Independent Auditor's Report

January 25, 2012

Camp Kesem National P.O. Box 1113 Lafayette, CA 94549

To the Board of Directors:

We have audited the accompanying statements of financial position of Camp Kesem National (a nonprofit organization) as of September 30, 2011 and September 30, 2010, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Camp Kesem National as of September 30, 2011 and September 30, 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Aransan Gelman + Pasner, Inc.

Camp Kesem National Notes to Financial Statements September 30, 2011 and September 30, 2010

Note 1 - Summary of Significant Accounting Policies

Nature of Organization

Camp Kesem National was incorporated under the laws of the state of California as a Domestic Nonprofit organization in 2003.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Depreciation

Fixed Assets are stated at cost less accumulated depreciation and amortization. Depreciation and amortization is provided on a straight-line basis to write off the cost of the assets over their useful lives. When assets are retired or otherwise disposed of, the asset and accumulated depreciation accounts are adjusted accordingly.

Income Taxes

Income taxes are not provided for in the financial statements since the organization is exempt from federal and state income taxes under Section 501(C)(3) of the Internal Revenue Code and similar state provisions.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported assets and liabilities at the date of the financial statements and reported amounts of revenue and expense during the period. Actual results could differ from those estimates.
