INTRODUCTION

The Metropolitan Development and Housing Agency ("MDHA" or the "Agency") is pleased to present its Annual Financial Report and Other Financial Information for the year ended September 30, 2015.

Responsibility and Controls

MDHA has prepared and is responsible for the financial statements and related information included in this report. A system of internal accounting control is maintained to provide reasonable assurance that assets are safeguarded and that the books and records reflect only authorized transactions. Limitations exist in any system of internal control. However, based on recognition that the cost of the system should not exceed its benefits, management believes its system of internal accounting control maintains an appropriate cost/benefit relationship.

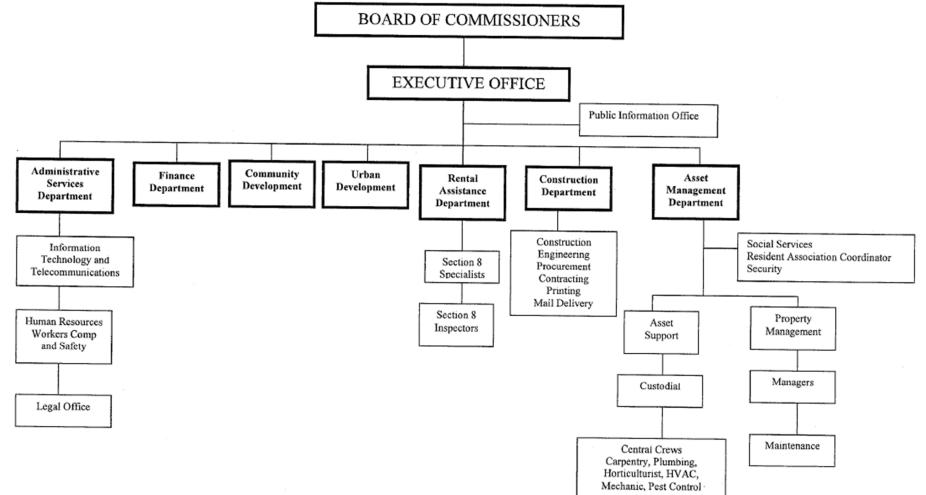

MDHA's system of internal accounting control is evaluated on an ongoing basis by internal financial staff. Mountjoy Chilton Medley LLP, MDHA's external auditors, also consider certain elements of the internal control system in order to determine auditing procedures for the purpose of expressing an opinion on the financial statements.

Management believes that its policies and procedures provide guidance and reasonable assurance that MDHA's operations are conducted according to management's intentions and to a high standard of business ethics. In management's opinion, the financial statements present fairly, in all material respects, the financial position of MDHA as of September 30, 2015, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Audit Assurance

The unmodified opinion of the independent external auditors, Mountjoy Chilton Medley LLP, on the September 30, 2015, financial statements is included in this report.

Report on the Financial Statements

We have audited the accompanying financial statements of the Metropolitan Development and Housing Agency (the "Agency"), a component unit of Metropolitan Government of Nashville and Davidson County, as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Kentucky

Indiana

Ohio

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of September 30, 2015, and its changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 7 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* is presented for purposes of additional analysis, and is not a required part of the basic financial statements. In addition, the accompanying schedule of actual costs for the specified project from inception of the project through completion and the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects, in relation to the financial statements as a whole.

Independent Auditor's Report (Continued)

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2016, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Metropolitan Development and Housing Agency's ("MDHA" or the "Agency") annual financial report presents management's discussion and analysis of the Agency's financial performance during the fiscal years ended September 30, 2015 and 2014. Please read this analysis in conjunction with the Agency's financial statements and accompanying notes.

FINANCIAL HIGHLIGHTS

Fiscal year 2015:

The Agency's total net position increased \$1.6 million or .5%, in part as a result of the following:

- Cash and Investments decreased \$17.5 million (-25.0%)
- Other Assets increased \$29.7 million (+85.8%)
- Bonds, Notes and Other Liabilities increased \$38.3 million (+77.3%)
- Operating Revenues decreased \$3.2 million (-3.0%)
- Operating Expenses decreased \$9.7 million (-8.0%)
- Operating Loss decreased \$6.5 million (-70.7%)
- Governmental Capital Contributions decreased \$3.4 million (-46.5%)

OVERVIEW OF THE FINANCIAL STATEMENTS

The annual financial report consists of two parts: management's discussion and analysis and the basic financial statements. The financial statements include a statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows and notes to the financial statements. The statement of net position provides a record or snapshot of the assets and liabilities at the close of the fiscal year. It presents the financial position of the Agency on a full accrual historical cost basis. The statement of revenues, expenses and changes in net position presents the results of the business activities over the course of the fiscal year. The statement of cash flows is related to the other financial statements by the way it links changes in assets and liabilities to the effects on cash and cash equivalents over the course of the fiscal year. The notes to the financial statements provide useful information regarding the Agency's significant accounting policies, significant account balances and activities, certain material risks, obligations, commitments, contingencies and subsequent events.

The Agency is supported by rentals, fees, and federal and state grants and follows enterprise fund reporting; accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Enterprise fund statements offer short-term and long-term financial information about the activities and operations of the Agency. While detailed sub-fund information is not presented, separate accounts are maintained for each program of the Agency to control and manage money for particular purposes or to demonstrate that the Agency is properly using specific grants.

Total Net Position	\$337,784,680	\$336,162,125	0.5 %

The Agency's total net position increased \$1.6 million, or .5%, in part as a result of the following:

- On December 31, 2014, the Agency entered into an agreement to assume full ownership of Nance Place Apartments. At that time, approximately \$1.5 million in accumulated net position was available to MDHA.
- Restricted cash decreased \$18.4 million and was offset by the decrease in funds held for others due to the payout of escrow funds held for certain tax increment financing loans.

On November 14, 2014, the Agency closed a lease/leaseback financing arrangement with Gates/Parking Real Estate Fund II for \$35,500,000 at a fixed interest rate of 4.839%. Loan proceeds of \$6.5 million were used to purchase the 505 Church Street property, with the remaining proceeds earmarked for the construction of a parking garage on the property as approved at the May 11, 2014 board meeting.

Additionally, on December 17, 2014, the Agency purchased CWA apartments for \$9.6 million. The complex is located at 200 S 4th Street, 522 Shelby Avenue and 400 Shelby Avenue consisting of 252 apartments adjacent to Cayce Place. HUD has approved the assumption of an existing Flexible Subsidy Loan on the property with an outstanding balance of \$6.1 million at an interest rate of 1.0%. The remaining \$3.5 million was funded from the Agency's central office cost center reserves.

Other changes	1,520,493		100.0 %
Change in Net Position	\$ 1,622,555	\$ (3,598,073)	(145.1) %

The increase in rental income is due to the Agency assuming full ownership of Nance Place apartments and the purchase of CWA Apartments in December 2014.

Other revenue increased due to the transfer of assets from Nance Place Apartments LP in December 2014 to MDHA resulting in a cash increase of \$1.5 million. The Agency received \$1 million from tax increment financing for construction of the retail space of a parking garage and reported as other revenue during 2015.

The decrease in governmental operating revenues and other operating expenses is a result of the decrease in rehabilitation projects from 2014 in which \$8 million of Community Development Block Grants (CDBG) and CDBG Disaster Recovery funds were expended.

CAPITAL ASSETS

Fiscal year 2015 as compared to fiscal year 2014:

	2015	2014	% Increase (Decrease)

Net Capital Assets	\$300,108,561	\$273,444,634	9.8 %

Net capital assets increased \$26.7, or 9.8% during fiscal year 2015. During fiscal year 2015 the Agency expended \$27.7 million on capital activities. The capital expenditures included \$14.2 million for the purchase of land and construction of a downtown parking garage; \$9.1 million for the purchase of CWA Apartments; \$3.7 million for improvements to Neighborhood Housing units; \$100,000 for fencing at Edgefield Cottages; \$99,000 for PTAC units at CB Waller; and \$200,000 for the construction of a mid-rise apartment complex at Cayce Place. The Agency assumed full ownership of Nance Place Apartments with net capital assets totaling \$10.6 million transferred December 31, 2014.

Capital asset acquisitions are capitalized at cost. Acquisitions are funded from federal grants and operating subsidy.

Depreciation expense on capital assets totaled \$11.5 million during fiscal year 2015.

DEBT ADMINISTRATION

Fiscal year 2015 as compared to fiscal year 2014:

			% Increase
	2015	2014	(Decrease)
Total Notes Payable - other	\$ 69,487,073	\$ 14,239,737	388.0 %

DEBT ADMINISTRATION (CONTINUED)

As of September 30, 2015, the Agency's note principal and interest outstanding totaled \$69.5 million - an increase of >100% from the prior year. In December 2014, the Agency assumed debt of \$6.2 as part of the purchase of CWA Apartments and \$10.4 million to take over full ownership of Nance Place Apartments. The Agency incurred \$12.8 million in new debt for the purchase of land and ongoing construction of a downtown parking garage. New debt of \$29.1 million for the Ballpark Project completed in 2015 is secured solely by revenue generated by tax increment properties in the Phillips Jackson Redevelopment district and recourse is limited to the incremental tax revenues received by MDHA. Since these debt proceeds are being provided to a component unit of the primary government, the Sports Authority of Metropolitan Nashville and Davidson County, it does not meet the definition of conduit debt and is reported by the Agency as debt offset by a corresponding amount recorded as other noncurrent assets.

NEW BUSINESS

In December 2013, the Agency applied to HUD for the conversion of its entire portfolio of public housing properties to Section 8 project-based assistance through the Rental Assistance Demonstration (RAD) program. Under the procedures for a portfolio conversion, the Agency was required to submit detailed applications on at least half of the units being proposed for conversion. On March 25, 2015, HUD issued Commitments to enter into Housing Assistance Payment contracts (CHAPs) for each application submitted. In December 2015, the Agency submitted the financial package and capital needs assessment information for the properties that received CHAPs from HUD.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - NATURE OF THE AGENCY

The Metropolitan Development and Housing Agency of Nashville, Tennessee ("MDHA" or the "Agency"), a public corporate body, was organized in 1938 under the laws of the State of Tennessee and is a discretely presented component unit of the Metropolitan Government of Nashville and Davidson County (the "Metropolitan Government"). The Agency was created for the purpose of providing affordable housing opportunities in a safe environment. MDHA has administrative responsibility for various other community development programs whose primary purpose is the development of viable urban communities including the administration of capital projects on behalf of the Metropolitan Government.

The governing body of the Agency is its Board of Commissioners, composed of seven members appointed by the Mayor and confirmed by the Metropolitan Council of Nashville and Davidson County, Tennessee.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement focus, basis of accounting and basis of presentation

The financial statements are presented using the accrual basis of accounting with an economic resources measurement focus. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. As permitted by accounting principles generally accepted in the United States of America (GAAP), the Agency has elected to apply all relevant Government Accounting Standards Board (GASB) pronouncements and only applicable Financial Accounting Standards Board (FASB) Accounting Standards Certification (ASC) pronouncements that do not contradict GASB pronouncements in the preparation of the financial statements.

The Agency distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from grant agreements, providing services, and producing and delivering goods in connection with the ongoing principal operations. The principal operating revenues of the Agency include program specific grants, rental income from tenants of the various single and multi-family housing projects and development fees for the administration of various community development programs and capital projects of the Metropolitan Government. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Reporting entity

As described in GASB Statement No. 34, paragraph 134, the Agency meets the definition of a special purpose government ("SPG"). MDHA is a legally separate entity that is engaged in only business-type activities. Business-type activities are defined as activities that are financed in whole or in part by fees charged to external parties for goods or services. SPGs engaged only in business-type activities are required to present only the financial statements required for proprietary funds, which includes Management's Discussion and Analysis ("MD&A"), basic financial statements, and Required Supplemental Information ("RSI"). All inter-program activities have been eliminated in these financial statements.

This program contains all the income and expenses associated with the Agency's centralized functions (e.g. executive, finance, human resources, information technology, purchasing, central maintenance, etc.). The establishment of the program was required by HUD regulations relating to asset management.

This fund accounts for all programs that are neither federal, state nor local that are administered by the Agency.

Cash and cash equivalents

The Agency's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents are stated at fair value.

Allowance for Doubtful Accounts

The Agency uses the allowance for bad debts method of valuing doubtful receivables which is based on historical experience, coupled with a review of the status of existing receivables. As of September 30, 2015, an allowance for doubtful tenant receivables in the amount of \$4,331,507 has been provided by management.

Investments

Investments consist primarily of certificates of deposit and are stated at cost, which approximates fair value given the nature of the investments.

Capital assets

Capital assets include property, plant, equipment, and infrastructure assets (e.g. roads, sidewalks, and similar items), with an initial, individual cost of more than \$5,000 and an estimated useful life of one year or more. Capital assets are stated at cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The costs of U. S. Department of Housing and Urban Development ("HUD") "Capital Fund" projects are reported as construction-in-progress until audited cost certification reports are approved by HUD, at which time such costs are transferred to appropriate fixed assets categories. Depreciation is provided by the straight-line method over the following estimated useful lives of the assets:

Building and Improvements	10 to 40 years
Infrastructure	10 to 40 years
Furniture and Equipment	3 to 15 years

Additionally, the Agency holds certain capital assets under agreements with the Metropolitan Government. Under the agreements, the proceeds from the sale of such assets revert to the Metropolitan Government. The assets are recorded in capital assets at fair value at the date of transfer with a corresponding liability recorded for the expected amount owed to the Metropolitan Government upon sale.

Inventory

MDHA's inventory consists of vacant properties that have been purchased or received as contributions from the Metropolitan Government. Inventory also includes single-family homes that were constructed with federal or state funds and are available for sale to qualified agencies or individuals. Properties purchased or constructed are reported at historical cost. Properties contributed by the Metropolitan Government are recorded at fair value at the date of gift. These costs are reported as inventory until such time as the property is sold or used.

Provision for uncollectible notes

A note receivable is considered impaired when, based on current information, it is probable that all amounts of principal and interest due will not be collected according to the terms of the note agreement. Uncollectible notes are charged to the allowance account in the period such determination is made. The provision for uncollectible notes receivable was \$17,779,745 at September 30, 2015.

Other Assets

Included in other noncurrent assets is a receivable, which represents funds that have been pledged by the primary government for repayment of debt, related to the Sports Authority Ballpark Project detailed in Note 6.

Compensated absences

Employees earn annual leave at a rate ranging from 12 days per year for the first five years of service, up to a maximum of $25\frac{1}{2}$ days per year after 20 years. There is no requirement that annual leave be taken; however, the maximum permissible accumulation is $76\frac{1}{2}$ days. Sick leave is accumulated at the rate of one work day per month. Unused sick leave may accumulate to an unlimited amount. At termination, employees are paid for any accumulated annual leave, and employees who have completed 15 years or more of service will be paid 20% of unused sick leave. All annual leave and vested sick leave are accrued in the period incurred.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates in preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Restricted Assets

Restricted assets consist of cash and certificate of deposits, which are legally restricted. The restricted assets primarily are to be used for purposes specified under the Housing Choice Voucher or Family Self-Sufficiency programs. The restricted assets also include debt service escrow accounts for certain tax increment loans. When restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as they are needed.

Tenant Accounts Receivable Net of Bad Debt Expense

The State of Tennessee Comptroller's Office review of the 2004 audited financial statements cited that in accordance with Governmental Accounting Standards Board Statement No. 34, revenues in proprietary funds should be reported as net of all related allowances, which include amounts pertaining to uncollectible accounts. Therefore, the increase and decrease in the estimate of uncollectible accounts should be reported net of revenue instead of bad debt expense. The Agency's bad debt expense charged against revenue was \$1,049,600 for the year ended September 30, 2015.

NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

In accordance with GASB Statement No. 40 "Deposits and Investment Risk Disclosures," information related to cash, cash equivalents and investments is as follows:

A. Custodial Credit Risk

Custodial credit risk for deposits and investments is the risk that, in the event of failure by a financial institution, the Agency may not be able to recover the value of its deposits and investments or collateral securities that are in the possession of the financial institution. The policy of the Agency is to invest, on a daily basis, all idle funds in financial institutions that are secured by collateral of identifiable United States government securities. All cash and investments are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC) or other equivalent insurance companies of depository financial institutions. The deposits exceeding the insured or registered limits are collateralized with securities held by the Agency's financial institution.

B. Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of investments will adversely affect the fair value of an investment. The Agency's investment policy limits investments to provide the optimum return on the investment consistent with the cash management program of the Agency.

Investments are made based upon prevailing market conditions at the time of the transaction. The Agency reviews its cash and investment needs in order to maintain adequate liquidity to meet its cash flow needs. Investments will typically be limited to securities maturing in periods of up to one year, or such lesser period that coincides with expected disbursements by the Agency.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

C. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Investments are made under the 'prudent investor' standard to ensure that (a) due diligence is exercised in accordance with State law, (b) any negative deviations are reported timely and (c) reasonable action is taken to control any adverse developments. The Agency's investment policy requires investments to be made in accordance with HUD Financial Handbook, 7475.1 Chapter 4.

D. Concentration of Credit Risk

The Agency's investment policy does not limit the amount it may invest with one financial institution as long as all funds are secured by the FDIC or identifiable United States government securities.

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect fair value of an investment or a deposit. All of the Agency's deposits and investments are dominated in United States currency.

NOTE 3 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

Deposit and Investment Policy

MDHA's deposit and investment policy is governed by the laws of the State of Tennessee and HUD guidelines. Permissible investments include direct obligations of the U.S. Government and Agency securities, certificates of deposit, savings accounts, repurchase agreements and the State of Tennessee Local Government Investment Pool.

Deposits in financial institutions are required by State statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions, less the amount protected by federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its subdivisions. Collateral requirements are not applicable for financial institutions that participate in the State of Tennessee's bank collateral pool.

As of September 30, 2015, the majority of MDHA's deposits were held by financial institutions that participate in the bank collateral pool administered by the Treasurer of the State of Tennessee. Participating banks determine the aggregated balance of public fund accounts for MDHA.

The amount of collateral required to secure these public deposits must be at least 105% of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure in accordance with GASB Statement No. 40, *Deposit and Investment Risk Disclosures*.

Investments

Certificates of deposit were covered by the State bank collateral pool, federal depository insurance or collateralized with securities held by the government's agent in the government's name.

The Agency has not established a limit on the amount it may invest in any one issuer. Citizens Bank has 100% of the Agency's investments as of September 30, 2015 consisting solely of certificates of deposit.

At September 30, 2015, the future maturities of MDHA's investments are as follows:

MDHA has certain financial covenants included in its debt arrangements. MDHA was in compliance with these financial covenants as of September 30, 2015.

NOTE 7 - CONDUIT DEBT OBLIGATIONS

Tax increment financing ("TIF") is a method of funding certain public investments for redevelopment by recapturing, for a time, all or a portion of the increased tax revenue that may result if private investment can be stimulated to occur. Tax increment can only be generated by the increased taxes resulting from private development on land in a redevelopment district that has been acquired and re-sold or leased by MDHA. The tax increment due to the difference in the tax basis is then diverted to the redevelopment agency which may use those funds to finance public purpose expenditures or to repay bonds or notes that were issued to finance those expenditures. These loans are special limited obligations of MDHA, payable solely from and secured by a pledge of the tax increment revenues designated for the payment of the loan. The loans do not constitute debt or a pledge of credit of MDHA or the Metropolitan Government and, accordingly, are not reported in the accompanying financial statements.

The Tax Increment Financing Loans, including related accrued interest payable, aggregated approximately \$127 million at September 30, 2015.

Section 108 is the loan guarantee provision of the Community Development Block Grant Program. Section 108 provides communities with a source of financing for economic development, housing rehabilitation, public facilities and large scale physical development projects. The Metropolitan Government has borrowed funds under this program and guaranteed repayment of the loan by pledging present and future Community Development Block Grants. MDHA is the agent designated by the Metropolitan Government to administer the CDBG program; therefore, the outstanding loan does not constitute a debt of MDHA, and it is not reported in the accompanying financial statements. At September 30, 2015, the Section 108 loans outstanding aggregated to approximately \$1.44 million.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 8- RISK MANAGEMENT

MDHA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. MDHA maintains commercial insurance covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to MDHA. During the year ended September 30, 2015, settled claims have not exceeded this commercial insurance coverage.

NOTE 9 - EMPLOYEE BENEFIT PLANS

The MDHA retirement plan is a 401A Plan administered by the Vanguard Group. The Plan, which is principally a defined contribution plan, also provides certain minimum defined benefits for employees who were participants in the MDHA Retirement Plan as of September 30, 2000. Based on an actuarial study performed as of July 1, 2013, the Agency had no required contribution due related to the defined benefit portion of the Plan. Employees are eligible to participate beginning the first day of the month following the date of hire. There are no required contributions by the participants; however, participants may make voluntary contributions from 0.5% to 10% of basic compensation and MDHA contributes 13% of participants' basic compensation. Contributions are invested in any of twenty-two funds as elected by the participant. Investment options and voluntary contributions may be changed daily.

Participants' voluntary contributions plus actual earnings are immediately vested. Participants are also immediately vested in 5.5% of the 13% of MDHA's contributions. Each year of participation in the Plan, participants vest at the rate of 20% of the remaining balance and become fully vested after 5 years.

Benefits are paid in the form of a cash distribution or various other annuity options at normal retirement date, age 65, death or disability. Participants may also elect to roll the vested portion of retirement savings into another qualifying plan or an IRA or leave the amount in the Plan. Early retirement may be elected by employees at age 55 who have at least ten years of service.

MDHA contributions to the Plan for the year ended September 30, 2015 amounted to \$1,826,904, which equaled the amount of required employer contributions. Employee voluntary contributions were \$220,298 in 2015. MDHA's payroll for employees covered by the Plan for the fiscal year ended September 30, 2015 was \$14,053,110. Total payroll for MDHA during the fiscal year ended September 30, 2015 amounted to \$15,290,611.

MDHA sponsors a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan permits all employees to defer a portion of salary until future years. Such amounts are not available to them until termination, retirement, death or unforeseeable emergency. No contributions are made to this Plan by MDHA.

NOTE 10 – LEASES

MDHA leases certain office space and equipment under leases accounted for as operating leases. The minimum future rental commitments under these leases are not significant. Total lease expenditures made for the year ended September 30, 2015 were \$78,688.

In addition, rental income, other than rent directly related to low-income housing units, is received under various other short-term land and building leases accounted for as operating leases. These leases are either cancelable leases or the future minimum rentals under these leases are insignificant. Rental income from these sources totaled \$484,545 for the year ended September 30, 2015.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 11 - COMMITMENTS AND CONTINGENCIES

MDHA receives significant financial assistance from numerous federal, state and local governmental agencies in the form of grants and operating subsidies. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of MDHA. In the opinion of management, any such disallowed claims would not have a material effect on the financial position of MDHA at September 30, 2015.

At September 30, 2015, the Agency had outstanding construction commitments of approximately \$38 million. These outstanding commitments will be paid by grants committed to the Agency by the U.S. Department of Housing and Urban Development and the Metropolitan Government of Nashville and Davidson County, Tennessee.

MDHA is a defendant in various lawsuits arising in the ordinary course of operations. Although the outcome of these lawsuits is not presently determinable, in the opinion of management and MDHA's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of MDHA. Accordingly, no provision for loss, if any, related to these matters has been made in the financial statements.

NOTE 12 - AFFILIATE AGREEMENTS

MDHA has assisted in the financing of a new 152-unit multifamily residential development known as Vine Hill Homes (the "Project") in the form of loans to Vine Hill Homes, LLC. These loans were made in consideration of Vine Hill's construction of the Project, including 136 units to be used as public housing. The 136 units are eligible to receive the benefit of operating subsidies provided to MDHA by HUD. Additional funding for the development of Vine Hill came from the sale of federal low-income housing tax credits in the amount of approximately \$1,500,000. Proceeds from the sale of the tax credits were used to repay certain loans made by MDHA to Vine Hill. (See Note 5.)

The apartment project is managed by MDHA which is to receive a fee of 5% of the annual gross revenues of the Project with respect to the nonpublic housing units. Vine Hill has executed a ground lease agreement with MDHA, with various use restrictions and operating requirements, for a term of ninety-nine years. Upon expiration of the agreement, Vine Hill shall have an option to purchase the land for \$100, provided the development notes have been paid in full. (See Note 5.)

MDHA has also assisted in the financing of mixed income affordable and market rate residential housing in the form of loans to Preston Taylor Homes, LLC. Preston Taylor Homes Phase I consisted of the demolition of 300 units of housing on the north side of the Preston Taylor site and the new construction of 51 rental duplex and townhouse buildings comprising 182 units of rental housing. Of the 182 units, 170 shall be public housing units eligible to receive the benefits of operating subsidies provided to MDHA by HUD. The remaining 12 units shall be market units. Phase I of the project was completed in November 2002. Preston Taylor Homes Phase II consisted of the demolition of 250 units of housing and the new construction of 116 units, of which 104 are public housing units and 12 are market rate units. Phase II of the project was completed in October 2003. (See Note 5.)

The apartment project is managed by MDHA which receives a fee of 6% of the gross revenues of the Project with respect to the nonpublic housing units. A ninety-nine year ground lease has been executed with MDHA. Upon expiration of the agreement, Preston Taylor shall have an option to purchase the land for \$100, provided the development notes have been paid in full. (See Note 5.)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 12 - AFFILIATE AGREEMENTS (CONTINUED)

MDHA guarantees certain financial obligations of Vine Hill Homes, LLC and Preston Taylor Homes, LLC that include advances of funds, capital contributions, loans, and any and all other payments and options per the Operating Agreements. As of September 30, 2015, management does not believe the financial obligations, if any, would be material to the financial statements. Tax credit availability and compliance guarantees are also provided by MDHA.

NOTE 13 - NET POSITION

The Agency's net position is categorized as follows:

- Net investment in capital assets This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, capital lease obligations or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position This component of net position consists of restricted assets, whereby constraints are placed on assets by creditors (such as debt covenants), grantors, laws and regulations.
- Unrestricted net position This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets".

The changes in net position for the year ended September 30, 2015 are as follows:

]	Net Investment in			
	Capital Assets	Restricted	Unrestricted	Totals
Net Position - September 30, 2014	\$259,204,897	\$ 54,531	\$76,902,697	\$ 336,162,125
Changes in net position - 2015	(485,553)	1,041,539	1,066,569	1,622,555

NOTE 14 – INCOME TAXES

The Agency has qualified with the Internal Revenue Service and the Tennessee Department of Revenue as a tax-exempt organization for income tax purposes and, accordingly, there is no provision in the financial statements for federal or state income taxes.

NOTE 15 – MAJOR FUNDING SOURCE

The Agency is substantially funded by Federal awards. The amount of future funding cannot be determined at this time by management.

NOTE 16 – SUBSEQUENT EVENTS

The Agency has evaluated events and transactions for potential recognition or disclosure through the date of the Independent Auditor's Report and the date the accompanying financial statements were available to be issued and has identified the following subsequent event.

On December 4, 2015, the Agency paid off the debt on the two Tax-Exempt Municipal Lease Purchase Financing Contracts totaling \$4.6 million with restricted cash escrowed for their repayment.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards*

To the Board of Commissioners Metropolitan Development and Housing Agency

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Metropolitan Development and Housing Agency (the "Agency"), which comprise the statement of net position as of September 30, 2015, and the statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 18, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Government Auditing Standards* (Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance

To the Board of Commissioners Metropolitan Development and Housing Agency

Report on Compliance for Each Major Federal Program

We have audited the Metropolitan Development and Housing Agency's (the "Agency's") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended September 30, 2015. The Agency's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance (Continued)

Opinion on Each Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

Report on Internal Control over Compliance

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Accountant's Report on Applying Agreed-Upon Procedure

To the Board of Commissioners Metropolitan Development and Housing Agency

We have performed the procedure described in the second paragraph, which was agreed to by Metropolitan Development and Housing Agency (the Housing Authority) and the U.S. Department of Housing and Urban Development, Real Estate Assessment Center (REAC), solely to assist them in determining whether the electronic submission of certain information agrees with related hard copy documents included within the OMB Circular A-133 reporting package. The Housing Authority is responsible for the accuracy and completeness of the electronic submission. This agreed-upon procedures engagement was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submission of the items listed in the "UFRS Rule Information" column with the corresponding printed documents listed in the "Hard Copy Documents" column. The results of the performance of our agreed-upon procedure indicate agreement or non-agreement of the electronically submitted information and hard copy documents as shown in the attached chart.

We were engaged to perform an audit in accordance with OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, for the Housing Authority as of and for the year ended September 30, 2015, and have issued our reports thereon dated March 18, 2016. The information in the "Hard Copy Documents" column was included within the scope, or was a by-product of that audit. Further, our opinion on the fair presentation of the Financial Data Schedule (FDS) dated March 18, 2016, was expressed in relation to the basic financial statements of the Housing Authority taken as a whole.

A copy of the financial statement package required by OMB Circular A-133, which includes the auditor's reports, is available in its entirety from the Housing Authority. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the U.S. Department of Housing and Urban Development, REAC.

This report is intended solely for the information and use of the Housing Authority and the U.S. Department of Housing and Urban Development, REAC, and is not intended to be and should not be used by anyone other than these specified parties.
