NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Cumberland River Compact, Inc. (the "Organization") was incorporated under the laws of the State of Tennessee in the City of Nashville as a nonprofit organization in 1997. The Organization's mission is to enhance the health and enjoyment of the Cumberland River and its tributaries through education, collaboration and action. The Organization's revenue and support comes primarily from donations from individuals, foundations, and businesses, as well as from government grants and private grants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Unrestricted net assets are resources available to support operations. The only limits on the use of unrestricted net assets are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in it corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Board designated net assets is a subtype of unrestricted net assets. Board designated net assets are restricted for use, typically for long-term purposes, by the board. The board may remove the designation from its net assets at any time.

Temporarily restricted net assets are resources that are restricted by a donor for use for a particular purpose or in a particular future period. The Organization's unspent contributions are reported in this class if the donor limited their use, as are promised contributions that are not yet due. Contributions of property and equipment or cash restricted to acquisition of property and equipment are reported as temporarily restricted net assets if the donor has restricted the use of the property or equipment to a particular program. If donors specify a length of time over which the property or equipment must be used, the restrictions expire evenly over the required period. Absent that type of restriction for use, the Organization considers the restriction met when the assets are placed in service. When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from temporarily restricted to unrestricted net assets.

Permanently restricted net assets are resources whose use is limited by donor-imposed restrictions that neither expire by being used in accordance with a donor's restriction nor by the passage of time. The Organization has not recorded any permanently restricted net assets.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Organization considers all cash funds, cash bank accounts and highly liquid debt instruments, with an original maturity when purchased of three months or less, to be cash and cash equivalents.

Pledges Receivable

Contributions receivable are unconditional promises to give that are recognized as contributions when the promise is received. Contributions receivable that are expected to be collected in less than one year are reported at net realizable value. Contributions receivable that are expected to be collected in more than one year are recorded at fair value at the date of promise. That fair value is computed using a present value technique applied to anticipated cash flows. Amortization of the resulting discount is recognized as additional contribution revenue. Promises that remain uncollected more than one year after their due dates are written off unless the donors indicate that payment is merely postponed.

Accounting for Contributions

Contributions are recognized when received and are considered to be available for unrestricted use unless specifically restricted by the donor. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Accounts Receivable

The Organization considers accounts receivable to be fully collectible at year-end. Accordingly, no allowance for doubtful accounts has been recorded.

Grants Receivable

During the year ended March 31, 2015, the Organization had reimbursement-type state and federal government grants. Grants receivable at March 31, 2015, consisted primarily of costs incurred on reimbursable grants that had not yet been reimbursed to the Organization.

Investments

Investments consist of certificates of deposit with maturities on the dates of purchase exceeding three months. Certificates of deposit are valued at cost plus accrued interest, which approximates fair value due to the short-term nature of these investments.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are recorded at cost to the Organization, or, if donated, at the estimated fair market value at the date of donation. All depreciation is computed using the straight-line method based on the estimated useful life of the asset. Estimated useful lives are 10-39 years, 7 years, and 5 years for leasehold improvements, furniture, and computers and equipment, respectively. The Organization's capitalization policy is to capitalize any expenditure over \$500. Expenditures for repairs and maintenance are charged to operations when incurred.

Expense Allocation

The costs of providing program services and supporting services have been summarized on a functional basis in the schedule of functional expenses. Accordingly, certain costs have been allocated among program and supporting services based on actual or estimated time employees spend on each function.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

In-Kind Contributions and Expenses

During the year ended March 31, 2015, the Organization received in-kind contributions, valued at \$23,604, for public relations, education, and other services. These donated services are reflected in the statement of activities as in-kind contributions revenue. Donated services are included in related expense categories on the statement of activities or within property and equipment on the statement of financial position as appropriate.

Deferred Revenue

Program fees collected in advance of being earned have been included in the Statement of Financial Position as deferred revenue. Such deferred revenue is recognizable within one year.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Organization is a nonprofit organization exempt from income taxes under section 501(c)(3) of the Internal Revenue Code, and the Organization is classified as an organization that is not a private foundation as defined in Section 509(a) of the Internal Revenue Code. In accordance with GAAP, management evaluates the Organization's federal and state income tax regulatory filing positions to identify uncertain tax positions for consideration of whether to record an accrued liability or disclose a potential liability. Management has not identified any material uncertain tax positions that require financial statement recognition as of March 31, 2015. The Organization's federal and state income tax and regulatory filings are subject to examination by the applicable taxing or regulatory authority for the years ending March, 31, 2012, 2013, 2014, and 2015 generally for a period of three years after a return is filed.

Subsequent Events

Management has evaluated subsequent events through July 31, 2015, the date the financial statements were available to be issued.

NOTE 2 - CONCENTRATION OF CREDIT RISK

The Organization maintains its cash balances at one bank. The balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 at each institution. Cash in bank deposit accounts, at times during the year, may exceed federally insured limits. At March 31, 2015, the Organization had \$512,773 in excess of FDIC insured limits.

NOTE 3 - PROMISES TO GIVE

Promises to give recorded for the Organization are unconditional and are based on commitments made by corporate and individual donors, including board members. In 2013, the Organization launched the "Expansion Campaign" to raise funds to support general operations. This campaign was continued during year ended March 31, 2015. As such, pledges received from this campaign are unrestricted donations. Pledges receivable at March 31, 2015 are due as follows:
