INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of American Baptist College Nashville, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of *American Baptist College* (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of *American Baptist College* as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2021, on our consideration of *American Baptist College*'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering *American Baptist College*'s internal control over financial reporting and compliance.

Report on Summarized Comparative Information

We have previously audited the American Baptist College's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 12, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE 1--- NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

American Baptist College (the "College") was founded in 1924. Since 1971, the College has been an accredited member of the Association for Biblical Higher Education (ABHE); approved to award the Associate of Arts, Bachelor of Arts, and Bachelor of Theology degrees.

The mission statement of the College is to educate, graduate and prepare diverse students with a liberal arts emphasis for Christian leadership, service and social justice in the world. The College offers a quality educational program with a liberal arts emphasis, equipping diverse students intellectually, morally, spiritually, socially, and theologically. The College offers undergraduate and graduate degree programs at its Nashville, Tennessee campus and globally on-line. Its fields of study include a mandatory divisional major in Biblical-Theological Studies and additional majors in Pastoral Studies, Christian Education or Social Sciences.

Basis of Presentation

The College's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Based on the existence or absence of donor-imposed restrictions, the College classifies resources into two categories: without donor restrictions and with donor restrictions.

Without Donor Restrictions – Net assets without donor restrictions are free of donor-imposed restrictions. All revenues, gains, and losses that are not restricted by donors are included in this classification. All expenditures are reported in the without donor restrictions class of net assets, including expenditures funded by restricted contributions. Expenditures funded by restricted contributions are reported in the without donor restrictions net asset class because the use of restricted contributions in accordance with donors' stipulations results in the release of such restrictions.

With Donor Restrictions – Net assets with donor restrictions are limited as to use by donor-imposed stipulations that may expire with the passage of time or that may be satisfied by action of the College. Net assets with donor restrictions are designated by donors for specific purposes, and include unconditional pledges, split-interest agreements, interests in trusts held by others, and accumulated appreciation on donor-restricted endowments which have not been appropriated by the Board of Trustees (the "Board") for distribution. Some net assets with donor restrictions are required by donors to be held in perpetuity. The donors of substantially all net assets to be held in perpetuity permit the College to use a portion of the income earned on the related investments for specified purposes.

Expirations of restrictions on net assets as the result of the passage of time and/or fulfilling donor-imposed stipulations are reported as net assets released from restrictions between the applicable classes of net assets in the statements of activities.

NOTE 1--- NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Student Receivables

Student receivables consist of amounts due to the College related to tuition and fees. An allowance for uncollectible accounts has been recorded based upon management's judgment and historical bad debt experience. The College performs a periodic analysis of outstanding accounts receivable from students to assess the likelihood of collection. For balances on which full payment of amounts owed is not expected, the College establishes an allowance to adjust the balance of the receivable to reflect its best estimate of the amount that will ultimately be collected.

Revenue Recognition

Revenues from Contracts with Customers, the College identifies a contract for revenue recognition when there is approval and commitment from both parties, the rights of the parties and payment terms are identified, the contract has commercial substance, and the collectability of the consideration is probable. The College evaluates each contract to determine the number of distinct performance obligations in the contract, which requires the use of judgment. Performance obligations are determined based on the nature of the services provided by the College.

The College's primary source of revenues from contracts with customers are as follows:

Tuition and Fees - Tuition and fees are derived from academic services rendered by the College. The College recognizes revenue for academic services over the applicable academic terms. Scholarships provided to students by the College are reflected as a reduction of gross tuition and fees. Tuition and fees received in advance of services are reported as deferred revenue in the statement of financial position.

Auxiliary Enterprises - Sales and services of auxiliary enterprises primarily include housing, food services, a bookstore, and other events. The College recognizes revenue for housing and food services proportionally over the applicable academic term. Fees related to housing and food received in advance of services are reported as deferred revenue in the statement of financial position. The College recognizes revenue from other sales and services of auxiliary enterprises at the point in time sales occur or as services are rendered.

Other Revenue - The College recognizes revenue from other sources as the related services are provided and/or amounts are otherwise earned upon satisfaction of the performance obligation in accordance with the terms of the underlying agreements.

(with comparative financial information as of and for the year ended June 30, 2020)

NOTE 1--- NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The College's receivables represent unconditional rights to consideration from its contracts with customers. Payment is due immediately once a customer is invoiced for tuition, fees, auxiliary services, and other sources.

The College does not present information about outstanding performance obligations as of yearend because its contracts with customers all had original terms of less than one year. The College does not have any contract assets. The College had no costs that were capitalized to obtain or to fulfill a contract with a customer.

The College's contract liabilities are presented as a deferred revenue in the statement of financial position. Deferred revenue in any period represents the excess of customer payments received over amounts recognized as revenue on the statement of activities.

The College maintains an institutional tuitional refund policy, which provides for all, or a portion of, tuition and fees to be refunded if a student withdraws during the stated refund period. The College does not record revenue for amounts that may be refunded.

During March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a global pandemic, which has continued to spread rapidly and significantly affects local and worldwide economic activity and well-being. The rapid development and fluidity of the situation has created uncertainties while the pandemic persists. The College issued housing and board credits when the spring 2020 semester shifted to remote learning because of the COVID-19 pandemic.

Contributions Receivable and Revenue

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until donor stipulations are met. Contributions of assets other than cash are recorded at their estimated fair value.

An allowance for uncollectible contributions receivable is provided based upon management's judgment of such factors as prior collection history, type of contribution, and other relevant factors.

Comparative Financial Statements

The summarized financial information shown for fiscal year 2020 in the accompanying statement of financial position, statement of activities, statement of functional expenses, and statement of cash flows is included to provide a basis for comparison with fiscal year 2021.

(with comparative financial information as of and for the year ended June 30, 2020)

NOTE 1--- NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Grants and Contracts

The College records revenues related to grants and contracts in two portfolio categories based on the source of the funds:

Governmental Grants and Contracts - provide funding for the College largely to advance academic benefit in direct support of the College's mission. The College primarily considers these sponsored research agreements to be contributions (nonreciprocal transactions). The College recognizes grant and contract revenue associated with contributions from government sponsors as earned when the conditions are met (allowable expenses have been incurred). Additionally, occasionally a small portion of government-sponsored awards qualifies as exchange (reciprocal) transactions. The transaction price for exchange transactions is the stated amount of the award. The College recognizes grants and contracts revenue related to these exchange transactions at the time services are provided.

Private Gifts and Grants - consist of private agencies, professional associations, private foundations, corporate foundations and corporations and may be either donors or sponsors depending on the nature, intent, and expectations of the funding they are providing. The College recognizes revenue associated with contributions from private sponsors as the conditions are met. Additionally, some private sponsor awards qualify as exchange (reciprocal) transactions. The transaction price for exchange transactions is the stated amount of the award. The College recognizes grants and contracts revenue related to these exchange transactions at the time services are provided.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, to disclose contingent assets and liabilities at the date of the financial statements, and to report amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The College is operated as a tax-exempt organization as described under Section 501(c) (3) of the Internal Revenue Code and is therefore exempt from Federal and State income taxes. Accordingly, no provisions for income taxes have been recorded.

(with comparative financial information as of and for the year ended June 30, 2020)

NOTE 1--- NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

Cash and cash equivalents include checking and savings accounts, money market accounts, and certificate of deposits with maturities of three months or less. (See Note 16 regarding the credit risk associated with cash and cash equivalents.) The College has classified as restricted, certain cash and cash equivalents that are not available for use in its operations. (See Note 2 and Note 8)

Investments

Investments in equity securities with readily determinable fair values are measured at fair value in the statement of financial position. Investment income or loss (including gains and losses on investments, interest, and dividends) is included in the statement of activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donor or law.

Property, Plant and Equipment

Land, buildings, building improvements, library holdings, equipment and furniture acquisitions are recorded at cost, or if contributed, at fair market value at the date of gift. Depreciation, and amortization which is reflected as an expense in the statement of activities, is computed on the straight-line method over the following estimated useful lives:

	<u>Years</u>
Furniture and equipment Building and grounds Library books Enrollment Software	3—10 10—39 3—10
Enrollment Software	5—10

Deferred Revenues

The College records receipts obtained before service is rendered as a liability.

Compensated Absences

Employees of the College are entitled to paid vacation and paid sick days depending on job classification, length of service, and other factors. The College's policy is vacation time must be taken during the year and cannot be carried over to the next year; accordingly no liability for compensated absences has been recorded in the accompanying financial statements.

(with comparative financial information as of and for the year ended June 30, 2020)

NOTE 1--- NATURE OF THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Expenses

Management allocates expenses among its various functional areas according to the purpose or function for which they are incurred. Expenses that are identifiable with a specific program are assigned directly to the specific program by natural expenditure classification. Other expenses that are common to several programs and supporting activities are allocated based on objective, reasonable, rational and systematic established methodology.

NOTE 9—BUSINESS LOAN NOTE PAYABLE

The College has a \$3,000,000 business loan with a financial institution with an interest rate of 5% and a maturity date of February 4, 2022. The loan is secured by all buildings, structures and improvements, including all equipment, machinery, fixtures, furnishings, goods and personal property. Additional security includes title and interest in all leases, tenant contracts, rental agreements and other similar agreements. The loan is payable in monthly installments of \$19,932 beginning March 4, 2021, included principal and interest with final payment due on February 4, 2022. The loan balance as of June 30, 2021 was \$2,972,609.

(with comparative financial information as of and for the year ended June 30, 2020)

NOTE 10--- OTHER NOTES PAYABLE

The College has a mortgage obligation to a financial institution bearing interest at 4.76%. The loan is collateralized by a Deed of Trust covering real estate located at 1823 Haynes Meade Ct, Nashville, TN 37207. The College used the mortgage to finance the purchase of the property. The loan balance as of June 30, 2021 and June 30, 2020 was \$21,459 and \$25,838 respectively.

Loan maturities for each of the next five years are as follows:

2022	\$ 3,907

The accounts payable balance is \$1,578,419 which mostly consists of an invoice payable of \$1,444,620 for a current construction project.

NOTE 12---PPP LOAN

January 30, 2021, The Organization was granted a loan from Fourth Capital in the aggregate amount of \$373,759 pursuant to the Paycheck Protection Program (the "PPP") under the Division A, Title of the CARES Act, which was enacted March 27, 2020.

The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1%, with a deferral of payments for the first six months. The College intends to use the proceeds for purposes consistent with the PPP. While the College currently believes that its use of the loan proceeds will meet the conditions for forgiveness of the loan, we cannot assure you that we will not take actions that could cause the College to be ineligible for forgiveness of the loan, in whole or in part.

(with comparative financial information as of and for the year ended June 30, 2020)

NOTE 13—OPERATING LEASES

The College leases certain office equipment under the terms of an operating lease. Equipment rental expense for the year ended June 30, 2020 was \$32,083. Future minimum lease payments are as follows:

2022	\$ 4,175
Total	\$ 4,175

NOTE 14---ENDOWMENT FUNDS

ASC 958 provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 ("UPMIFA") and requires additional disclosures about an organization's endowment funds. The College's endowment consists of approximately 600 individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the Board to function as endowments. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law – The College has interpreted UPMIFA as the prudent preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the College classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, and (d) the remaining portion of the donor-restricted endowment until those amounts are appropriated for expenditure by the College in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the College considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of the College and the donor-restricted endowment fund
- c. General economic conditions
- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of the College
- g. The College's investment policies

Funds with Deficiencies:

The fair value of assets associated with individual donor-restricted endowment funds, from time to time, may fall below the level that the donor or UPMIFA (as enacted by the State of Tennessee) requires the College to retain as a fund of perpetual duration. There were no deficiencies of this nature as of June 30, 2021 and June 30, 2020.

NOTE 15---FAIR VALUE MEASUREMENT

Effective July 1, 2008, the College adopted the provisions of FASB ASC 820-10, Fair Value Measurement. FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. Fair value is the price that the College would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820-10 does not change existing guidance as to whether an asset or liability is carried at fair value or not. FASB ASC 820-10 also establishes a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable (based on independent, observable market sources) or unobservable (reflecting the College's own assumptions about assumptions that market participants would use in pricing the asset or liability, based upon the best information available in the circumstances).

Each asset or liability is assigned a level based upon the observability of the significant inputs into its valuation, a summary of which is:

- Level 1 Quoted prices in active markets for identical assets or liabilities that the College has the ability to access at measurement date.
- Level 2 Other significant observable inputs, including quoted prices for similar assets or liabilities.
- Level 3 Significant unobservable inputs including the College's own assumptions.

The following is a summarization of the College's financial assets measures at fair value:

Fair Value Measurements at Reporting Date Using

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of American Baptist College Nashville, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of American Baptist College (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered American Baptist College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of American Baptist College's internal control. Accordingly, we do not express an opinion on the effectiveness of American Baptist College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether American Baptist College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the American Baptist College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
