Independent Auditors' Report

To the Board of Directors
United Way of Sumner County
Hendersonville, TN

We have audited the accompanying statement of financial position of United Way of Sumner County (a nonprofit organization) as of June 30, 2010, and the related statements of activities, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of United Way of Sumner County as of June 30, 2009 were audited by other auditors. Those auditors expressed an unqualified opinion on those financial statements in their report dated September 14, 2009.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Sumner County as of June 30, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

UNITED WAY OF SUMNER COUNTY
Notes to Financial Statements
June 30, 2010

Note 1. Summary of Significant Accounting Policies

A. Nature of Activities

United Way of Sumner County (the "United Way") adopted by-laws in April 1985. Its purpose is to bring together in one united appeal all possible contribution campaigns of the community's health, welfare and educational agencies. Additionally, United Way is committed to deploy financial support to agencies, to maximize the resources available for services aimed at the most urgent needs of the community, to muster community support and commitment and to manage its operation effectively. A campaign is held annually for contributions from donors in Sumner County which are then allocated as support to member agencies and other charities in Sumner County based on the recommendation of an allocation committee appointed by the board of directors.

B. Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

C. Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in its Statement of Financial Accounting Standards FASB ASC 958, *Financial Statements of Not-for-Profit Organizations*. Under those provisions, net assets and revenues, gains, and losses are classified based on the absence or existence and nature of donor-imposed restrictions as follows:

Unrestricted Net Assets – Net assets that are not subject to donor-imposed restrictions.

Temporarily Restricted – Net assets subject to donor-imposed restrictions that may or will be met, either by actions of United Way and/or the passage of time.

Permanently Restricted – Net assets subject to donor-imposed restrictions that do not expire with the passage of time and cannot be removed or fulfilled by United Way's actions. Permanently restricted net assets must be maintained by United Way in perpetuity.

There are no Permanently Restricted Net Assets for the year ended June 30, 2010.

D. Cash and Cash Equivalents

For purposes of the statement of cash flows, cash includes demand deposits and savings accounts. United Way had no cash equivalents at June 30, 2010.

E. Income Taxes

The Chapter is a nonprofit corporation that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

F. Property and Equipment

Fixed assets with a cost of \$500 or more and an estimated useful life of greater than one year are carried at cost if purchased or fair market value if donated. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, which vary from three to fifteen years.

G. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and

assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

H. Sick Pay and Vacation Accrual

Unused sick time can be accrued and carried forward from year-to-year up to a maximum of 90 days. Sick time is not paid upon termination and is not recorded on the financial statements. Vacation time is earned after 90 days of service. Five days can be carried forward from year-to-year. Vacation time is paid upon termination and has been accrued in the financial statements.

I. Pledges Receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at present value of their estimated future cash flows unless the value not discounted is immaterial to the financial statements as a whole. Conditional promises to give are not included as support until the conditions are substantially met. The allowance for pledges receivable is an amount established by management, based on historical trends and current information, for expected uncollectible pledges at June 30, 2010.

J. Revenue Recognition

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. If a restriction is fulfilled in the same time period in which the contribution is received, United Way reports the support as unrestricted. Otherwise, when a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

K. Contributed Assets and Services

United Way receives contributions for various publicity, advertising and special events from time to time. When these contributions meet the requirements for recognition in the financial statements, they are recorded at fair market value on the date of contribution.

Citizens of Sumner County donate many hours of their time to the United Way. These volunteer services neither create nor enhance non-financial assets nor do they require specialized skills, and thus are not recognized as support in the accompanying statement of activities.

L. Functional Expenses

The costs of proving the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated by management among the programs and supporting services benefited.

M. Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform to 2010 presentation.
