Statements As of March 31, 2010 (continued)

NOTE 11 - ENDOWMENT:

SELC's endowment consists of an individual fund established for a variety of purposes. Its endowment includes donor-restricted endowment funds. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

SELC received substantial pledges for its endowment during the fiscal year ended March 31, 2010. The Board of Trustees of SELC has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the retention (preservation) of the value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, SELC classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulation to the permanent endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the organization considers the following factors, in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the organization.

NOTE 11 - ENDOWMENT: (continued)

Return Objectives and Risk Parameters

SELC's Board of Trustees has charged the Investment Committee to consider investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets that the organization must hold in perpetuity or for a donor-specified period as well as board-designated funds. The endowment assets will be invested in a manner that is intended to accommodate investment styles and strategies that are considered reasonable and prudent, while providing long-term growth.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, SELC relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

Management of SELC intends to reinvest earnings of the endowment fund until the total endowment reaches \$10 million. The spending rate will be determined annually by the Board of Trustees as part of the budgeting process.

NOTE 12 – FAIR VALUE MEASUREMENTS:

Fair value for investments are determined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The three-level fair value hierarchy prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

NOTE 13 - CAPITAL CAMPAIGN:

The year ending March 31, 2010 followed the second year of SELC's 3-year fund raising campaign. The purpose of the campaign is to implement a new strategic action plan to expand reach and capacity and an endowment. The 3-year campaign began January 1, 2008 and will end December 31, 2010. The campaign has allowed for the creation of a new significant endowment fund and has provided a temporary large increase in net assets. SELC will hire additional legal staff and will open additional office locations over the next few years with these assets.
