#### NOTES TO FINANCIAL STATEMENTS

## 1. ORGANIZATION AND NATURE OF BUSINESS

Mending Hearts, Inc., a Tennessee not-for-profit corporation (the "Organization"), was organized to assist women in Tennessee seeking to overcome drug addiction by providing transitional shelter, food, clothing, counseling and other necessities. The Organization's primary sources of revenue are grants from various other charitable organizations, charitable contributions and fees charged to residents.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Presentation**

The financial statements of Mending Hearts, Inc. have been prepared on the accrual basis of accounting. The financial statements reflect unrestricted, temporarily restricted, and permanently restricted net assets and activities. Net assets of the two restricted classes are created only by donor-imposed restrictions on their use. All other net assets, including board-designated amounts are reported as part of the unrestricted class. The Organization had no permanently restricted net assets at June 30, 2007.

## Concentration of Credit Risk

Typically, approximately forty to fifty percent of the Organization's revenue, (100% of its service fee revenue), is attributable to one source.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## **Promises to Give**

Unconditional promises to give are recognized as revenues in the period in which the promises are made. Conditional promises to give are recognized when the conditions on which they depend are substantially met. The Organization recognized no unconditional promises to give in 2008. Promises to give are recorded at their net realizable value and are expected to be collected in less than one year.

## **Property and Equipment**

Property and equipment are reported at cost. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Property and equipment are depreciated principally using the straight-line method over their estimated useful lives ranging from five years for furniture and equipment.

## NOTES TO FINANCIAL STATEMENTS

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Long-lived Assets**

The Organization periodically reviews the values assigned to long-lived assets to determine if any impairments are other than temporary. Management believes that the long-lived assets in the accompanying statements of financial position are appropriately valued.

## Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and nature of any donor stipulations that limit the use of the donated assets either on a temporary or permanent basis. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. If a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

#### **Functional Expense Allocation**

The costs of providing various program and supporting services have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### **Income Taxes**

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

## **Cash and Cash Equivalents:**

The Organization considers all highly liquid investments and certificates of deposits with original maturities of three months or less, to be cash equivalents.

#### NOTES TO FINANCIAL STATEMENTS

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## **Contributed Services**

During the year ended June 30, 2008, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization at the program facilities, but these services do not meet the criteria for recognition as contributed services.

## 3. LINE OF CREDIT

The Organization has a line of credit arrangement with a bank with a facility of \$25,000. Borrowings under the line bear interest at a rate of the prime rate as established by the lender plus one percent, which was 6% at June 30, 2009, and are secured by all assets of the Organization.

The balance at June 30, 2009 was \$24,548 due and payable on demand.

#### 4. NOTES PAYABLE TO OFFICERS

The Organization has unsecured notes payable to officers of the Organization which are due upon demand. The officers have agreed to allow the Organization to repay the debt as it is able to do so. There is no stated rate of interest; therefore imputed interest of six percent has been used at June 30, 2008.

#### 5. OPERATING LEASE COMMITMENT

As of December 1, 2006, the Organization entered into a one-year non-cancelable operating lease for its facility at 4302 Albion Street requiring rent of \$10,200 annually. As of January 1, 2008 the lease was renewed for an additional year requiring rent of \$10,800. As of April 2007 the Organization renewed the one-year non-cancelable lease for its facility at 1000 Avenue North requiring rent of \$18,000 annually. As of January 2008 the Organization renewed the one-year non-cancelable operating lease for its facility at 4305 Albion Street requiring rent of \$24,000 per year. Concurrently with the lease of the property at 4305 Albion, an option to purchase this property for \$170,000 was entered into by the Organization. The option will expire January 14, 2012 and increases the purchase price by three percent each year with the first increase April 1, 2007. This option required an \$8,000 non-refundable option fee and a further \$500 per month option fee paid concurrently with the rent. The option fees have been capitalized in other assets.
