We have audited the accompanying statement of financial position of Cumberland River Compact, Inc. as of March 31, 2014, and the related statement of activities, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Cumberland River Compact, Inc. as of March 31, 2014, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Cumberland River Compact, Inc. (the "Organization") is a nonprofit organization incorporated in 1997 and located in Nashville, Tennessee. The Organization's mission is to enhance the health and enjoyment of the Cumberland River and its tributaries through education, collaboration and action. The Organization's income comes primarily from donations from individuals, foundations and companies as well as from government grants and private grants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

<u>Unrestricted net assets</u> – net assets that are not subject to donor-imposed stipulations.

<u>Temporarily restricted net assets</u> – net assets subject to donor-imposed restrictions that may or will be met, either by actions of the Organization and/or the passage of time. Restrictions that are fulfilled in the same accounting period in which the contributions are received are reported in the statement of activities as unrestricted. When a restriction expires in a period after the contributions are received, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

The amount for each of these classes of net assets is displayed in the statement of financial position and the amount of change in each class of net assets is displayed in the statement of activities. There were no permanently restricted net assets as of March 31, 2014.

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Organization considers all cash funds, cash bank accounts and highly liquid debt instruments, with an original maturity when purchased of three months or less, to be cash and cash equivalents. At March 31, 2014, the Organization had no cash equivalents.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Pledges Receivable

Contributions receivable are unconditional promises to give that are recognized as contributions when the promise is received. Contributions receivable that are expected to be collected in less than one year are reported at net realizable value. Contributions receivable that are expected to be collected in more than one year are recorded at fair value at the date of promise. That fair value is computed using a present value technique applied to anticipated cash flows. Amortization of the resulting discount is recognized as additional contribution revenue. Promises that remain uncollected more than one year after their due dates are written off unless the donors indicate that payment is merely postponed.

Accounting for Contributions

Contributions are recognized when received and are considered to be available for unrestricted use unless specifically restricted by the donor. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Accounts Receivable

The Organization considers accounts receivable to be fully collectible at year-end. Accordingly, no allowance for doubtful accounts has been recorded.

Grants Receivable

During the year ended March 31, 2014, the Organization had 6 reimbursement-type state and federal government grants. Grants receivable at March 31, 2014, consisted primarily of costs incurred on reimbursable grants that had not yet been reimbursed to the Organization.

Investments

Investments are stated at fair market value. Unrealized gains and losses as well as appreciation or depreciation in market value are reflected in the accompanying financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Property and Equipment

Property and equipment are recorded at cost to the Organization, or if donated, at the estimated fair market value at the date of donation. All depreciation is computed using the straight-line method based on the estimated useful life of the asset. Estimated useful lives are 10 years, 7 years, and 5 years for leasehold improvements, furniture, and computers and equipment, respectively.

The Organization's capitalization policy is to capitalize any expenditure over \$500. Expenditures for repairs and maintenance are charged to operations when incurred. Depreciation expense amounted to \$13,998, for the year ended March 31, 2014.

Expense Allocation

The costs of providing program services and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among program and supporting services based on actual or estimated time employees spend on each function.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

In-Kind Contributions and Expenses

During the year ended March 31, 2014, the Organization received donated services in the amount of \$28,810 for public relations services. These donated services are properly reflected in the statement of activities as in-kind contributions revenue and related marketing expenses at the fair value at the date of receipt.

Deferred Revenue

Program fees collected in advance of being earned have been included in the statement of financial position as deferred revenue. Such deferred revenue is recognizable within at least one year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Income Taxes

The Organization is a nonprofit organization exempt from income taxes under Section 501 (c) (3) of the Internal Revenue Code, and the Organization is classified as an organization that is not a private foundation as defined in Section 509(a) of the Internal Revenue Code.

In accordance with GAAP, management evaluates the Organization's federal and state income tax regulatory filing positions to identify uncertain tax positions for consideration of whether to record an accrued liability or disclose a potential liability. Management has not identified any material uncertain tax positions that require financial statement recognition as of March 31, 2014. The Organization's federal and state income tax and regulatory filings are subject to examination by the applicable taxing or regulatory authority generally for a period of three years after a return is filed. As of March 31, 2014, management considers the Organization's open tax years to include the returns filed for 2011, 2012, and 2013, as well as the returns that will be filed for 2014.

NOTE 2 - PLEDGES RECEIVABLE

Pledges receivable recorded for the Organization are unconditional promises to give and are based on commitments made by corporate and individual donors, including board members. In 2013, the Organization launched a campaign, "Expansion Campaign", to raise funds to support general operations. This campaign was continued during year ended March 31, 2014. As such, pledges received from this campaign are unrestricted donations. Pledges receivable at March 31, 2014 are due as follows:

Less than 1 year	\$274,000
1 year to 5 years	80,100
	\$354,100

As a result of this campaign, the Organization recognized and recorded a few significant expenditures in 2014 including \$136,236 for public relations services.
