Report on the Financial Statements

We have audited the accompanying financial statements of Gilda's Club Middle Tennessee, which comprise the statement of financial position as of June 30, 2020, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Gilda's Club Middle Tennessee as of June 30, 2020 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 - ORGANIZATION AND NATURE OF ACTIVITIES

Gilda's Club Middle Tennessee (the Organization) was organized in 1995 as a Tennessee not-for-profit corporation and became an affiliate of Cancer Support Community in 2009. The Organization provides evidence-based psychosocial emotional support for people living with cancer, their families and friends. Always free of charge, the Program includes a diagnostic distress screening, support groups, healthy living workshops and lectures, creative arts, children and teen programs, and social events. The Clinical Program Director ensures that all activities help members build essential emotional and social support as a necessary complement to medical care.

Individual gifts, corporate and foundation contributions, special events, and estate gifts are the major sources of support for the Organization.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Organization have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investments

Investments are held by a broker and consist of money market accounts, certificates of deposit, bonds, equities, and equity mutual funds. The money market accounts and certificates of deposit are carried at cash value plus accrued interest. Bonds, equities, and equity mutual funds are reported at quoted fair market value based on the last reported sale of the year on a national security exchange. Interest and dividends, as well as changes in unrealized gains and losses, are recognized in the statement of activities for the period.

Membership Rights

Purchased membership rights have been capitalized at acquisition cost and are being amortized by the straight-line method over the life of the agreement, which is five years.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

It is the Organization's policy to capitalize all property and equipment over \$1,000. Property and equipment acquisitions are recorded at cost. Donations of property and equipment are recorded as revenues at their estimated fair value. Such donations are reported as unrestricted revenues unless the donor has restricted the donated asset to a specific purpose. When depreciable assets are disposed of, the cost and related accumulated depreciation are removed from the accounts, and any gain (except on trade-in) or loss is included in the statement of activities for the period. A gain on trade-in is applied to reduce the cost of the new acquisition. Depreciation is provided over the estimated useful lives of the assets, ranging from five to fifty years, and computed on the straight-line method.

Beneficial Interest in Funds Held by Others

The Organization's beneficial interest in an agency endowment fund is recognized as an asset. Changes in the value of the fund are recognized in the statement of activities and distributions received from the fund are recorded as decreases in the beneficial interest and investment income.

Deferred Special Event income

Amounts received in advance for the sponsorships of special fundraising events are recorded as deferred revenues until the year of the event.

Income Taxes

The Organization is exempt from federal and state income taxes under Internal Revenue Code Section 501(c)(3) and the tax laws of the state of Tennessee.

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Donated Goods and Services

Donated goods are recorded at estimated fair value in the period the gift is received. Donated services are recognized if they create or enhance non-financial assets or the donated service requires specialized skills, was performed by the donor who possesses such skills, and would have been purchased by the Organization if not provided by the donor. Such services are recognized at fair value as support and expense in the period the services are performed.

PPP Loan

On January 30, 2020, the World Health Organization declared the COVID-19 outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The Organization received a loan in accordance with the Paycheck Protection Program (PPP) section of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). US GAAP provides organizations with two alternatives for reporting the loan and any future forgiveness: 1) proceeds can be treated as debt and future forgiveness recognized as income when the loan or any portion thereof is formally discharged; or 2) proceeds can be treated as a conditional contribution where they recognize a refundable advance and derecognize the liability, and recognize income, as the conditions for forgiveness are substantially met or explicitly waived. The Organization has elected to treat the PPP loan as debt.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

The following program and supporting services classifications are included in the accompanying financial statements.

Program services consist of activities relating to support and networking groups, lectures, workshops, and social events in a non-residential, home-like setting (clubhouse facility), provided free of charge to adults and children living with cancer and to their families and friends.

Management and general relates to the overall direction of the Organization. These expenses are not identifiable with a particular program or with fundraising but are indispensable to the conduct of those activities and are essential to the Organization. Specific activities include oversight, business management, budgeting, recordkeeping, financing, and other administrative activities.

Fundraising includes costs of activities directed toward appeals for financial support including special events. Other activities include the cost of solicitation and creation and distribution of fundraising materials.

Expenses that can be directly attributed to a particular function are charged to that function. Certain costs have been allocated among more than one program or activity based on objectively evaluated financial and non-financial data or subjective methods determined by management.

The costs of providing program services and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among program services and supporting services benefited. Such allocations are determined by management on an equitable basis.

The expenses that are allocated include the following:

Expense	Method of Allocation

Fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2) and the reporting entity's own assumptions about market participant assumptions (Level 3). The following table sets forth the Organization's major categories of investments measured at fair value on a recurring basis, by level within the fair value hierarchy as of June 30, 2020.

	Fair Value	Level 1	Level 2	Level 3

These rights allow for five years of annual fundraising golf tournaments at the Club and the right to limited use of the Club's facilities for the cultivation and solicitation of donors. The Organization has no equity or ownership or any other property interest in the Club. The Organization is amortizing the cost of the membership rights over the term of the agreement. On April 17, 2020, the Organization received a loan in the amount of \$149,765 in accordance with the PPP section of the CARES Act. Under this loan program, the Organization may be eligible for forgiveness of some portion of the loan up to 100%, if and when qualifying conditions are met. Accounting for the loan and any future forgiveness could have an impact on future financial reporting. As of June 30, 2020, management is actively monitoring qualifying conditions to maximize future loan forgiveness and has expended all the funds on potential qualifying costs as defined by the legislation. The unsecured note bears interest at the rate of 1.00% and matures on April 17, 2022. The Organization has elected to treat the PPP loan as debt in the financial statements.
