INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Roxy Productions, Inc. Clarksville, Tennessee

We have audited the accompanying financial statements of Roxy Productions, Inc. (a nonprofit organization), which comprise the statements of financial position as of August 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to on the previous page present fairly, in all material respects, the financial position of Roxy Productions, Inc. as of August 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Organization and Nature of Activities

Roxy Productions, Inc. (the Roxy) is a nonprofit organization established August 12, 1985. Its objective is to produce live plays and other entertainment for the social and educational benefit of Clarksville, Tennessee and the surrounding areas. The Roxy's operations are controlled by a board of directors.

The Roxy is qualified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and has not been determined to be a private foundation. Accordingly, no provision for income taxes has been made. However, the Roxy does file information returns required by the Internal Revenue Service. The Roxy is no longer subject to federal or state income tax examinations by tax authorities for fiscal years ended before August 31, 2012.

Use of Estimates

The Roxy's financial statements are presented in accordance with accounting principles generally accepted in the United States of America which require the use of management's estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from these estimates in the near term and the variations can have a material effect on these financial statements.

Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. The Roxy utilizes the accrual basis of accounting which recognizes revenues when earned and expenses when incurred. Operating revenues and expenses include those items that increase or decrease unrestricted net assets.

The Financial Accounting Standards Board (FASB) has established standards concerning contributions and financial statement presentation applicable to non-governmental nonprofit organizations such as the Roxy. These standards require that unconditional promises to give (pledges) be recorded as receivables and revenues and require the organization to distinguish among contributions received for each net asset category in accordance with donor-imposed restrictions. A description of the three net asset categories follows:

Unrestricted

Unrestricted net assets are free of grant-imposed or donor-imposed restrictions. All revenues, gains and losses that are not temporarily or permanently restricted by grantors or donors are included in this classification. All expenditures are reported in the unrestricted class of net assets since the use of restricted contributions in accordance with the grantors' or donors' stipulations results in the release of the restriction.

1. Summary of Significant Accounting Policies (Cont'd)

Basis of Accounting (Cont'd)

Temporarily Restricted

Temporarily restricted net assets are limited as to use by grant-imposed or donor-imposed restrictions that expire with the passage of time or that can be satisfied by use for the specific purpose. Temporarily restricted net assets historically have included cash and contributions receivable related to the building fund capital campaign. During the last several years, the Roxy has used the temporarily restricted capital campaign contributions to fund operating activities. At August 31, 2015, it is highly unlikely the Roxy will have funds available in the future to replace the temporarily restricted assets that have been previously spent for operating activities; therefore, management has elected to convert the assets temporarily restricted for the building fund capital campaign to unrestricted assets. The majority of the building fund capital campaign contributors have historically supported the operating activities with unrestricted contributions, therefore management believes the donors will not object to the previous temporarily restricted contributions being utilized to fund operations. The Roxy had temporarily restricted net assets of \$-0-and \$299,882 at August 31, 2015 and 2014, respectively.

Permanently Restricted

Permanently restricted net assets are amounts required by donors to be held in perpetuity, including gifts requiring that the principal be invested and the income or specific portions thereof be used for operations. The Roxy had no permanently restricted net assets at August 31, 2015 and 2014.

Concentrations of Credit Risk

Financial instruments that potentially subject the Roxy to significant concentrations of credit risk consist principally of cash and contributions receivable. The Roxy places its cash with federally-insured financial institutions. With respect to contributions receivable, credit risk is dispersed across several contributors who are geographically concentrated in the Clarksville, Tennessee service area. Contributions receivable from one local bank comprised 39% and 42% of the outstanding balance at August 31, 2015 and 2014, respectively. Consequently, the Roxy's ability to collect the pledges due from contributors is affected by economic and other conditions in this geographic area. The Roxy does not require collateral with respect to contributions receivable.

Concentrations of Revenue

Revenues from admissions and in-kind advertising were \$326,215 and \$64,866 and accounted for 55% and 11% of total revenues for the year ended August 31, 2015, respectively. Revenues from admissions and in-kind advertising were \$342,746 and \$112,721 and accounted for 50% and 17% of total revenues for the year ended August 31, 2014, respectively. A major reduction in revenue by these sources could have a significant effect on the future operations of the Roxy.

Cash and Cash Equivalents

The Roxy considers all highly-liquid debt instruments purchased with maturities of 90 days or less to be cash equivalents. Restricted cash and cash equivalents are limited in use to payments for purposes described in Note 6.

1. Summary of Significant Accounting Policies (Cont'd)

Contributions, Contributions Receivable and Grants Receivable

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Contributions receivable consist of unrestricted amounts receivable from the City of Clarksville and temporarily restricted building fund pledges from individuals and businesses. Other contributions are recorded as received. Contributions receivable are not evidenced by any form of collateral.

Grants receivable consists of amounts receivable from the Tennessee Arts Commission. The Tennessee Arts Commission grant provides reimbursements for certain types of operating expenses. This grant receivable amount represents reimbursements that were earned at year end.

Allowance for Uncollectible Contributions Receivable

Bad debts are provided for using the allowance method. Management evaluates known and anticipated uncollectible accounts annually to estimate an adequate allowance for uncollectible contributions receivable. The allowance for uncollectible contributions receivable was \$9,750 as of both August 31, 2015 and 2014.

Property and Equipment

Property and equipment, including leasehold improvements, are recorded at historical cost or, if contributed, at estimated fair value at the date of receipt. Property and equipment acquired with a unit cost of \$500 or greater and a useful life of more than one year are capitalized. Expenditures for additions, major renovations and improvements are capitalized while those for maintenance and repairs are charged to expense as incurred. Capitalized assets are depreciated over their estimated useful lives using the straight-line method.

Accrued Compensated Absences

There are no personnel policies that allow for annual leave. Therefore compensated absences are not accrued.

Contributed Services

A substantial number of unpaid volunteers have made significant contributions of their time to support the Roxy's programs, principally in fundraising. No amounts have been recognized in the statement of activities because the criteria for recognition under FASB ASC Codification 958-605-50 have not been satisfied.

Advertising Costs

All advertising costs are expensed as incurred. The Roxy incurred and expensed \$75,653 and \$123,612 for advertising costs during the years ended August 31, 2015 and 2014, respectively.

3. Pledges Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The Roxy had pledges receivable of \$35,050 at August 31, 2015, discounted \$443 at the rate of 2.00%, to the present value of \$34,607.

The present value was calculated in the following manner:

			Pledges			
	Present Value	F	Receivable	Total Present	P	resent Value

2016	1.000000	\$	24,050	\$ 24,050	\$	-

During the year ended August 31, 2014, \$54,000 of pledges receivable was deemed uncollectible and written-off.

4. Related Party Payable

There are no repayment terms, but the Roxy expects to repay the balance during fiscal year ending August 31, 2016, therefore the balance is classified as a current liability.

9. Contingencies

The Roxy's exposure to property loss and general liability is handled through the purchase of commercial insurance. Insurance coverage was adequate to cover settlements for the past three fiscal years.

10. <u>Land Purchase Option</u>

During the fiscal year ending August 31, 2007, the Roxy purchased an option from the City of Clarksville, Tennessee, to purchase unimproved real estate located adjacent to the theater. The option was purchased for \$100. This option is contingent upon providing proof of deposits with a financial institution holding of at least five million dollars and two other minor contingencies. This option expired on June 1, 2013 but was extended indefinitely until a decision is reached by the City.
