Independent Auditor's Report

To the Board of Directors of,
Homework Hotline, Inc.

I have audited the accompanying statements of financial position of Homework Hotline, Inc. (a nonprofit organization) as of June 30, 2007 and 2006, and the related statements of activities, functional expenses, and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Homework Hotline, Inc. as of June 30, 2007 and 2006, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Accordingly, actual results could differ from those estimates.

All acquisitions of property and equipment are stated at cost while donated equipment is stated at its fair market value on the date of receipt. Property and equipment are depreciated using the straight-line method over the estimated useful lives of the assets.
