A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Tennessee Baptist Children's Homes, Inc., ("Children's Homes") is solely owned and operated by the churches of the Tennessee Baptist Convention for the purpose of ministering the love of Jesus Christ to children and families in crisis. The significant accounting principles and practices followed by the Children's Homes are presented below.

Accrual Basis and Financial Statement Presentation

The Children's Homes presents its financial statements on the accrual basis of accounting.

The Children's Homes net assets and its revenue, expenses, gains, and losses are classified into three classes of net assets based on the existence or absence of donor-imposed restrictions. Net assets of the Children's Homes and changes therein are classified as follows:

<u>Unrestricted net assets</u> - Net assets that are not subject to donor-imposed stipulations.

<u>Temporarily restricted net assets</u> - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Children's Homes and/or the passage of time.

<u>Permanently restricted net assets</u> - Net assets subject to donor-imposed stipulations that require the assets to be maintained permanently by the Children's Homes. Generally, the donors of these assets permit the Children's Homes to use all or part of the income earned on related investments for general or specific purposes.

The amount for each of these classes of net assets is displayed in the statement of financial position and the amount of change in each class of net assets is displayed in the statement of activities.

Use of Estimates in the Preparation of Financial Statements

Judgment and estimation is exercised by management in certain areas of the preparation of financial statements, the most significant areas being the recovery period for property, buildings and equipment and accrued postretirement benefit cost. Management believes that such estimates have been based on reasonable assumptions and that such estimates are adequate. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Children's Homes considers all cash and all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The Children's Homes considers any funds invested with the Tennessee Baptist Foundation ("TBF") and GuideStone Financial Services ("GS") to be investments, considering the intent of their investing activities.

Comparative Financial Statements

The financial information shown for fiscal year 2008 in the accompanying statement of financial position, statement of activities, statement of cash flows and statement of functional expenses is included to provide a basis for comparison with fiscal year 2009.

Investments

The Children's Homes reports investments at fair value with gains and losses included in the statement of activities. See notes B and K.

Contributions

The Children's Homes reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The Children's Homes reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Children's Homes reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Property, Buildings and Equipment

Property, buildings, improvements, furniture, equipment and vehicles, are stated in the accompanying statement of financial position at cost, or if contributed, at fair value at date of gift.

Depreciable assets are depreciated using the straight-line method over their estimated useful lives.

Donated Materials and Services

Donated materials and certain services are included in the accompanying financial statements at their fair value at date of receipt.

Income Taxes

The Children's Homes is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code; accordingly, no provision for income taxes has been made in the accompanying financial statements.

Funds Held in Trust for Others

Consistent with its charter powers and purposes, the Children's Homes, as trustee, holds certain funds totaling \$682,420 and \$563,167 at October 31, 2009 and 2008, respectively, in accordance with the terms of various trust instruments in which the Children's Homes may have an actual or potential interest. The trusteed assets and liabilities are eliminated for reporting purposes. Any residual values which may be received by the Children's Homes have been recorded as beneficial interests in trusts at their respective fair values (Note J).

Pledges

At October 31, 2009, the Children's Homes had no unconditional pledges.

Fair Value Measurements

Effective November 1, 2008, the Children's Homes adopted SFAS No. 157, Fair Value Measurements (FASB Codification 820), which established a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures regarding the use of fair value measures. The adoption of SFAS No. 157 did not have an impact on the Children's Homes financial position or changes in net assets. Assets and liabilities recorded at fair value in the statement of financial position are categorized based on the level of judgment associated with the inputs used to measure their fair value (Note K). Level inputs are as follows:

Level 1 - Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.

Level 2 - Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spread, and yield curves.

Level 3 - Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

During fiscal year 2008 and a portion of fiscal year 2009, the Tennessee Baptist Foundation ("TBF") served as a limited fiscal agent for certain investments in accordance with investment decisions made by the Children's Homes. The TBF transferred the income from the investments to the Children's Homes.

D. <u>POSTRETIREMENT BENEFITS</u>

Retirement severance benefits are provided to all retiring employees. In addition, the Children's Homes provides postretirement health care and term life insurance benefits to certain Children's Homes employees provided they remain employed at the Children's Homes until retirement. These benefits cover five retired employees and two active employees and will not be extended to future employees.

The Children's Homes does not expect to contribute to its post retirement benefit plan in fiscal 2010.

The net periodic postretirement benefit costs recognized were determined using the weighted - average and assumed annual increases as follows:

	2009	2008
Healthcare costs	8.75%	9.50%
Future compensation levels	3.25%	3.25%
Discount rate	5.60%	8.50%

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

The Children's Home uses an October 31 measurement date for its postretirement benefit plan.

(with comparative totals for 2008)

D. POSTRETIREMENT BENEFITS - Continued

The health care cost trend rate assumption has a significant effect on the amounts reported. For example, the effect of a 1% increase in the trend rate of the health care cost portion of net periodic postretirement benefit cost for the year ended October 31, 2009 is as follows:

	Health C		
	<u>Trend Rate</u> 8.75% 9.75%		Increase
			111010000
Service cost	\$11,951	\$13,890	\$1,939

Accumulated postretirement benefit obligation for health care benefits at			
October 31, 2009	<u>\$1,059,980</u> \$	51,184,734	<u>\$124,754</u>

E. <u>PENSION PLAN</u>

The Children's Homes participates in the retirement program of GuideStone Financial Resources. The plan is a defined contribution plan covering all full-time employees who have completed three years of paid denominational service. The Children's Homes makes contributions to the plan on behalf of eligible employees in amounts equal to 12% of each employee's base salary. According to the plan's provisions, employees may also make certain contributions to the plan. All contributions made to the plan are immediately fully vested to the covered employees.

Under the plan, the value of accumulated benefits is equal to the value of the assets. There is no unfunded value of accrued plan benefits. Pension expense totaled \$280,887 and \$255,767 during the years ended October 31, 2009 and 2008, respectively.

(with comparative totals for 2008)

F. DEFERRED COMPENSATION PLAN

The Children's Homes has a non-elective deferred compensation plan to provide benefits payable to certain management employees at specific future dates, upon termination, retirement, death or disability. Total expense was \$19,237 and \$19,875 during the years ended October 31, 2009 and 2008, respectively. The related liability is included in accounts payable and accrued liabilities in the statement of financial position.

G. CONCENTRATION OF CREDIT RISK

Financial instruments, which potentially subject the Children's Homes to concentrations of credit risk, consist principally of cash and cash equivalents and investments. Cash and cash equivalents at October 31, 2009 and 2008 include demand deposits at financial institutions which management believes are high credit quality financial institutions. The deposits possess credit risk to the extent they exceed federally insured limits. Management believes the exposure to concentrations of credit risk relative to securities is limited due to the Children's Homes investment objectives and policies of maintaining a variety of quality investments. Credit risk also extends to uncollateralized receivables.

H. <u>UNRESTRICTED NET ASSETS</u>

Investment in property contains the book value of fixed assets utilized in the Children's Homes' childcare ministry. Funds are available from these net assets only upon sale or exchange of the related assets.

Designated for operating reserve:

The Board has set aside a designated reserve to supplement budget income. Income and transfers from the reserve supplement funds received from the Cooperative Program and other sources enabling the Children's Homes to maintain its childcare programs, staff and facilities.

Income from the sale of land and large estate gifts have been the primary sources of additions to this reserve. These income sources occur at irregular times, in unpredictable amounts, and cannot be relied upon for current budget funding due to their erratic nature.

(with comparative totals for 2008)

H. UNRESTRICTED NET ASSETS - Continued

The Board's plan is to wisely utilize these funds by continuing to add to the board designated reserve similar revenues if and when received. Maintaining this reserve is necessary so that the annual budget can rely on the income and transfers from this reserve as a stable source of income to meet ongoing operational expenses that are in excess of Cooperative Program support and other budget revenue.

Designated for East Tennessee - Funds from an East Tennessee estate gift have been set aside for the resumption of the Children's Homes' Knoxville area residential program as well as other ministry programs in the East Tennessee region.

I. NET ASSETS RELEASED FROM DONOR RESTRICTIONS

Net assets of \$1,283,802 were released from donor restrictions by incurring costs and expenses satisfying the restricted purposes or by occurrence of other events specified by donors. The purpose restrictions accomplished were for program services.

J. <u>BENEFICIAL INTERESTS IN TRUSTS</u>

Beneficial interests in trusts represent resources neither in the possession nor under the control of the Children's Homes, but held and administered by outside parties. These funds are recorded at their fair value. In addition, beneficial interests in trusts also include the residual values of certain trusts in which the Children's Homes hold funds as trustee and in accordance with the terms of the various trust instruments has an actual or potential interest. The fair values of these funds at October 31, 2009 and 2008 are as follows:

	2009	2008
Residual trusts: Children's Homes as trustee Held by outside trustees Total residual trusts	\$ 354,312 133,401 487,713	\$ 318,729 <u>65,648</u> 384,377
Perpetual trusts held by trustees	10,896,098	8,652,416
Beneficial interests in trusts	\$11,383,811	<u>\$9,036,793</u>

During 2009 and 2008, the Children's Homes received interest and dividends of \$452,198 and \$416,353, respectively, on funds held in trust.

(with comparative totals for 2008)

K. FAIR VALUES OF FINANCIAL INSTRUMENTS

Required disclosures concerning the estimated fair value of financial instruments are presented below. The estimated fair value amounts have been determined based on the Children's Homes assessment of available market information and appropriate valuation methodologies. The following table summarizes fair value measurements at October 31, 2009 for the assets and liabilities measured at fair value on a recurring basis:

	Assets Measured at	Fair Value	Measurements	Using
	Fair Value	Level 1	Level 2	Level 3
Investments	\$12,282,026	\$12,272,338	-	\$9,688
Beneficial interests	11,383,811	-	11,383,811	-

The carrying value of cash equivalents, receivables, and accounts payable and accrued liabilities approximate fair value based on the short-term nature of these instruments.

L. ENDOWMENT FUNDS

The Children's Homes' endowment consists of individual funds established for a variety of purposes and includes donor-restricted endowment funds. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

In August 2008, the Financial Accounting Standards Board ("FASB") issued FASB Staff Position (FSP) No. FAS 117-1, Endowments of Not for Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds (FSP No. FAS 117-1). FSP No. FAS 117-1 provides guidance on the net asset classification of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). The State of Tennessee's State Uniform Prudent Management of Institutional Funds Act (SUPMIFA) became effective during fiscal 2008. FSP No. FAS 117-1 also requires additional disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated funds functioning as endowment) whether or not the organization is subject to UPMIFA.

Interpretation of Relevant Law

The Children's Homes has interpreted SUPMIFA as requiring the preservation of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Children's Homes classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Fund in a manner consistent with the standard of prudence prescribed by applicable state laws. In accordance with applicable state laws, the Children's Homes considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Children's homes and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Children's Homes
- The investment policies of the Children's Homes

Return Objectives and Risk Parameters

The Children's Homes' investment and spending policies for endowment assets attempts to provide a stream of funding for its programs. Endowment assets include those assets of donor-restricted funds that the Children's Homes must hold in perpetuity. Under this policy, as approved by the Board of Trustees, the endowment assets are invested with the goals of high current return and preservation of capital. The Children's Homes expects its endowment funds to provide the maximum attainable current yield while assuming a minimum level of investment risk.

Strategies Employed for Achieving Objectives

To satisfy its objectives, the Children's Homes relies on a strategy in which investment returns are achieved through current yield (interest and dividends). The Children's Homes does not invest in companies or industries whose known products, services or practices are contrary to the beliefs or practices of Southern Baptists.

Spending Policy and How Investment Objectives Relate to Spending Policy

The Children's Homes has a practice of appropriating the current earnings for distribution annually. In establishing this practice the Children's Homes considered the critical need for annual income as well as the existence of non-endowment investments. This is consistent with the Children's Homes objectives of achieving high current return and preservation of capital.
