INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Center of Hope
Columbia, Tennessee

We have audited the accompanying financial statements of the Center of Hope (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Center of Hope as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

CENTER OF HOPE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Center of Hope, Inc., formerly the Maury County Center Against Domestic Violence (Center of Hope), was organized in 1988 to aid victims of domestic and sexual violence and to educate the public about the problems of domestic and sexual violence and its causes. The Organization changed its name in December 2012. Among its purposes are:

- 1) to provide shelter, counseling, advocacy and other direct services to victims of domestic and sexual violence in or about Maury County;
- 2) to engage in community education to heighten public awareness if issues concerning domestic and sexual violence to change societal attitudes and institutions which promote and condone violence; and
- 3) to build and maintain a strong organization to deal with the problems of domestic and sexual violence.

Supportive services include fund raising, management and general expenses not directly identifiable to any program, but indispensable to these activities and to the Center of Hope's existence. A board of directors governs the Center of Hope.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with US generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the organization and changes therein are classified and reported as follows:

- Unrestricted Net Assets – Net assets that are not subject to donor-imposed stipulations.
- Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met, either by action of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.
- Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that must be maintained permanently by the Organization. Generally, the donor of these assets permit the organization to use all or part of the income earned on any related investments for general or specific purposes. Currently, there are no assets that meet this description.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Center of Hope considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. There were no cash equivalents at June 30, 2014.

CENTER OF HOPE
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as unrestricted contributions. The Center of Hope had no temporarily or permanently restricted net assets at June 30, 2014.

Donation of Property and Equipment

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. The Center of Hope reports these donations as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how these long-lived assets must be maintained, the Center of Hope reports expirations of donor restrictions when the donated assets are placed in service as instructed by the donor. The Center of Hope transfers temporarily restricted net assets to unrestricted net assets at that time.

Donated Services

The Center of Hope records donated services when they create or enhance a non-financial asset or for specialized skills provided by entities or persons possessing those skills that would be purchased if they were not donated.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair Values of Financial Instruments

Financial instruments of the Center of Hope include cash, short-term trade accounts receivable, and trade accounts payable. Management estimates that the fair value of all financial instruments at fiscal year-end does not differ materially from the carrying values of the financial instruments recorded in the accompanying statement of financial position.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the program and supporting services benefited.
