AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 - GENERAL

Belcourt Theatre, Inc. (the "Belcourt"), is a Tennessee not-for-profit corporation chartered in February 1999. The Belcourt was organized to preserve and operate the Belcourt Theatre, built in 1925, in its historical role as a home for film, theatre, music and community events. The Belcourt receives operating revenues from box office and concession sales, facility rentals and membership fees, and public support funding from state and local government grants, foundation and private contributions, and special events.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements present the financial position and changes in net assets of the Belcourt on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Resources are classified as unrestricted, temporarily restricted or permanently restricted net assets, based on the existence or absence of donor-imposed restrictions, as follows:

- *Unrestricted net assets* are free of donor-imposed restrictions. All revenues, gains and losses that are not temporarily or permanently restricted by donors are included in this classification. All expenditures are reported in the unrestricted class of net assets, since the use of restricted contributions in accordance with the donors' stipulations results in the release of the restriction.

- *Temporarily restricted net assets* are limited as to use by donor-imposed restrictions that expire with the passage of time or that can be satisfied by use for the specific purpose.

- *Permanently restricted net assets* are amounts required by donors to be held in perpetuity, including gifts requiring that the principal be invested and the income or specific portions thereof be used for operations. The Belcourt had no permanently restricted net assets as of December 31, 2017 or 2016.

Cash

Cash consists principally of checking account balances. Cash on the statement of cash flows does not include amounts designated as capital campaign assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory is reported in the accompanying statement of financial position at the lower of cost or net realizable value with cost determined on a first-in, first out (“FIFO”) basis. Inventory consists of concession items including candy, popcorn, soft drinks, alcoholic beverages and miscellaneous other items.

Contributions and Support

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a restriction is fulfilled (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted and reported in the statement of activities as net assets released from restrictions.

The Belcourt reports gifts of equipment or materials as unrestricted support unless explicit donor restrictions specify how the assets must be used. Gifts of long-lived assets with explicit restrictions as to how the assets are to be used, or cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. Expirations of donor restrictions are recognized when the donated or acquired long-lived assets are placed in service.

Promises to Give

Unconditional promises to give that are expected to be collected within one year are recorded as contributions receivable at their estimated net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discount on those amounts is computed using the risk-free interest rate applicable to the year in which the promise is received (1.98% in 2017; 1.47% in 2016). Amortization of the discount is recognized on the interest method over the term of the gift and included in contribution revenue. Conditional promises to give are not included as support until such time as the conditions are substantially met. Advance receipts of conditional promises for which the conditions have not been met are classified initially as refundable advances under liabilities.

The allowance for uncollectible contributions is provided based on management’s estimate of uncollectible pledges and historical trends. Contributions receivable are written off when deemed to be uncollectible. In management’s opinion, no allowance for uncollectible pledges was necessary as of December 31, 2017 and 2016.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are recorded at cost at the date of purchase or at estimated fair value at the date of gift to the Belcourt. The Belcourt's policy is to capitalize purchases with a cost of $2,000 or more and an estimated useful life greater than one year. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, which range from five to ten years for equipment and furniture and fifteen to thirty years for building and improvements. Land is not considered a depreciable asset; therefore, a useful life is not assigned.

Debt Issue Costs

Debt issue costs are amortized using the straight-line method, which approximates the effective interest method, apportioned over the life of the related debt facility. Amortization expense related to debt issue costs totaled $6,375 and $4,250 for the years ended December 31, 2017 and 2016, respectively, and is reported as theatre operating costs in the statements of activities. Amortization is expected to be $6,375 each year during the period from 2018 to 2020.

Advertising and Marketing Costs

The Belcourt expenses advertising and marketing costs as they are incurred. Advertising and marketing expense totaled $72,515 for the year ended December 31, 2017 ($57,627 for 2016).

Donated Goods and Services

Donated facilities and materials are recorded as gifts in the period received at fair value, if there is an objective and measurable basis for determining such value.

Donated services are recognized if they create or enhance non-financial assets, or the donated service requires specialized skills, was performed by a donor who possesses such skills, and would have been purchased by the Belcourt if not donated. Such services are recognized at fair value as support and expense in the period the services are performed.

A number of unpaid volunteers have made significant contributions of their time to assist the Belcourt in implementing various programs and exhibits. The value of contributed time is not reflected in these statements since it is not susceptible to objective measurement or valuation.

Donated Securities

Donated securities are recorded as contribution revenue based on the market value of the securities at the date of gift.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Grant Revenues

Grants are recognized as revenue in the period a liability is incurred for eligible expenditures under the terms of the grant. Grant funds received prior to expenditure are recorded initially as a liability and recognized as revenue in the period the conditions for recognition are met.

Program and Supporting Services

The following program and supporting services are included in the accompanying financial statements:

Program services - includes the operation of three separate theaters and an education space. Seating capacity between the three theatres is 622 and the core programming is independent, documentary, world, and repertory cinema as well as film education programs for adults and children. Film programming is intentionally diverse and designed to reach audiences from throughout the community including, in part, under-served and international communities.

Supporting services

Management and general - relates to the overall direction of the organization. These expenses are not identifiable with a particular program or event or with fundraising, but are indispensable to the conduct of those activities and are essential to the organization. Specific activities include organization oversight, business management, recordkeeping, budgeting, financing and other administrative activities.

Fundraising - includes costs of activities directed toward appeals for financial support, including special events. Other activities include creation and distribution of fundraising materials.

Allocation of Functional Expenses

Expenses that can be directly attributed to a particular function are charged to that function. Certain costs have been allocated among more than one program or activity based on objectively evaluated financial and non-financial data or reasonable subjective methods determined by management.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Belcourt qualifies as a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, income taxes are not provided. The Belcourt files U.S. Federal Form 990 for organizations exempt from income tax.

Management performs an evaluation of all income tax positions taken or expected to be taken in the course of preparing the Belcourt's income tax returns to determine whether the income tax positions meet a "more likely than not" standard of being sustained under examination by the applicable taxing authorities. Management has performed its evaluation of all income tax positions taken on all open income tax returns and has determined that there were no positions taken that do not meet the "more likely than not" standard. Accordingly, there are no provisions for income taxes, penalties or interest receivable or payable relating to uncertain income tax positions in the accompanying financial statements.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recent Authoritative Accounting Guidance

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, *Revenue from Contracts with Customers (Topic 606)*. This guidance outlines a simple comprehensive model for organizations to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that revenue is recognized when a customer obtains control of a good or service. A customer obtains control when it has the ability to direct the use of and obtain the benefits from the good or service. Transfer of control is not the same as transfer of risks and rewards, as it is considered in current guidance. The Belcourt will also need to apply new guidance to determine whether revenue should be recognized over time or at a point in time. In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2018. The Belcourt has not yet selected a transition method. The Belcourt does not expect that the adoption of the updated standard will have a material impact on the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Authoritative Accounting Guidance (continued)

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which simplifies and improves how a not-for-profit organization classifies its net assets, as well as the information it presents in financial statements and notes about its liquidity, financial performance, and cash flows. Among other changes, the ASU replaces the three current classes of net assets with two new classes, “net assets with donor restrictions” and “net assets without donor restrictions”, and expands disclosures about the nature and amount of any donor restrictions. ASU 2016-14 is effective for annual periods beginning after December 15, 2017 and interim periods within fiscal years beginning after December 15, 2018, with early adoption permitted. The Belcourt is currently evaluating the impact the adoption of this guidance will have on its financial statements.

In November 2016, the FASB issued ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash (a consensus of the FASB Emerging Issues Task Force),* which provides guidance on the presentation of restricted cash or restricted cash equivalents in the statement of cash flows. ASU 2016-18 will be effective for the Belcourt beginning on January 1, 2019. ASU 2016-18 must be applied using a retrospective transition method with early adoption permitted. The adoption of ASU 2016-18 is not expected to have a material impact on the financial statements.

Events Occurring After Reporting Date

The Belcourt has evaluated events and transactions that occurred between December 31, 2017 and June 28, 2018, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

The loan is secured by a deed of trust on real estate, which has a carrying value of $6,332,115 at December 31, 2017.

The loan agreements require the Belcourt to meet certain financial covenants, including a minimum debt service coverage ratio.
