A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Nashville Public Television, Incorporated (NPT or the Station), a community nonprofit corporation, was incorporated on May 13, 1998 for the purpose of promoting public broadcasting and telecommunications. The Station is the FCC Licensee for WNPT, the public television station in Nashville, Tennessee.

<u>Transfer of Net Assets from WDCN - Channel 8 and Resulting Governmental Appropriations</u>

As a result of a Statement of Understanding and Purpose entered into between the Metropolitan Board of Public Education of the Metropolitan Government of Nashville and Davidson County (MBPE) and the Nashville Public Television Council (NPTC), ownership and operational control of WDCN - Channel 8 was transferred to WDCN Public Television Corporation as of June 30, 1999. The assets and liabilities were transferred at the carrying value as reflected in the accounts of WDCN - Channel 8. The Station changed its legal name from WDCN Public Television Corporation to Nashville Public Television, Incorporated in January 2001. MBPE retains a perpetual right of first refusal in acquiring any broadcast-related assets that MBPE may be eligible to acquire, at such time as NPT might seek disposal.

As a result of the transfer, Nashville Public Television, Incorporated received funding from MBPE through June 30, 2004. As of June 30, 2004, Nashville Public Television, Incorporated is expected to fully fund its operations from other sources. NPT received \$1,081,100 and \$1,339,612 during fiscal 2004 and 2003, respectively to support operations at NPT.

Accrual Basis and Financial Statement Presentation

The financial statements of the Station have been prepared on the accrual basis of accounting.

A. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - Continued

Contributions, which include unconditional promises to give (pledges), are recognized as revenue in the period in which collection is determined to be probable. Substantially all pledges are received within one year. The station classifies its support, revenues, expenses, gains and losses into three classes of net assets based on the existence or absence of donor-imposed restrictions. Net assets of the Station and changes therein are classified as follows:

<u>Unrestricted net assets</u> - Net assets that are not subject to donor-imposed stipulations.

<u>Temporarily restricted net assets</u> - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Station and/or the passage of time.

<u>Permanently restricted net assets</u> - Net assets subject to donor-imposed stipulations that require the assets be maintained permanently by the Station. Generally, the donors of these assets permit the Station to use all or part of the income earned on related investments for general or specific purposes.

The amount for each of these classes of net assets is displayed in the statements of financial position and the amount of change in each class of net assets is displayed in the statements of activities.

Use of Estimates in the Preparation of Financial Statements

Management of the Station has made certain estimates and assumptions related to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Management believes that such estimates have been based on reasonable assumptions and that such estimates are adequate. Actual results could differ from those estimates.

Comparative Financial Statements

The financial information shown for fiscal year 2003 in the accompanying statement of financial position, statement of activities, and statement of cash flows is included to provide a basis for comparison with fiscal year 2004. Certain reclassifications have been made to the financial statements for fiscal year 2003 to conform to the presentation adopted for fiscal year 2004.

Cash and Cash Equivalents

The Station considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents.

A. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued</u>

Investments

Current investments consist of a certificate of deposit which matures October 25, 2004. Long-term investments consist of an equity interest in a joint venture created for the purpose of exploring new initiatives in digital television, which is accounted for on the cost basis since the Station's ownership interest in the joint venture is less than 10%.

Deferred Program Costs

Costs incurred to purchase or produce programs not yet broadcast which will not generate revenues through sale or distribution of broadcast rights are deferred and amortized over the life of the program. Grants related to the production of programs not yet broadcast are included in temporarily restricted net assets.

Film and Program Costs

Costs incurred to purchase or produce films and programs which will generate revenues through sale or distribution of the broadcast rights are deferred. The Station amortizes these costs of production of films and programs using the individual-film-forecast method under which the costs are amortized in the ratio that revenue earned in the current period for the title specific bears to management's estimate of the total revenues to be realized from all media and markets for the title. All exploitation costs, including advertising and marketing costs, are expensed as incurred. Estimates of total gross revenues can change due to a variety of factors, including the level of market acceptance of the production.

Property, Plant, and Equipment

The majority of equipment utilized by the Station was transferred to the Station by WDCN - Channel 8 at cost. These assets are being depreciated on a straight-line basis over their estimated useful lives which range from three to ten years. Costs of maintenance and repairs are charged to expense as incurred.

Intangible Assets

The Station owns the right to the call letters WNPT. The purchase of the rights to the call letters and any related name registrations occurred effective July 2000 and has been capitalized at cost (\$26,055). The copyrights are being amortized over a period of 15 years (\$1,738 per year) using the straight-line method.

A. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued</u>

Impairment of Long-Lived Assets

Long-lived assets and certain identifiable intangibles are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the asset exceeds the fair value. Assets to be disposed of are reported at the lower of the carrying amount or fair value less the costs to sell. The Station had no impairments of long-lived assets during 2004 or 2003.

Income Taxes

The Station is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code; and accordingly no provision for income taxes is included in the accompanying financial statements.
